We guarantee you 100% to pass the exam. Make the tough decision to choose our itPass4sure Oracle 1Z0-1126-1 exam training materials please.

Oracle Guided Learning Project Management Foundations Associate - Rel 1 Sample Questions (Q78-Q83):

NEW QUESTION # 78

Which content library saves users time by keeping cloud configuration support, documentation, and "how-to" guidance easily accessible?

- **A. Oracle Content**
- B. Use Cases
- C. My Content
- D. Business Process Training

Answer: A

Explanation:

The Oracle Content library is a centralized repository in OGL that provides prebuilt resources, including cloud configuration support, official documentation, and "how-to" guides. This library is designed to save users time by offering readily accessible, standardized content. Business Process Training (option A) focuses on process education, My Content (option C) is for custom user-created content, and Use Cases (option D) target specific scenarios rather than broad configuration support. Oracle Content is the most efficient option for quick access to essential guidance.

NEW QUESTION # 79

From which sources of information, resources, and learning assets can you learn what you need to be successful in your OGL project?

- **A. Oracle Cloud Customer Connect, OGL Help Panel: Console Tours, OGL User Guide, and knowledge articles**
- B. Industry-oriented associations, consumer trade publications, and consumer/industry research journals
- C. Internet search results, professional associations, and consulting agency referrals

Answer: A

Explanation:

Official OGL sources like Oracle Cloud Customer Connect, OGL Help Panel, User Guide, and knowledge articles provide authoritative learning assets. Options A and B are generic and not OGL-specific.

NEW QUESTION # 80

Which meeting signals the start of the OGL project, sets the tone, and clarifies roles and responsibilities?

- A. Content sustainment
- B. Go live
- **C. Kickoff**
- D. Hypercare

Answer: C

Explanation:

The Kickoff meeting is the official starting point of an OGL project. It sets the tone by aligning the team on objectives, timelines, and expectations while clarifying roles and responsibilities for all stakeholders. Go live (option A) marks deployment, Content sustainment (option C) focuses on ongoing maintenance, and Hypercare (option D) is post-launch support. The Kickoff meeting is critical for initiating the project effectively.

NEW QUESTION # 81

What are the attributes of a successful OGL project's testing document?

- A. Includes people responsible for review and sign-off
- B. Is missing the status of development for each content item
- C. Is saved to your computer desktop

Answer: A

Explanation:

A successful OGL testing document must identify people responsible for review and sign-off to ensure accountability and completion. Saving to a desktop (option B) is irrelevant to success, and missing development status (option C) undermines tracking, making it a flaw, not an attribute.

NEW QUESTION # 82

Which phase includes publishing new and updated OGL content activities?

- A. Publish
- B. Update
- C. Prepare
- D. Test

Answer: A

Explanation:

The Publish phase is dedicated to publishing new and updated OGL content (option D), making it available in production after testing and updates. Test (option A) validates content, Prepare (option B) plans for changes, and Update (option C) modifies content—none involve deployment. Publish finalizes the cycle, ensuring users access the latest, approved guides, marking the culmination of prior efforts.

NEW QUESTION # 83

.....

itPass4sure is a very good website to provide a convenient service for the Oracle certification 1Z0-1126-1 exam. itPass4sure's products can help people whose IT knowledge is not comprehensive pass the difficult Oracle certification 1Z0-1126-1 exam.
