NEW QUESTION # 20

An organization has started a digital transformation programme, and wants to create a culture of innovation. This month, the CIO plans to deliver a presentation on how chatbots can improve the customer registration experience.

Which approach is the CIO using to support the programme?

- A. Establishing a mantle intelligence culture
- **B. Encouraging digital technology opportunities**
- C. Giving employees time for training and development
- D. Working with workflow and talent management

Answer: B

Explanation:

Encouraging digital technology opportunities is the approach that the CIO is using to support the programme of creating a culture of innovation. This means that the CIO is promoting and facilitating the exploration and adoption of new digital technologies that can create value for the organization and its customers. By delivering a presentation on how chatbots can improve the customer registration experience, the CIO is demonstrating how digital technology can enable innovation and enhance customer value.
