What's more, part of that LatestCram FCP\_FGT\_AD-7.6 dumps now are free: <https://drive.google.com/open?id=116SrBtTX0ngfne3t3-2qEzGvEdcQg4VH>

For the buyers who want to buy FCP\_FGT\_AD-7.6 Study Materials, some may have the concern of the security of website. We can tell you that if you buy the FCP\_FGT\_AD-7.6 exam dumps of us, and we ensure the safety of yours. We have the specialized technicians to maintain the website at times, therefore the safety of website is guaranteed, and if you indeed encounter some problem, just contact with our service staff, they will help you to solve the problem.

We provide the best resources for the preparation of all the FCP\_FGT\_AD-7.6 exams. We have curated guides for FCP\_FGT\_AD-7.6 certifications. FCP\_FGT\_AD-7.6 practice exam questions can be challenging and technical for sure. However, we have FCP\_FGT\_AD-7.6 certified experts who curated the best study and practice materials for passing the FCP\_FGT\_AD-7.6 exams with higher success rate. Our FCP\_FGT\_AD-7.6 answers are verified and up to date products will help you prepare for the FCP\_FGT\_AD-7.6 exams. All those professional who looking to find the best practice material for passing the FCP\_FGT\_AD-7.6 exams should consider checking out our test products for better understanding.

## Administrator Exam

In recent years, our FCP\_FGT\_AD-7.6 Test Torrent has been well received and have reached 99% pass rate with all our dedication. As a powerful tool for a lot of workers to walk forward a higher self-improvement, our FCP\_FGT\_AD-7.6 certification training continue to pursue our passion for advanced performance and human-centric technology. As a matter of fact, our company takes account of every client's difficulties with fitting solutions. As long as you need help, we will offer instant support to deal with any of your problems about our FCP - FortiGate 7.6 Administrator guide torrent. Any time is available; our responsible staff will be pleased to answer your questions.

### Fortinet FCP\_FGT\_AD-7.6 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none"><li>Routing: This section of the exam measures the skills of firewall administrators and covers the configuration of routing features on FortiGate devices. It includes defining and applying static routes for directing traffic within and outside the network, as well as setting up Software-Defined WAN (SD-WAN) to distribute and balance traffic loads across multiple WAN connections efficiently.</li></ul>
Topic 2	<ul style="list-style-type: none"><li>VPN: This section of the exam measures the skills of network security engineers and covers the configuration and deployment of Virtual Private Network (VPN) solutions. Candidates are required to implement SSL VPNs to grant secure remote access to internal resources and configure IPsec VPNs in either meshed or partially redundant topologies to ensure encrypted communication between distributed network locations.</li></ul>
Topic 3	<ul style="list-style-type: none"><li>Firewall policies and authentication: This section of the exam measures the skills of firewall administrators and covers the implementation and management of security policies. It involves configuring basic and advanced firewall rules, applying Source NAT (SNAT) and Destination NAT (DNAT) options, and enforcing various firewall authentication methods. The section also includes deploying and configuring Fortinet Single Sign-On (FSSO) to streamline user access across the network.</li></ul>
Topic 4	<ul style="list-style-type: none"><li>Deployment and system configuration: This section of the exam measures the skills of network security engineers and covers essential tasks for setting up a FortiGate device in a production environment. Candidates are expected to perform the initial configuration, establish basic connectivity, and integrate the device within the Fortinet Security Fabric. They must also be able to configure a FortiGate Cluster Protocol (FGCP) high availability setup and troubleshoot resource and connectivity issues to ensure system readiness and network uptime.</li></ul>
Topic 5	<ul style="list-style-type: none"><li>Content inspection: This section of the exam measures the skills of network security engineers and covers the setup and management of content inspection features on FortiGate. Candidates must demonstrate an understanding of encrypted traffic inspection using digital certificates, identify and apply FortiGate inspection modes, and configure web filtering policies. The ability to implement application control for monitoring and regulating network application usage, configure antivirus profiles to detect and block malware, and set up Intrusion Prevention Systems (IPS) to shield the network from threats and vulnerabilities is also assessed.</li></ul>

### Fortinet FCP - FortiGate 7.6 Administrator Sample Questions (Q19-Q24):

#### NEW QUESTION # 19

When FortiGate performs SSL/SSH full inspection, you can decide how it should react when it detects an invalid certificate. Which three actions are valid actions that FortiGate can perform when it detects an invalid certificate?  
(Choose three.)

- A. Block
- B. Allow
- C. Allow & Warning
- D. Block & Warning
- E. Trust & Allow

**Answer: A,B,E**

## NEW QUESTION # 20

Refer to the exhibit.

Priority	Details	Type	Action
1	ABC.Com	Application	Allow
2	Excessive-Bandwidth	Filter	Block

An administrator has configured an Application Overrides for the ABC.Com application signature and set the Action to Allow. This application control profile is then applied to a firewall policy that is scanning all outbound traffic. Logging is enabled in the firewall policy. To test the configuration, the administrator accessed the ABC.Com web site several times.

Why are there no logs generated under security logs for ABC.Com?

- A. The ABC.Com Type is set as Application instead of Filter.
- B. The ABC.Com Action is set to Allow.**
- C. The ABC.Com is hitting the category Excessive-Bandwidth.
- D. The ABC.Com is configured under application profile, which must be configured as a web filter profile.

**Answer: B**

Explanation:

When the action is set to Allow in an application override, traffic matching this override is allowed without generating security logs because it bypasses deeper inspection and blocking.

## NEW QUESTION # 21

Refer to the exhibit. Why did FortiGate drop the packet?

```
id=65308 trace_id=6 func=print_pkt detail line=5895 msg="vd-root:0 received a packet(proto=1, 10.0.1.10:21637
->10.200.1.254:2048) tun_id=0.0.0.0 from port3. type=8, code=0, id=21637, seq=2."
id=65308 trace_id=6 func=init_ip_session_common line=6076 msg="allocate a new session-00025d45, tun_id=0.0.0.
0"
id=65308 trace_id=6 func=vf_ip_route_input_common line=2605 msg="find a route: flag=04000000 gw=10.200.1.254
via port1"
id=65308 trace_id=6 func=fw_forward_handler line=738 msg="Denied by forward policy check (policy 0)"
```

- A. It matched the default implicit firewall policy.**
- B. It matched an explicitly configured firewall policy with the action DENY.
- C. It failed the RPF check.
- D. The next-hop IP address is unreachable.

**Answer: A**

Explanation:

The debug trace output shows that the packet was "Denied by forward policy check (policy 0)." In FortiGate, policy ID 0 corresponds to the default implicit deny policy. This means that if a packet does not match any configured firewall policies, it is denied by the default implicit policy.

## NEW QUESTION # 22

Refer to the exhibit, which shows a routing table.

Network	Gateway IP	Interfaces	Distance	Metric	Priority	Type
10.0.11.0/24	0.0.0.0	port4	0	0	0	Connected
10.0.12.0/24	0.0.0.0	port5	0	0	0	Connected
10.0.13.0/24	0.0.0.0	port6	0	0	0	Connected
100.65.0.0/24	0.0.0.0	port2	0	0	0	Connected
100.66.0.0/24	0.0.0.0	port3	0	0	0	Connected
172.20.1.0/24	100.66.0.254	port3	9	0	2	Connected
192.168.0.0/16	0.0.0.0	port1	0	0	0	Connected

An administrator wants to create a new static route so the traffic to the subnet 172.20.1.0/24 is routed through port2 only.

What are the two criteria that the administrator can use to achieve this objective? (Choose two.)

- A. The new static route must have the distance set to 9.
- B. The new static route must have the priority set to 3.
- C. The new static route must have the metric set to 1.
- D. The existing static route through port3 must have the distance set to 11.

**Answer: A,D**

### NEW QUESTION # 23

Refer to the exhibit. The administrator configured SD-WAN rules and set the FortiGate traffic log page to display SD-WAN-specific columns: SD-WAN Quality and SD-WAN Rule Name.

FortiGate allows the traffic according to policy ID 1 placed at the top. This is the policy that allows SD-WAN traffic. Despite these settings, the traffic logs do not show the name of the SD-WAN rule used to steer those traffic flows.

What could be the reason?

SD-WAN traffic log					
Application Name	Result	Policy ID	Destination Interface	SD-WAN Quality	SD-WAN Rule Name
YouTube	✓ Accept (8.08 kB / 27...)	1(DIA)	port2		
YouTube	✓ Accept (UTM Allowed)	1(DIA)	port2		
Facebook	✓ Accept (UTM Allowed)	1(DIA)	port1		
Facebook	✓ Accept (UTM Allowed)	1(DIA)	port1		
Facebook	✓ Accept (3.33 kB / 10...)	1(DIA)	port1		
YouTube	✓ Accept (44.63 kB / 2...	1(DIA)	port2		
CNN	✓ Accept (UTM Allowed)	1(DIA)	port1		
CNN	✓ Accept (UTM Allowed)	1(DIA)	port2		
CNN	✓ Accept (UTM Allowed)	1(DIA)	port2		

- A. There is no application control profile applied to the firewall policy.
- B. SD-WAN rule names do not appear immediately. The administrator must refresh the page.
- C. Destinations in the SD-WAN rules are configured for each application, but feature visibility is not enabled.
- D. FortiGate load balanced the traffic according to the implicit SD-WAN rule.

**Answer: D**

Explanation:

The SD-WAN traffic log does not display an SD-WAN rule name because the traffic is being forwarded by the implicit SD-WAN rule. If no explicit SD-WAN rule matches the traffic, FortiGate falls back to the default implicit rule, which balances traffic based on the configured strategy (such as volume or sessions). Since no explicit rule applied, the rule name field remains blank in the logs.

### NEW QUESTION # 24

.....

If you are worrying about that there is no enough time to prepare for FCP\_FGT\_AD-7.6 exam, or you can't find the authoritative study materials about FCP\_FGT\_AD-7.6 exam, but when you read this article, your worries will be deleted completely. The latest FCP\_FGT\_AD-7.6 exam review materials offered by our LatestCram will help you complete the FCP\_FGT\_AD-7.6 Exam Preparation in short time. We have the authority of the exam materials and experienced team with rich sense of responsibility. All that we have done is just to help you easily pass the FCP\_FGT\_AD-7.6 exam.
