What's more, part of that ITexamReview FCSS\_SDW\_AR-7.4 dumps now are free: [https://drive.google.com/open?id=1uCGT5RdA-EVj2Kuw\\_W-oHZpVXunzrO8q](https://drive.google.com/open?id=1uCGT5RdA-EVj2Kuw_W-oHZpVXunzrO8q)

By analyzing the syllabus and new trend, our FCSS\_SDW\_AR-7.4 practice engine is totally in line with this exam for your reference. So grapple with this chance, our FCSS\_SDW\_AR-7.4 learning materials will not let you down. With our FCSS\_SDW\_AR-7.4 Study Guide, not only that you can pass you exam easily and smoothly, but also you can have a wonderful study experience based on the diversified versions of our FCSS\_SDW\_AR-7.4 training prep.

## Fortinet FCSS\_SDW\_AR-7.4 Exam Syllabus Topics:

| Topic   | Details  |
|---------|--|
| Topic 1 | <ul style="list-style-type: none"><li>SD-WAN Troubleshooting: This part assesses the troubleshooting skills of network support specialists. Candidates should be able to diagnose and resolve issues related to SD-WAN rules, session behaviors, routing inconsistencies, and ADVPN connectivity problems to maintain seamless network operations.</li></ul> |
| Topic 2 | <ul style="list-style-type: none"><li>Rules and Routing: Targeted at network engineers, this section assesses the ability to configure SD-WAN rules and routing policies. Candidates will be tested on managing traffic flow and prioritization across the SD-WAN infrastructure.</li></ul>  |

|         |  |
|---------|--|
| Topic 3 | <ul style="list-style-type: none"> <li>• Configure Performances SLAs: Designed for network administrators, this part focuses on setting up performance Service Level Agreements (SLAs) within SD-WAN environments. Candidates must show proficiency in defining criteria to monitor and maintain network performance and reliability.</li> </ul> |
|---------|--|

## Take your Preparation to the Next Level with Actual FCSS\_SDW\_AR-7.4 Questions of ITexamReview

Before you really attend the FCSS\_SDW\_AR-7.4 exam and choose your materials, we want to remind you of the importance of holding a certificate like this one. Obtaining a FCSS\_SDW\_AR-7.4 certificate like this one can help you master a lot of agreeable outcomes in the future, like higher salary, the opportunities to promotion and being trusted by the superiors and colleagues. All these agreeable outcomes are no longer dreams for you. And with the aid of our FCSS\_SDW\_AR-7.4 Exam Preparation to improve your grade and change your states of life and get amazing changes in career, everything is possible. It all starts from our FCSS\_SDW\_AR-7.4 learning questions.

### Fortinet FCSS - SD-WAN 7.4 Architect Sample Questions (Q15-Q20):

#### NEW QUESTION # 15

Refer to the exhibit that shows an SD-WAN zone configuration on the FortiManager GUI.

Based on the exhibit, how will the FortiGate device behave after it receives this configuration?

- A. The configuration instructs FortiGate to allow ADVPN shortcuts for the tunnels of this SD-WAN zone.
- B. The configuration instructs FortiGate to choose an ADVPN shortcut based on SD-WAN information.
- **C. The configuration instructs FortiGate to establish shortcuts only when at least two members meet the SLA target.**
- D. The configuration instructs FortiGate to establish shortcuts only for overlay interfaces that meet the SLA target HUB1\_HC.

**Answer: C**

Explanation:

This is because the setting `minimum-sla-meet-members = 2` requires at least two SD-WAN zone members (in this case, HUB2-VPN1, HUB2-VPN2, and HUB2-VPN3) to pass the defined SLA health check (HUB1\_HC) before the FortiGate will establish ADVPN shortcuts. If fewer than two members meet the SLA, shortcuts will not be created.

### NEW QUESTION # 16

When you use the command `diagnose sys session list`, how do you identify the sessions that correspond to traffic steered according to SD-WAN rules?

- A. You identify sessions steered according to SD-WAN rules with the data `sdwan_service_id`.
- B. You identify sessions steered according to SD-WAN rules with the data `vwl_mbr_seq`.
- C. You cannot identify SD-WAN sessions. You must use the `sdwan.session` filter.
- D. You identify sessions steered according to SD-WAN rules with the flag `vwl`.

**Answer: A**

Explanation:

The `sdwan_service_id` field in the output of `diagnose sys session list` indicates that the session was selected based on an SD-WAN rule, allowing administrators to trace which SD-WAN service (rule) steered the traffic.

### NEW QUESTION # 17

Refer to the exhibit.

```
ike V-root:0:VPN1_0:9: received informational request
ike V-root:0:VPN1_0:9: processing notify type SHORTCUT_QUERY
ike V-root:0:VPN1_0:9: forward shortcut-query 5752810260829471092 6d5cdb5ceab1874d
74d/0000000000000000 192.2.0.1 10.0.1.101:2048->10.0.3.101 0 psk 64 ppk 0 ttl
32 nat 0 ver 2 mode 0 network-id 1
ike V-root:0:VPN1_1:0: route lookup oif 20 VPN1
qwy 192.168.1.4
ike V-root:0:share:0: tunnel lookup, tun-id=192.168.1.4
ike V-root:0:VPN1_3: forward shortcut-query 5752810260829471092 6d5cdb5ceab18
74d/0000000000000000 192.2.0.1 10.0.1.101->10.0.3.101 0 psk 64 ppk 0 ttl 31
ver 2 mode 0, ext-mapping 192.2.0.1:0, network-id 1
```

Which statement best describe the role of the ADVPN device in handling traffic?

- A. This is a spoke. The kernel received a shortcut request and forwards the query to another spoke.
- B. This is a hub that has received a query from a spoke and has forwarded it to another spoke.
- C. This is a hub in a dual-region topology. The remote hub tunnel ID is 10.0.2.101.
- D. This is a spoke that has received a shortcut query from another spoke and has forwarded the response to its hub.

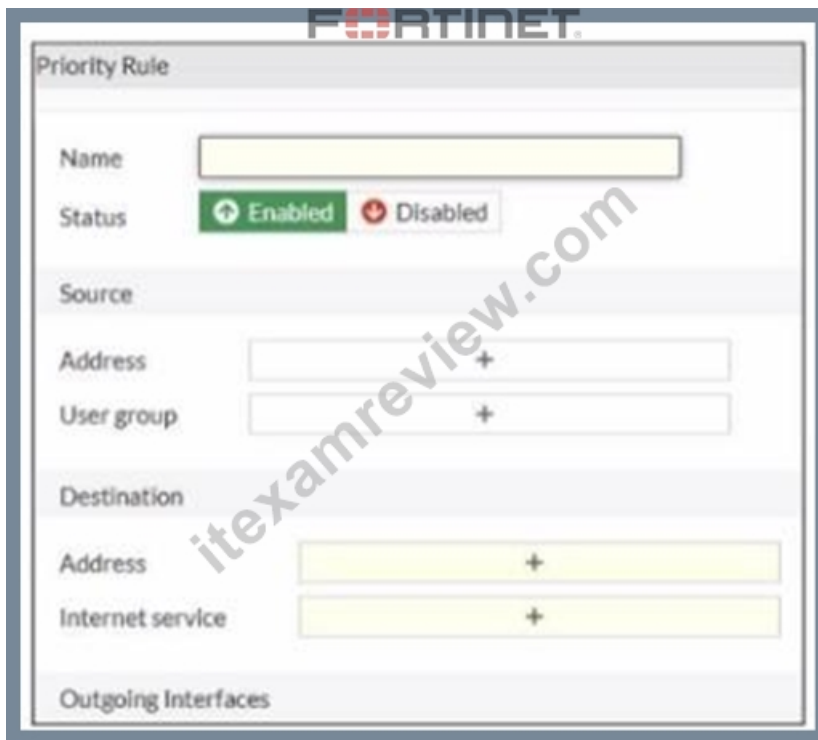

**Answer: D**

Explanation:

Within ADVPN topologies, shortcut requests and responses traverse spokes and hubs. Fortinet documentation states: "When a spoke receives a shortcut query from another spoke, it may forward the response to its hub for validation or to facilitate dynamic shortcut tunnel setup. This mechanism allows direct spoke-to-spoke communication for optimized routing and performance, reducing latency and offloading the hub after initial control-plane mediation." This is a core benefit of ADVPN's dynamic shortcut feature.

### NEW QUESTION # 18

Refer to the exhibit. An administrator configures SD-WAN rules for a DIA setup using the FortiGate GUI. The page to configure the source and destination part of the rule looks as shown in the exhibit. The GUI page shows no option to configure an application as the destination of the SD-WAN rule Why?

- A. FortiGate allows the configuration of applications as the destination of SD-WAN rules only on the CLI.
- **B. You cannot use applications as the destination when FortiGate is used for a DIA setup.**
- C. You must enable the feature first using the GUI menu System > Feature Visibility.
- D. You must enable the feature on the CLI.

**Answer: B**

#### NEW QUESTION # 19

The SD-WAN overlay template helps to prepare SD-WAN deployments. To complete the tasks performed by the SD-WAN overlay template, the administrator must perform some post-run tasks.

What are two mandatory post-run tasks that must be performed? (Choose two.)

- A. Configure routing through the overlay tunnels created by the SD-WAN overlay template.
- **B. Configure SD-WAN rules**
- C. Assign an `sdwan_id` metadata variable to each device (branch and hub)
- **D. Create policy packages and assign them to the branch devices.**
- E. Assign a hub id metadata variable to each hub device.

**Answer: B,D**

#### NEW QUESTION # 20

.....

There are three different versions for all customers to choose. The three different versions include the PDF version, the software version and the online version, they can help customers solve any questions and meet their all needs. Although the three different versions of our FCSS\_SDW\_AR-7.4 study materials provide the same demo for all customers, they also have its particular functions to meet different the unique needs from all customers. The most important function of the online version of our FCSS\_SDW\_AR-7.4 Study Materials is the practicality. The online version is open to any electronic equipment, at the same time, the online version of our FCSS\_SDW\_AR-7.4 study materials can also be used in an offline state.
