

SDS New Practice Questions - SDS Dump File

1 | Page

**SDS EXAM-NBRC NEWEST 2024-2025 ACTUAL EXAM
AND PRACTICE EXAM COMPLETE 400 QUESTIONS
AND CORRECT DETAILED ANSWERS (VERIFIED
ANSWERS) | ALREADY GRADED A+**

What is CMRR and what is it used for - ANSWER- **Common
Mode Rejection Ratio**
Filter unwanted electrical signals

Two other names for 60Hz artifact - ANSWER- **Line Filter
Notch Filter**

What terms describes the time in sec for a waveform to drop to 37% of its calculated amplitude - ANSWER- **Time Constant**

Maximum allowable impedance value - ANSWER- **5 KOhms**

Minimum digital resolution - ANSWER- **12 bits per sample**

A pt with Parkinsons disease is scheduled for an overnight sleep study. Which of the following disorders should the sleep tech expect to see during the study? - ANSWER- **CSA**

2026 Latest TestBraindump SDS PDF Dumps and SDS Exam Engine Free Share: <https://drive.google.com/open?id=17y0vYmBAZU2i4jpFW5AtsjNeDkcnZOxG>

Do you feel DASCA SDS exam preparation is tough? TestBraindump desktop and web-based online DASCA SDS practice test software will give you a clear idea about the final SDS Test Pattern. Practicing with the DASCA SDS practice test, you can evaluate your DASCA SDS exam preparation.

TestBraindump Senior Data Scientist (SDS) PDF exam questions file is portable and accessible on laptops, tablets, and smartphones. This pdf contains test questions compiled by experts. Answers to these pdf questions are correct and cover each section of the examination. You can even use this format of Senior Data Scientist questions without restrictions of place and time. This DASCA SDS Pdf Format is printable to read real questions manually. We update our pdf questions collection regularly to match the updates of the DASCA SDS real exam.

SDS dumps VCE, SDS dumps for free

As we all know, SDS certificates are an essential part of one's resume, which can make your resume more prominent than others, making it easier for you to get the job you want. For example, the social acceptance of SDS Certification now is higher and higher. If you also want to get this certificate to increase your job opportunities, please take a few minutes to see our SDS training materials.

DASCA Senior Data Scientist Sample Questions (Q19-Q24):

NEW QUESTION # 19

Which of the following is TRUE for Chief Data Monetization Officer (CDMO)?

- i. CDMO should focus on driving and deriving value from the organization's data and analytic assets.
- ii. The CDMO should own the organization's investment decisions with respect to data and analytics.
- iii. CDMO should have revenue and margin responsibilities.

- A. i, ii
- **B. All of the above**
- C. ii, iii

Answer: B

Explanation:

The Chief Data Monetization Officer (CDMO) is a C-level executive role emerging in data-driven organizations. Their focus is on turning data into business value and revenue growth.

Statement i: Correct. The CDMO is responsible for value realization from data and analytics investments.

Statement ii: Correct. The CDMO owns decisions around investment prioritization for data initiatives.

Statement iii: Correct. Since monetization is directly linked to business performance, the CDMO must be accountable for revenue and margin impact.

Hence, all three statements are correct, making the right answer Option C (All of the above).

DASCA Data Scientist Knowledge Framework (DSKF) - Data Leadership & Monetization Roles.

NEW QUESTION # 20

What is DevOps?

- A. Quality Assurance
- B. Software Operations
- **C. All**
- D. Software Development

Answer: C

Explanation:

DevOps is not just about coding (development) or system administration (operations). It is a holistic cultural and technical practice that unifies:

Software Development (Option A): Writing and building applications.

Software Operations (Option B): Deploying, monitoring, and maintaining systems in production.

Quality Assurance (Option C): Ensuring the reliability, security, and performance of applications through testing and automation.

Thus, DevOps encompasses all three dimensions, making the correct answer Option D (All).

NEW QUESTION # 21

Which of the following is NOT an example of the applications of neural networks?

- A. Stock market prediction
- B. Image compression
- C. None of the above
- D. Character recognition
- **E. Traveling salesman's problem**

Answer: E

Explanation:

Neural networks have been widely applied in various domains:

Option A (Character recognition): Correct application - neural networks are highly effective for OCR (Optical Character

Recognition).

Option B (Stock market prediction): Correct application - neural networks are used to model time-series and nonlinear patterns in finance.

Option D (Image compression): Correct application - neural nets (autoencoders) are used for dimensionality reduction and compression.

Option C (Traveling salesman's problem): NOT a typical neural network application. This is a combinatorial optimization problem usually solved with heuristics, dynamic programming, or optimization algorithms (not standard neural networks).

Thus, the correct answer is Option C (Traveling salesman's problem).

NEW QUESTION # 22

Bernoulli random variable is a type of

- A. Continuous random variable
- B. Both A and B
- **C. Discrete random variable**
- D. Sometimes Discrete or sometimes Continuous random variable

Answer: C

Explanation:

A Bernoulli random variable is the simplest form of discrete random variable.

It can take only two values:

1 with probability p (success).

0 with probability $(1 - p)$ (failure).

Since the outcomes are finite (binary), it is a discrete random variable.

Option B (Continuous): Incorrect, as continuous variables take values from an interval (e.g., real numbers).

Option C and D: Incorrect, as Bernoulli is always discrete, never continuous.

Thus, the correct answer is Option A (Discrete random variable).

NEW QUESTION # 23

Which of the following is TRUE for Business Metamorphosis?

- A. The Business Metamorphosis phase is where organizations integrate the insights that they captured about their customers' usage patterns, product performance behaviors, and overall market trends to transform their business models
- B. The Business Metamorphosis phase helps drive an organization's core business model through the analytic insights gathered as the organization traverses the Big Data Business Model Maturity Index
- **C. All of the above**
- D. Business Metamorphosis exercise can uncover Big Data requirements around decisions, analytics and data sources that can be leveraged to transform or metamorphose your organization's business model
- E. Both A and C

Answer: C

Explanation:

Business Metamorphosis is the most advanced phase in the Big Data Business Model Maturity Index (BDBMMI), where organizations fundamentally transform their business models through analytics-driven insights.

Option A: Correct. This phase helps organizations identify big data requirements related to decisions, analytics, and sources that drive business transformation.

Option B: Correct. Organizations integrate customer usage patterns, product behaviors, and market trends into their decision-making to redesign or innovate their business model.

Option C: Correct. Business Metamorphosis ensures that the core business model evolves continuously, guided by insights derived across maturity stages.

Since all are correct, the best answer is Option E (All of the above).

NEW QUESTION # 24

The TestBraindump wants to help students ace the certification exam preparation. To achieve this goal the TestBraindump is offering real, valid, and updated exam questions in three different formats. These DASCA SDS exam questions formats are PDF file, desktop practice test software, and web-based practice test software. All these three SDS Exam Practice question formats are easy to use. The SDS desktop practice test software and web-based practice test software both are the easy-to-use mock Senior Data Scientist (SDS) exam. These SDS mock exams are designed to simulate the conditions of a real exam.
