## 1Y0-205 Valid Exam Pattern, New 1Y0-205 Exam Papers

Work hard and practice with our Citrix 1Y0-205 dumps till you are confident to pass the Citrix 1Y0-205 exam. And that too with flying colors and achieving the Citrix Virtual Apps and Desktops Administration certification on the first attempt. You will identify both your strengths and shortcomings when you utilize Citrix 1Y0-205 Practice Exam software.

## Citrix Virtual Apps and Desktops Administration Sample Questions (Q25-Q30):

### NEW QUESTION # 25

Scenario: A Citrix Administrator is configuring the Citrix Workspace app to allow users to access their applications and desktops. Management requires that users can log on to the environment from any device without having to remember the server address. What should the administrator do to meet these requirements?

- A. Configure the Citrix Workspace app using a Group Policy Template File.
- B. Deploy and configure the Citrix Workspace app using scripts.
- C. Allow users to download the configuration from Citrix.com
- **D. Configure a DNS Service Record for the Citrix Workspace app.**

**Answer: D**

Explanation:

By configuring a DNS SRV record pointing to the StoreFront or Citrix Gateway address, users can log on to Citrix Workspace without manually entering a server address. This allows seamless access from any device while meeting management's requirement for ease of use.

### NEW QUESTION # 26

Scenario: A Citrix Administrator needs to power-manage a group of Server OS Virtual Delivery Agent (VDA) machines that are all in the same Delivery Group. The administrator needs all the machines to be restarted once a week during the weekend. Additionally, a subset of the machines should be restarted every day during non-peak hours. Which feature must the administrator change from the default values in order to fulfill the requirements?

- A. Restart duration
- **B. Tag restrictions**
- C. Weekday and weekend hours
- D. Peak and non-peak hours

**Answer: B**

Explanation:

Tag restrictions allow administrators to apply different power management schedules to subsets of machines within the same Delivery Group. By tagging certain Server OS VDAs, the administrator can configure weekly restarts for all machines and daily restarts for only the tagged subset during non-peak hours.

### NEW QUESTION # 27

Scenario: While using Citrix Studio to create a new Delivery Group, a Citrix Administrator does NOT see any machine catalogs listed, but does see an error message. The administrator successfully verified the presence of machine catalogs in the Machine Catalogs node of Citrix Studio. Which issue can cause this to happen?

- A. No machine catalog machines have been started.
- **B. There are no unassigned machine catalog machines.**
- C. The Virtual Delivery Agent (VDA) version is lower than 7.15 LTSR.
- D. The administrator has insufficient permissions to create the Delivery Group.

**Answer: B**

Explanation:

When creating a Delivery Group, Citrix Studio only displays machine catalogs that contain unassigned machines. If all machines in the catalog are already assigned, the catalog will not appear in the Delivery Group creation wizard, even though it is visible under the Machine Catalogs node.

### NEW QUESTION # 28

Scenario: A Citrix Administrator configures the 'Auto connect client drives' user settings to map client drives within the HDX session for all published desktops. The setting is configured in a Baseline Group Policy Object (GPO) and linked to an Organizational Unit (OU) that contains all of the published desktops. When a user launches the desktop, client drives are NOT mapped. What is a possible reason?

- A. Desktops need to be restarted for the policy to be applied.
- B. The GPO needs to be linked to the User OU.
- C. gpupdate /force needs to be executed on all of the machines.
- **D. Loopback processing is NOT enabled.**

**Answer: D**

Explanation:

User settings in a GPO linked to a machine OU only apply if loopback processing is enabled.

Since the "Auto connect client drives" setting is a user policy but applied at the desktop OU level, loopback processing must be enabled for the policy to take effect within the HDX sessions.

### NEW QUESTION # 29

A Virtual Delivery Agent (VDA) is unable to register with the Delivery Controller. Which three factors could be causing this issue? (Choose three.)

- **A. Time differences between VDA-enabled machines and the Domain Controller**
- B. Incorrectly configured reverse DNS lookups in a forest
- **C. Improperly configured firewalls**
- D. Incorrectly configured Citrix policy in Active Directory
- **E. Citrix ICA service NOT running**

**Answer: A,C,E**

Explanation:

Improperly configured firewalls can block communication between the VDA and Delivery Controller.

Time differences greater than 5 minutes between the VDA and Domain Controller can prevent Kerberos authentication, leading to registration failure.

The Citrix ICA service (BrokerAgent) must be running for the VDA to register; if stopped, registration will fail.

### NEW QUESTION # 30

.....

Our company is famous for its high-quality in this field especially for 1Y0-205 certification exams. It has been accepted by thousands of candidates who practice our study materials for their 1Y0-205 exam. In this major environment, people are facing more job pressure. So they want to get a certification rise above the common herd. How to choose valid and efficient 1Y0-205 Guide Torrent should be the key topic most candidates may concern.

**1Y0-205 Valid Exam Pattern:** <https://www.freecram.com/Citrix-certification/1Y0-205-exam-dumps.html>

We believe that our test-orientated high-quality 1Y0-205 exam questions would be the best choice for you, we sincerely hope all of our candidates can pass 1Y0-205 exam, and enjoy the tremendous benefits of our 1Y0-205 prep guide, Our Citrix 1Y0-205 latest study dumps will provide you an effective and cost-efficient way to practice and help you to become a certified professional in the IT industry, Our company has been engaged in compiling the 1Y0-205 test braindumps: Citrix Virtual Apps and Desktops Administration for nearly ten years, and we are proud to introduce our achievements of our exam products to you.
