### NEW QUESTION # 98

A veteran licensee always has a face-to-face meeting before he works with any buyer. What might be a good reason for this?

- A. To determine the buyer's ethnicity
- B. To look the buyer in the eye to see if the buyer is hiding anything
- **C. To build trust and rapport**
- D. To get the buyer's FICO score, credit report, and tax receipts

**Answer: C**

Explanation:

Under Maryland's agency law, a licensee must establish a relationship of trust, confidence, and loyalty with a client.

Meeting face-to-face helps the agent explain agency relationships, present the Understanding Whom Real Estate Agents Represent disclosure, and begin building rapport and confidence, which are critical in fiduciary relationships.

As emphasized in the Brokerage and Agency module, personal contact helps ensure informed consent and professional transparency-never to collect personal demographic or financial data outside proper procedures.

### NEW QUESTION # 99

Which of the following financing types involves the sale of personal property with the real property?

- A. Security
- **B. Package**
- C. Wrap-around
- D. Blanket

**Answer: B**

Explanation:

A package loan (package mortgage) finances both real property and personal property (chattels) together in a single loan-common with new homes that include appliances or furnishings. A blanket loan covers multiple parcels; a wrap-around is junior financing that "wraps" an existing loan; "security" is not a loan type but a general concept.

### NEW QUESTION # 100

What term refers to the profit from the sale of property that is subject to taxation?

- A. Equity
- B. Depreciation
- **C. Taxable gains**
- D. Deferral

**Answer: C**

Explanation:

Comprehensive and Detailed

A real property exchange, often called a 1031 exchange, allows investors to defer paying capital gains taxes when swapping one investment property for another of like kind. However, if the transaction does not meet IRS requirements or if "boot" (cash or non-like-kind property) is received, the gain becomes taxable. The Maryland course identifies taxable gains as the main drawback when the exchange fails to fully qualify for deferral.

- C. Continue to work with the client, but secretly consult with a commercial broker when he has questions.
- **D. Tell the client about his inexperience, but say that he'd like to continue the relationship and will consult with a professional commercial broker throughout the transaction.**

If a licensee lacks experience in a specialized area, they must disclose that fact to the client and either refer the client or seek assistance from a qualified professional-with the client's informed consent.
