Valid 1Z0-182 Test Sample & Examcollection 1Z0-182 Dumps

What's more, part of that Exam4PDF 1Z0-182 dumps now are free: https://drive.google.com/open?id=1WhFM5iioqz2R4RCPNM1RLmEg5sVbrSPh

The goal of a Oracle 1Z0-182 mock exam is to test exam readiness. Exam4PDF's online Oracle 1Z0-182 practice test can be accessed online through all major browsers such as Chrome, Firefox, Safari, and Edge. You can also download and install the offline version of Oracle 1Z0-182 practice exam software on Windows-based PCs only. You can prepare for the Oracle Database 23ai Administration Associate exam without an internet connection using the offline version of the mock exam. Oracle 1Z0-182 Practice Test not only gives you the opportunity to practice with real exam questions but also provides you with a self-assessment report highlighting your performance in an attempt.

Oracle 1Z0-182 Exam Syllabus Topics:

Topic	Details
Topic 1	• Displaying Creating and Managing PDBs: This section assesses the knowledge of Cloud Database Architects in creating pluggable databases (PDBs) from seeds or other techniques. It also covers modifying PDB modes and attributes to meet specific application requirements.
Topic 2	• Managing Storage: This section tests the knowledge of Storage Engineers in managing storage features such as resumable space allocation, segment space-saving, and block space management. It also includes defining segment characteristics to optimize storage utilization.
Topic 3	• Managing Tablespaces and Datafiles: This section assesses the abilities of Storage Administrators in creating, modifying, and describing tablespaces. It also covers recognizing data storage requirements and understanding datafile placement for efficient storage management.
Topic 4	• Automated Maintenance: This section measures the skills of Database Administrators in describing automated maintenance tasks within Oracle databases. It focuses on applying automated features to streamline routine maintenance activities.

Topic 5	• Managing Users, Roles, and Privileges: This domain evaluates the expertise of Security Administrators in implementing user security measures. It focuses on creating and managing users, roles, and privileges to ensure secure access to Oracle databases.
Topic 6	• Describe Oracle Database Architecture: This section of the exam measures the skills of Database Administrators and System Architects in understanding the Oracle database architecture. It covers the configurations of Oracle database instances, memory structures like SGA and PGA, and process structures such as background processes. It also explains the logical and physical database structures, including datafiles, control files, and redo log files.
Topic 7	• Managing Undo: This domain measures the skills of Database Administrators in using undo data effectively. It compares undo data with redo data and explains temporary undo usage for efficient transaction management.
Topic 8	• Moving Data: This section evaluates the expertise of Data Migration Specialists in moving data within Oracle databases. It includes using external tables, executing Oracle Data Pump operations, and distinguishing SQL*Loader commands for importing data efficiently.
Topic 9	• Describe Managing Database Instances: This section tests the knowledge of Database Administrators in performing essential tasks for managing database instances. It includes starting and shutting down databases, utilizing dynamic performance views, managing initialization parameter files, and using the Automatic Diagnostic Repository (ADR) for troubleshooting.

Examcollection Oracle 1Z0-182 Dumps & 1Z0-182 Exam Vce Format

We have an integrated system for you. We offer you free demo for 1Z0-182 exam braindumps before purchasing. And you can get the downloading link and password in ten minutes after your payment, therefore you can start your learning immediately. We also provide free update for one year after you purchase 1Z0-182 Exam Dumps. After you have purchased the exam dumps, we also have the after-service to solve any problems you have. You can consult your question about 1Z0-182 exam dumps to our online and offline service stuff.

Oracle Database 23ai Administration Associate Sample Questions (Q59-Q64):

NEW QUESTION # 59
Examine this command: ALTER DATABASE MOVE DATAFILE '/u01/sales01.dbf' TO '/u02/sales02.dbf'; Which two statements are true?

- A. Tables with one or more extents in this data file may be queried during the execution of this command.
- B. The "TO" clause containing the new file name must be specified even if Oracle Managed Files (OMF) is used.
- C. DML may be performed on tables with one or more extents in this data file during the execution of this command.
- D. It overwrites any existing file with the name sales02.dbf in /u02 by default.
- E. Compressed objects in sales01.dbf will be uncompressed in sales02.dbf after the move.

Answer: A,C

Explanation:
The ALTER DATABASE MOVE DATAFILE command relocates a data file to a new location while the database remains online, introduced in Oracle 12c and enhanced in subsequent releases like 23ai. Let's evaluate each option:
A . DML may be performed on tables with one or more extents in this data file during the execution of this command.True. The move operation is online by default in Oracle 23ai, allowing DML (INSERT, UPDATE, DELETE) operations on tables within the data file being moved. The database ensures consistency using redo and undo mechanisms.
B . It overwrites any existing file with the name sales02.dbf in /u02 by default.False. By default, the command does not overwrite an existing file unless the REUSE clause is specified (e.g., ALTER DATABASE MOVE DATAFILE ... REUSE). Without it, the command fails if the target file exists.

C . The "TO" clause containing the new file name must be specified even if Oracle Managed Files (OMF) is used.False. When OMF is enabled (via DB_CREATE_FILE_DEST), the TO clause is optional. If omitted, Oracle automatically generates a file name and places it in the OMF destination.

D . Compressed objects in sales01.dbf will be uncompressed in sales02.dbf after the move.False. The move operation is a physical relocation of the data file; it does not alter the logical structure or compression state of objects within it. Compressed data remains compressed.

E . Tables with one or more extents in this data file may be queried during the execution of this command.True. The online nature of the move allows queries (SELECT statements) to proceed without interruption, leveraging Oracle's multi-version consistency model.

NEW QUESTION # 60

Which two account management capabilities can be configured using Oracle profiles?

- A. The maximum amount of CPU time allowed for a user's sessions before their account is locked.
- B. The maximum number of sessions permitted for a user before the password must be changed.
- C. The number of days for which an account may be inactive before it is locked.
- D. The ability to prevent a password from ever being reused.
- E. The number of days for which an account may be logged in to one or more sessions before it is locked.

Answer: C,D

Explanation:
A .False. Session limits don't tie to password changes.
B .False. CPU limits don't lock accounts.
C .False. No direct "logged-in days" parameter.
D .True. PASSWORD_REUSE_MAX=UNLIMITED prevents reuse.
E .True. PASSWORD_LOCK_TIME sets inactivity lockout.

NEW QUESTION # 61

Which two statements are true about the UNLIMITED TABLESPACE system privilege and space quota?

- A. By default, users have no quota on their default permanent tablespace.
- B. It allows a user to have unlimited space only in their default permanent tablespace.
- C. It allows a role to have unlimited space in any tablespace in the database.
- D. It allows a user to have unlimited space in any tablespace in the database.
- E. It is overridden by a space quota specified for the user.

Answer: D,E

Explanation:
A .True. Grants unlimited space across all tablespaces.
B .True. Explicit quotas override the privilege.
C .False. Not limited to default tablespace.
D .False. Roles can't have this privilege directly.
E .False. Default is zero quota unless specified.

NEW QUESTION # 62

Which three statements are true about resumable space allocation in Oracle databases?

- A. The AFTER SUSPEND event trigger can itself be suspended due to space conditions.
- B. Resumable space allocation may be enabled for some sessions and not others.
- C. A user's session may be suspended even if the user has the UNLIMITED TABLESPACE system privilege.
- D. A user's session may be suspended and resumed multiple times.
- E. Resumable space allocation is only possible with locally managed tablespaces.
- F. All sessions must have the same timeout value when waiting for resumable space allocations.

Answer: B,C,D

Explanation:

A .True. Enabled per session with ALTER SESSION ENABLE RESUMABLE.
B .True. Multiple suspensions can occur in one session.
C .False. Works with dictionary-managed tablespaces too.
D .False. Timeout is session-specific.
E .True. Privilege doesn't prevent suspension; quota limits do.
F .False. Triggers execute but can't suspend themselves.

NEW QUESTION # 63

orcl.dmp contains a full export of the ORCL database. This command is executed to load data from orcl.dmp into the TESTDB database: [oracle@host01 ~] impdp system/oracle SCHEMAS=sh,oe REMAP_SCHEMA=sh:hr DUMPFILE=orcl.dmp EXCLUDE=index TABLE_EXISTS_ACTION=replace LOGFILE=impdp.log Which two statements are true?

- A. It skips all indexes of ORCL:SH and in both ORCL:SH and TESTDB:HR.
- B. It skips only tables that exist in ORCL:SH and ORCL:OE.
- C. It drops and re-creates tables that exist in both ORCL:SH and TESTDB:HR.
- D. It skips only indexes that exist in both ORCL:SH and TESTDB:HR.
- E. It drops and re-creates indexes that exist in both ORCL:SH and TESTDB:HR.

Answer: A,C

Explanation:
A .False. EXCLUDE=index skips all indexes, not re-creates them.
B .False. TABLE_EXISTS_ACTION=replace drops and re-creates tables.
C .True. EXCLUDE=index omits all indexes from import.
D .True. replace drops and re-creates existing tables.
E .False. Skips all indexes, not just overlapping ones.

NEW QUESTION # 64

......

Now we live in a highly competitive world. If you want to find a decent job and earn a high salary you must own excellent competences and rich knowledge. Under this circumstance, owning a 1Z0-182 guide torrent is very important because it means you master good competences in certain areas and can handle the job well. The 1Z0-182 exam prep we provide can help you realize your dream to pass exam and then own a 1Z0-182 exam torrent. Exam4PDF provide high pass rate materials that are compiled by experts with profound experiences according to the latest development in the theory and the practice so they are of great value. Please firstly try out our 1Z0-182 Exam Materials demo before you decide to buy our product. It is worthy for you to buy our 1Z0-182 exam preparation not only because it can help you pass the exam successfully but also because it saves your time and energy.
