Salesforce Certified Platform Sharing and Visibility Architect Sample Questions (Q39-Q44):

NEW QUESTION # 39

Universal Containers has implemented Customer Community with Customer Community Plus licenses for its distributors. Retail distributors have part-time agents who work for multiple distributors. Those agents should have access to other distributor accounts as well.

What should be configured to grant agents access to different distributor accounts?

- A. Create a sharing set to share distributor accounts with agents using account contact relationship.
- B. Create sharing rules to share distributor accounts with agents.
- C. Use Apex sharing to share distributor accounts with agents using the Account__Share table.

Answer: A

NEW QUESTION # 40

An architect from a previous project implemented Platform Shield Encryption for a company. However, based on a recent audit, the company's Privacy Team identified three additional fields in their Account Records (Billing Street, Billing City and Phone) that needs to be secure and protected.

How should an architect proceed with this new policy change?

- A. Use Classic Encryption to ensure all fields are protected and contact Salesforce for help with encryption verification.
- B. Use Encryption Policy and wait for an email from Salesforce indicating the field values are encrypted.
- C. Use Encryption Policy and contact Salesforce to update the existing records so that their field values are encrypted.

Answer: C

NEW QUESTION # 41

Universal Containers (UC) has affiliates who sell containers in countries where UC does not have a local office. UC uses a Partner Community to manage the sales cycle in those countries. One of its affiliates has grown substantially and restructured its internal sales team with the following structure: Sales VP -> Director of Sales -> Sales Manager -> Sales Reps. Sales Reps should not see each others' opportunities, and visibility of deals should open up within a Sales Rep's hierarchy.

What is the main problem an architect should address in this situation?

- A. The Channel Manager role cannot be shared with Partner Community.
- B. Partner Community does not support Role Hierarchy.
- C. Partner User roles are limited to three levels.

Answer: C

NEW QUESTION # 42

Sales reps at Universal Containers sometimes create large files as a part of the sales process that are too large to share over email. They would like users to be able to share files with customers, but the CISO has requested that any file links shared must be password-protected.

How can this be accomplished?

- A. Create a content delivery; during creation, the user should select the option to require 3 password to access content.
- B. Set up an Experience Cloud site for customers to access files and share the file with customers via Chatter. Customers can then log in to the site to access the content.
- C. Utilize an AppExchange product for delivering password protected files to customers

Answer: A

NEW QUESTION # 43

A junior account manager owns an account and creates a new opportunity to manage a complex deal. She needs the help of the product specialist and solution engineer. Given the size of this deal, she knows the account is likely to be reassigned to a senior account manager in the near future.

What is the optimal way for the junior account manager to share the opportunity, given the private sharing model?

- A. Manual share on the account
- **B. Opportunity Team**
- C. Manual share on the opportunity

Answer: B
