

SAP C-P2W62-2023 Test Fee & Reliable C-P2W62-2023 Real Exam

Question 1. (Single Select)

What must you set to ensure that the components automatically appear as sub-items in the order?

Options:

- A: The item usage during the item category determination of each sub-item
- B: The delivery group in the item category of the sub-item
- C: The material entry type in the sales document type
- D: The structure scope in the item category of the main item** ✓

Explanation:

The structure scope controls how a BOM is exploded in a sales order. When it is set correctly in the main item category, the system knows it must show components as sub-items. This helps sales users clearly see all parts of a product. It also ensures correct pricing, delivery, and processing. Without this setting, components may not appear automatically.
