I know that it is my job to make sure that everything goes well for the tourists and I feel I work hard for the company. I cannot be blamed for last week. I met the group 25 at the airport and took them to the coach. The coach driver was a bit annoyed because the flight was late. But it wasn't far to the hotel and everyone was looking forward to their dinner. We hadn't used the Hotel Riviera before but our normal one had a conference in it so was fully booked. When I announced our arrival at the reception desk, they said they were full I had booked rooms for the group but the manager said they were cancelled by phone a few days before. He insisted that he recognized my voice and that I had made the phone call. We had a bit of an argument but they obviously didn't have enough rooms. In the end the manager phoned other hotels in the town and found rooms for everyone but in four different hotels. By this time the coach had gone so we had to get taxis and some of the tourists started to get very angry with me. I still don't know who made that phone call but it definitely wasn't me.

1. What is the writer trying to do?
