

# Designing Cisco Enterprise Wireless Networks prep torrent & 300-425 study questions & Designing Cisco Enterprise Wireless Networks dumps pdf

BONUS!!! Download part of Dumpcollection 300-425 dumps for free: <https://drive.google.com/open?id=10CFpZ8ZyiRPfsk-2NpLpiWp1IA6Rpflj>

You will make progress and obtain your desired certification with our topping 300-425 exam dumps for we own the first-class quality as well as the first-class customer service online. We can promise that you will get the most joyful study experience. Our 300-425 learning guide is useful to help you make progress. Besides, the three version of 300-425 Test Quiz can be used in all kinds of study devices. Furthermore, the three version of 300-425 pass-sure torrent can promise your success on your coming exam.

Cisco 300-425 exam measures your knowledge and skills in different areas, including wireless site survey, wireless high availability, wireless infrastructure design, and wireless security. To pass 300-425 exam, you need to have a solid understanding of wireless networking concepts, Cisco wireless technologies and products, and the best practices for designing and implementing enterprise wireless networks. Additionally, you need to have hands-on experience in designing and deploying Cisco enterprise wireless networks.

Cisco 300-425 Exam is intended for network engineers, wireless engineers, network administrators, and other professionals who are involved in designing, implementing, and managing wireless networks in an enterprise environment. 300-425 exam tests the candidate's knowledge in various areas of wireless networking, including network design, site survey, deployment, security, and troubleshooting.

## What are the advantages of obtaining Cisco 300-425 Certification

Those who pass the Cisco exam with the help of **Cisco 300-425 Dumps** gain several benefits

- It is the first step for getting a Cisco certification and will lead to its other tiers.
- It has a relatively low cost and is a very popular certification.
- It helps with your career progression through different levels of Cisco certifications like CCENT, CCNA, CCDA, CCNP, and so on.
- The presence of this certification in your resume shows that you have good communication skills and IT knowledge.

- Certification would make you more available in networking jobs or companies that require Cisco certification.

## 300-425 Actual Exam, Training 300-425 Materials

While using this Cisco 300-425 practice exam software, you can easily customize your Cisco 300-425 mock exam conditions such as exam duration, number of questions, and many more. These Cisco 300-425 bear the closest resemblance to the actual 300-425 dumps that will be asked of you in the exam.

### Cisco Designing Cisco Enterprise Wireless Networks Sample Questions (Q232-Q237):

#### NEW QUESTION # 232

A customer asks an engineer to explain the concept of mobility domains and mobility groups. Which statement does the engineer respond with?

- A. If WLCs are in the same mobility domain, they communicate with each other. Mobility groups constrain the distribution of security context of a client and also constrain AP fail-over between controllers.
- B. If WLCs are in the same mobility domain, they communicate with each other but, if an anchor WLC is present it must be in the same mobility domain for communication to be possible.
- C. A mobility group does not constrain the distribution of security context of a client and also does not constrain AP fail-over between controllers when the WLC are in the same mobility domain.
- D. WLCs do not need to be in the same mobility domain to communicate with each other. Mobility groups constrain the distribution of security context of a client and also constrain AP fail-over between controllers.

**Answer: A**

Explanation:

Explanation

[https://www.cisco.com/c/en/us/td/docs/wireless/controller/8-0/configuration-guide/b\\_cg80/b\\_cg80\\_chapter\\_0100](https://www.cisco.com/c/en/us/td/docs/wireless/controller/8-0/configuration-guide/b_cg80/b_cg80_chapter_0100)

#### NEW QUESTION # 233

A wireless deployment in a high-density environment is being used by vendors to process credit card payment transactions via handheld mobile scanners. The scanners are having problems roaming between access points in the environment. Which feature on the wireless controller should have been incorporated in the design?

- A. 802.11w
- B. Application Visibility Control
- C. RX SOP
- D. AP Heartbeat Timeout

**Answer: C**

Explanation:

[https://www.cisco.com/c/en/us/td/docs/wireless/controller/8-5/configguide/b\\_cg85/advanced\\_wireless\\_tuning.html](https://www.cisco.com/c/en/us/td/docs/wireless/controller/8-5/configguide/b_cg85/advanced_wireless_tuning.html)

#### NEW QUESTION # 234

An engineer is designing a point-to-multipoint mesh network. Which two AP configurations must be completed for a site survey? (Choose two.)

- A. mesh on 2.4 GHz band
- B. bridge group name
- C. Tx power
- D. MAP hostnames
- E. Rx power

**Answer: C,E**

Explanation:

For a point-to-multipoint mesh network site survey, configuring the Rx power and Tx power is essential. Rx power will determine the sensitivity of the AP to incoming signals, which is crucial for understanding the reach of each mesh point. Tx power settings will influence the strength of the signals transmitted from the AP, affecting the network's overall coverage. References: Designing Cisco Enterprise Wireless Networks (ENWLSD 300-425)

#### NEW QUESTION # 235

A rapidly expanding company has tasked their network engineer with wirelessly connecting a new cubicle area with Cisco workgroup bridges until the wired network is complete. Each of 42 new users has a computer and VoIP phone. How many APs for workgroup bridging must be ordered to keep cost at a minimum while connecting all devices?

- A. 0
- B. 1
- **C. 2**
- D. 3

**Answer: C**

Explanation:

Explanation

• Number of 802.11b devices per AP: Cisco recommends that you have no more than 15 to 25

So, each AP will have 25 clients. Minimum 4 APs are sufficient.

#### NEW QUESTION # 236

As part of a wireless site survey in a hospital, an engineer needs to identify potential Layer 1 interferers. In which two areas is the engineer most likely to find sources of 2.4 GHz and 5 GHz RF noise? (Choose two.)

- A. magnetic resonance imaging
- B. patient room
- **C. kitchen**
- D. Gamma Knife radiation treatment
- **E. X-ray radiography**

**Answer: C,E**

Explanation:

In a hospital setting, the kitchen is a common source of 2.4 GHz RF noise due to the use of microwave ovens which operate on the same frequency. X-ray radiography equipment, while primarily using higher frequency ranges, can also contribute to RF noise in both the 2.4 GHz and 5 GHz bands due to electronic components and shielding inefficiencies. #### NEW QUESTION # 237

.....

There is no denying that no exam is easy because it means a lot of consumption of time and effort. Especially for the upcoming 300-425 exam, although a large number of people to take the exam every year, only a part of them can pass. If you are also worried about the exam at this moment, please take a look at our 300-425 Study Materials, whose content is carefully designed for the 300-425 exam, rich question bank and answer to enable you to master all the test knowledge in a short period of time.
