SAP C_THR89_2411 Exam Syllabus Topics:

Topic	Details
Topic 1	• Workforce Analytics Implementation Methodology: This topic offers a comprehensive overview of the SAP Activate methodology for implementation, focusing on key phases and steps. SAP consultants learn to identify and engage stakeholders effectively while fostering user adoption of new tools. These methodologies ensure smooth implementation and acceptance of Workforce Analytics solutions.
Topic 2	• Core Workforce and Mobility Specification Document: This topic highlights the role of specification documents in successful project planning. SAP consultants explore the key elements of a workforce mobility specification document and learn how to align these documents with business objectives during implementation. This ensures consistency and clarity in workforce mobility planning.
Topic 3	• Data Questionnaire and Data Standards: The topic provides SAP consultants with best practices for designing data questionnaires that collect meaningful insights. It also focuses on maintaining data consistency in reporting and interpreting collected data for decision-making. These competencies enable consultants to drive informed workforce strategies with reliable data.
Topic 4	• Workforce Analytics Reporting: SAP consultants gain expertise in creating tailored reports to address specific business needs. The topic also delves into effective data visualization techniques and configuring automated report generation and distribution. These skills empower consultants to deliver compelling and informative workforce reports for stakeholders.
Topic 5	• Workforce Analytics Fundamentals and Navigation: This topic guides SAP consultants in navigating the Workforce Analytics dashboard, exploring key features, and understanding critical workforce metrics. Emphasis is placed on accessing documentation and support resources to streamline troubleshooting processes. These skills are essential for consultants to manage and interpret data within Workforce Analytics.
