You can attempt multiple P3O Foundation Project Office2013 Exam (P3O-Foundation) exam questions on the software to improve your performance.

## PRINCE2 P3O Foundation Project Office2013 Exam Sample Questions (Q33-Q38):

### NEW QUESTION # 33

What is a portfolio, programme and project management standards office?

- A. Organization Portfolio
- **B. COE**
- C. Hub Portfolio
- D. Programme

**Answer: B**

Explanation:

The P3O Foundation (2013) manual defines the Centre of Excellence (COE) as the portfolio, programme, and project management standards office. Section 5.3.4 states, "The COE serves as the portfolio, programme, and project management standards office, providing guidance, best practices, and maturity support." This differs from the Organization Portfolio Office (A), Hub Portfolio (B),

and Programme (C), which have distinct roles. The 2013 edition highlights the COE's role in standardizing PPM practices, ensuring consistency across the P3O model. This supports organizational capability development.  
Reference: P3O Foundation (2013) manual, Section 5.3.4, AXELOS.

#### NEW QUESTION # 34

Which is NOT a way that tools are typically used?

- A. Connected
- B. Collaborative
- C. Integrated
- D. Individual

**Answer: A**

Explanation:

The P3O Foundation (2013) manual identifies integrated, collaborative, and individual as typical ways tools are used, but not "connected" as a distinct category. Section 6.2.1 states, "Tools are typically used in an integrated manner across functions, collaboratively by teams, or individually by single users, depending on organizational maturity." The term "connected" (B) is not defined as a usage mode; it may imply a technical link but lacks specific application in the P3O context. The 2013 edition focuses on these three usage patterns to align with P3M3 maturity levels, ensuring tools support PPM effectively. Options A, C, and D are explicitly recognized, making B the correct choice for an atypical use. This clarity aids in selecting appropriate tool strategies.  
Reference: P3O Foundation (2013) manual, Section 6.2.1, AXELOS.

#### NEW QUESTION # 35

What can be used to assess and document the current state of PPM functions?

- A. P3M3 assessments
- B. P3O vision
- C. Capacity planning for resource management
- D. Complexity modelling

**Answer: A**

Explanation:

The P3O Foundation (2013) manual identifies P3M3 assessments as the tool to assess and document the current state of PPM functions. Section 6.1.2 states, "P3M3 assessments are used to evaluate and document the current maturity and capability of PPM functions within an organization, providing a baseline for improvement." This differs from capacity planning (A), complexity modelling (B), or P3O vision (C), which serve other purposes. The 2013 edition highlights P3M3's role in benchmarking, supporting P3O's implementation by identifying gaps. This ensures a data-driven approach to enhancing PPM maturity.  
Reference: P3O Foundation (2013) manual, Section 6.1.2, AXELOS.

#### NEW QUESTION # 36

What types of office does a P3O typically consist of?

- A. Virtual and decentralized
- B. Permanent and transitioning
- C. Co-located and centralized
- D. Permanent and temporary

**Answer: D**

Explanation:

The P3O Foundation (2013) manual states that a P3O typically consists of permanent and temporary offices. Section 5.1.1 notes, "A P3O model typically comprises permanent offices, such as the Organization Portfolio Office, and temporary offices, such as Programme or Project Offices, to support the change lifecycle." This differs from transitioning (A), co-located/centralized (B), or virtual/decentralized (C), which describe specific configurations or states. The 2013 edition highlights this dual structure to address both ongoing and project-specific needs, ensuring flexible support across the organization.  
Reference: P3O Foundation (2013) manual, Section 5.1.1, AXELOS.

### NEW QUESTION # 37

What technique provides the benefit of checking the quality of the decision-support information being provided to the P3O?

- **A. Gated reviews**
- B. Business process swimlanes
- C. Capacity planning for resource management
- D. Management dashboards

**Answer: A**

Explanation:

Gated reviews provide the benefit of checking the quality of decision-support information, according to the P3O Foundation (2013) manual. Section 7.3.2 states, "Gated reviews offer an independent assessment to verify the quality and reliability of information used for P3O decision-making, ensuring governance standards are met." This contrasts with business process swimlanes (B), which map processes, capacity planning (C), which manages resources, and management dashboards (D), which visualize data. The 2013 edition highlights gated reviews as a key assurance technique, supporting P3O's role in maintaining high-quality decision support. This process enhances strategic alignment and risk management.
