Exam Oracle 1Z0-182 Passing Score | New 1Z0-182 Exam Discount

What's more, part of that TroytecDumps 1Z0-182 dumps now are free: https://drive.google.com/open?id=1VfiWvb-oxemsFhUALAEYmOILjLIwQuOh

The certificate is of significance in our daily life. At present we will provide all candidates who want to pass the 1Z0-182 exam with three different versions for your choice. APP version of our 1Z0-182 exam questions can work in an offline state. If you use the quiz prep, you can use our latest 1Z0-182 exam torrent in anywhere and anytime. How can you have the chance to enjoy the study with our 1Z0-182 Practice Guide in an offline state? You just need to download the version that can work in an offline state, and the first time you need to use the version of our 1Z0-182 quiz torrent online.

Oracle 1Z0-182 Exam Syllabus Topics:

Topic	Details
Topic 1	• Introduction to Performance: This section evaluates the expertise of Performance Analysts in summarizing Oracle database performance management techniques. It includes measuring database performance using SQL execution plans, directives, and advisors to ensure optimal system efficiency.
Topic 2	• Employ Oracle-Supplied Database Tools: This section evaluates the abilities of Database Engineers and Support Specialists in identifying and using Oracle-supplied tools for managing databases. It focuses on leveraging tools to monitor, troubleshoot, and optimize database performance effectively.
Topic 3	• Describe Managing Database Instances: This section tests the knowledge of Database Administrators in performing essential tasks for managing database instances. It includes starting and shutting down databases, utilizing dynamic performance views, managing initialization parameter files, and using the Automatic Diagnostic Repository (ADR) for troubleshooting.
Topic 4	• Managing Storage: This section tests the knowledge of Storage Engineers in managing storage features such as resumable space allocation, segment space-saving, and block space management. It also includes defining segment characteristics to optimize storage utilization.

Topic 5	• Describe Oracle Database Architecture: This section of the exam measures the skills of Database Administrators and System Architects in understanding the Oracle database architecture. It covers the configurations of Oracle database instances, memory structures like SGA and PGA, and process structures such as background processes. It also explains the logical and physical database structures, including datafiles, control files, and redo log files.
Topic 6	• Configuring Oracle Net Services: This section measures the skills of Network Administrators and Database Administrators in configuring Oracle Net Services. It includes identifying administration components, describing connection methods, and ensuring seamless communication between clients and databases.
Topic 7	• Moving Data: This section evaluates the expertise of Data Migration Specialists in moving data within Oracle databases. It includes using external tables, executing Oracle Data Pump operations, and distinguishing SQL*Loader commands for importing data efficiently.

1Z0-182 Actual Real Exam & 1Z0-182 Test Questions & 1Z0-182 Dumps Torrent

If you are still hesitating about whether you can get 1Z0-182 certification through the exam, we believed that our 1Z0-182 study materials will be your best choice, it will tell you that passing the exam is no longer a dream for you, and it will be your best assistant on the way to passing the exam. Tens of thousands of our customers have benefited from our 1Z0-182 Exam Braindumps and got their certifications. So you will as long as you choose to buy our 1Z0-182 practice guide.

Oracle Database 23ai Administration Associate Sample Questions (Q63-Q68):

NEW QUESTION # 63
Which three relationships between instances and Oracle databases are possible without using Multi-tenant?

- A. One instance on one server mounting and opening multiple databases.
- B. One instance on one server mounting multiple databases.
- C. Two or more instances on separate servers all mounting and opening the same database.
- D. One instance on one server that has no database mounted.
- E. One instance on one server mounting and opening one database.

Answer: C,D,E

Explanation:
A .False. One instance can't mount multiple DBs without multitenant.
B .True. RAC allows multiple instances to share one DB.
C .False. Same as A; not possible without CDB.
D .True. An instance can start in NOMOUNT with no DB.
E .True. Standard single-instance configuration.

NEW QUESTION # 64
Which two statements are true about Fine-Grained Auditing (FGA)?

- A. FGA policies can be created by a user having EXECUTE privilege on the DBMS_FGA package.
- B. FGA policies by default can be created by a schema owner on an object in their schema.
- C. FGA policies can be created by a user having granted the CREATE_FGA_POLICY role.
- D. FGA policies can be created by a user having the AUDIT_ADMIN privilege.
- E. FGA policies can only be created by a user with SYSDBA privilege.

Answer: A,D

Explanation:

A .False. Schema owners need EXECUTE on DBMS_FGA.

B .False. Not limited to SYSDBA.

C .True. AUDIT_ADMIN includes FGA creation rights.

D .False. No such role exists.

E .True. DBMS_FGA.ADD_POLICY requires this privilege.

NEW QUESTION # 65

Examine this command: ALTER DATABASE MOVE DATAFILE '\u01/sales1.dbf' TO '\u01/sales01.dbf' REUSE; Which two statements are true?

- A. The tablespace containing SALES1.DBF must be altered OFFLINE before executing the command.
- B. If Oracle Managed Files (OMF) is used, then the file is renamed but moved to DB_CREATE_FILE_DEST.
- C. DML may be performed on tables with one or more extents in this data file during the execution of this command.
- D. The tablespace containing SALES1.DBF must be altered READ ONLY before executing the command.
- E. The file is renamed and stored in the same location.

Answer: C,E

Explanation:

This command moves/renames a data file online. Let's evaluate:

A . DML may be performed on tables with one or more extents in this data file during the execution of this command.

True. Introduced in 12c and refined in 23ai, MOVE DATAFILE is an online operation, allowing DML (e.g., INSERT, UPDATE) on tables within the file. Oracle ensures consistency via redo and undo.

Mechanics:The file is copied to the new location/name while tracking changes, then switched atomically.

Practical Use:Minimizes downtime in production systems.

B . If Oracle Managed Files (OMF) is used, then the file is renamed but moved to DB_CREATE_FILE_DEST.

False. With OMF, omitting the TO clause would place the file in DB_CREATE_FILE_DEST, but here, TO '\u01/sales01.dbf' explicitly specifies the target, overriding OMF defaults.

Mechanics:OMF only applies if the destination is unspecified (e.g., MOVE DATAFILE ... without TO).

Why Incorrect:Explicit path trumps OMF behavior.

C . The tablespace containing SALES1.DBF must be altered READ ONLY before executing the command.

False. READ ONLY isn't required; the operation is online and supports active use.

Why Incorrect:Conflicts with Oracle's online move feature.

D . The file is renamed and stored in the same location.

True. The command renames /u01/sales1.dbf to /u01/sales01.dbf (correcting \u01 to /u01 as a Windows/Unix typo), keeping it in /u01/. REUSE allows overwriting if sales01.dbf exists.

Mechanics:File is copied and renamed in-place within the same filesystem directory.

E . The tablespace containing SALES1.DBF must be altered OFFLINE before executing the command.

False. Offline mode isn't needed; the online move handles activetablespaces.

NEW QUESTION # 66

Which statement regarding PDBs (Pluggable Databases) is correct?

- A. You can drop a PDB as long as it is not the PDB seed.
- B. When the relocation of a PDB is finished, the source PDB must be dropped.
- C. You can drop an application root along with the associated PDBs.
- D. You cannot drop a source PDB of a refreshable PDB.

Answer: A

Explanation:

A .True. Any PDB except PDB$SEED can be dropped.

B .False. Source PDBs of refreshable clones can be dropped after cloning.

C .False. Dropping an application root requires explicit handling of PDBs.

D .False. Relocation doesn't mandate dropping the source PDB.

NEW QUESTION # 67

Which three Oracle database space management features will work with both Dictionary and Locally managed tablespaces?

- A. Online table segment shrink.
- B. Automatic data file extension (AUTOEXTEND).
- C. Oracle Managed Files (OMF).
- D. Capacity planning growth reports based on historical data in the Automatic Workload Repository (AWR).
- E. Online index segment shrink.

Answer: B,C,D

Explanation:
Dictionary-managed tablespaces (DMTs) use the data dictionary for extent management, whilelocally managed tablespaces (LMTs) use bitmaps. Let's evaluate compatibility:
A . Capacity planning growth reports based on historical data in the Automatic Workload Repository (AWR).
True. AWR tracks space usage (e.g., DBA_HIST_TBSPC_SPACE_USAGE) regardless of tablespace type, enabling growth reports for both DMTs and LMTs.
Mechanics:MMON collects metrics like segment growth, stored in SYSAUX, accessible via EM or scripts.
Practical Use:Helps predict when to add data files, universal across management types.
B . Online table segment shrink.
False. ALTER TABLE ... SHRINK SPACE requires LMTs with Automatic Segment Space Management (ASSM), unavailable in DMTs, which lack bitmap-based free space tracking.
Why Incorrect:DMTs use freelists, incompatible with shrink operations.
C . Online index segment shrink.
False. Like tables, ALTER INDEX ... SHRINK SPACE requires LMTs with ASSM, not supported in DMTs.
Why Incorrect:Same limitation as B; DMTs can't compact online.
D . Oracle Managed Files (OMF).
True. OMF automates file naming and placement (via DB_CREATE_FILE_DEST) for both DMTs and LMTs, agnostic to extent management.
Mechanics:Example: CREATE TABLESPACE ts1; creates an OMF file in either type.
Edge Case:DMTs are rare in 23ai, but OMF still applies.
E . Automatic data file extension (AUTOEXTEND).
True. AUTOEXTEND ON allows data files to grow as needed, supported in both DMTs and LMTs since early versions.
Mechanics:ALTER DATABASE DATAFILE ... AUTOEXTEND ON NEXT 100M; works universally.

NEW QUESTION # 68

......

Our 1Z0-182 exam questions own a lot of advantages that you can't imagine. First of all, all content of our 1Z0-182 study guide is accessible and easy to remember, so no need to spend a colossal time to practice on it. Second, our 1Z0-182 training quiz is efficient, so you do not need to disassociate yourself from daily schedule. Just practice with our 1Z0-182 learning materials on a regular basis and everything will be fine.
