SỞ GIÁO DỤC & ĐÀO TẠO ĐẮK LẮK
TRƯỜNG THPT LÊ HỒNG PHONG

ĐỀ CHÍNH THỨC
(Đề có 3 trang)

KIỂM TRA, ĐÁNH GIÁ CUỐI KÌ I
NĂM HỌC: 2024 - 2025

MÔN: VẬT LÝ – Khối lớp 11

Thời gian làm bài: 45 phút, không kể thời gian phát đề

Họ tên thí sinh:Số báo danh: Mã đề thi 193

PHẦN I. Câu trắc nghiệm nhiều phương án lựa chọn. Thí sinh trả lời từ câu 1 đến câu 15. Mỗi câu hỏi thí sinh chỉ chọn một phương án.

Câu 1: Công thức nào sau đây dùng để tính cơ năng của vật dao động điều hòa?

- A. $W = \frac{1}{2}m\omega^2 A^2$ B. $W = \frac{1}{2}m\omega A^2$ C. $W = \frac{1}{2}m\omega x^2$ D. $W = \frac{1}{2}m\omega(A^2 - x^2)$

Câu 2: Để phân loại sóng ngang và sóng dọc người ta dựa vào

- A. tốc độ truyền sóng và bước sóng.
B. phương truyền sóng và tần số sóng.
C. phương dao động và phương truyền sóng.
D. năng lượng sóng và tốc độ truyền sóng.

Câu 3: Trong sự giao thoa sóng trên mặt nước của hai nguồn kết hợp, cùng pha. Những điểm dao động với biên độ cực tiểu có hiệu khoảng cách từ điểm đó tới hai nguồn có giá trị là ? (Với $k = 0, \pm 1, \pm 2, \dots$)

- A. $d_2 - d_1 = 2k\lambda$. B. $d_2 - d_1 = k\lambda$. C. $d_2 - d_1 = k\frac{\lambda}{2}$. D.

$d_2 - d_1 = \left(k + \frac{1}{2}\right)\lambda$.

Câu 4: Quãng đường sóng truyền đi được trong một chu kỳ gọi là

- A. tần số sóng. B. cường độ sóng. C. tốc độ truyền sóng. D. bước sóng.

Câu 5: Theo thứ tự bước sóng tăng dần thì sắp xếp nào dưới đây là đúng?

- A. Sóng vi ba, tia tử ngoại, tia hồng ngoại, tia X.
B. Tia tử ngoại, tia hồng ngoại, tia X, sóng vi ba.
C. Tia X, tia tử ngoại, tia hồng ngoại, sóng vi ba.
D. Tia hồng ngoại, tia tử ngoại, sóng vi ba, tia X.

Câu 6: Chu kỳ dao động là:

- A. Khoảng thời gian để vật đi từ bên này sang bên kia của quỹ đạo chuyển động.
B. Khoảng thời gian ngắn nhất để vật trở lại vị trí ban đầu.
C. Số dao động toàn phần vật thực hiện được trong 1s
D. Khoảng thời gian ngắn nhất để vật trở lại trạng thái ban đầu.

Câu 7: Khi có sóng dừng trên sợi dây có 1 đầu cố định và 1 đầu tự do thì chiều dài dây được tính bởi công thức:

- A. $l = \left(n + \frac{1}{2}\right) \cdot \frac{\lambda}{4}$ B. $l = \left(n + \frac{1}{2}\right) \cdot \frac{\lambda}{2}$ C. $l = n \cdot \frac{\lambda}{4}$ D. $l = n \cdot \frac{\lambda}{2}$

Câu 8: Khi nói về dao động cơ cưỡng bức, phát biểu nào sau đây là sai ?

- A. Tần số của dao động cưỡng bức bằng tần số của lực cưỡng bức.
B. Biên độ của dao động cưỡng bức càng lớn khi tần số của lực cưỡng bức càng gần tần số riêng của hệ dao động.

2025 Latest Prep4pass MB-330 PDF Dumps and MB-330 Exam Engine Free Share: https://drive.google.com/open?id=1xxYxEakOXyG8f_Fao6mF_ZqfRcNpGevj

Our MB-330 exam guide has high quality of service. We provide 24-hour online service. If you have any questions in the course of using the MB-330 exam questions, you can contact us by email. We will provide you with excellent after-sales service with the utmost patience and attitude. And we will give you detailed solutions to any problems that arise during the course of using the MB-330 practice torrent. And our MB-330 study materials welcome your supervision and criticism. With the company of our MB-330 study materials, you will find the direction of success.

If you also need to take the MB-330 exam and want to get the related certification, you can directly select our study materials. We can promise that our MB-330 study question has a higher quality than other study materials in the market. If you want to keep making progress and transcending yourself, we believe that you will harvest happiness and growth. So if you buy and use the MB-330 test dump from our company, we believe that our study materials will make study more interesting and colorful, and it will be very easy for a lot of people to pass their exam and get the related certification if they choose our MB-330 Test Dump and take it into consideration seriously. Now we are willing to introduce the MB-330 exam reference guide from our company to you in order to let you have a deep understanding of our study materials. We believe that you will benefit a lot from our MB-330 study question.

MB-330 Practice Guide Give You Real MB-330 Learning Dumps

As we all know, famous companies use certificates as an important criterion for evaluating a person when recruiting. The number of certificates you have means the level of your ability. MB-330 practice materials are an effective tool to help you reflect your abilities. With our study materials, you do not need to have a high IQ, you do not need to spend a lot of time to learn, you only need to follow the method MB-330 Real Questions provide to you, and then you can easily pass the exam. Our study material is like a tutor helping you learn, but unlike a tutor who make you spend too much money and time on learning.

Microsoft Dynamics 365 Supply Chain Management Functional Consultant Sample Questions (Q263-Q268):

NEW QUESTION # 263

A company uses Dynamics 365 Supply Chain Management and has a single legal entity.

The company manually creates and adds new items frequently. Many of these items require the same setup as existing items. The company requires a streamlined process to copy fields from another item upon creation and allow for other employees to use the same process.

You need to configure the simplified process.

What should you do?

- A. Create a personalization.
- B. Release the product master.
- C. Create a new product master.
- D. Create an item template.

Answer: C

Explanation:

Product masters

A product master is the starting point for any product configuration process. For the dimension-based product configuration, you need a product master with this configuration technology and a product dimension group that includes the configuration product dimension.

Dimension-based product configuration

Dimension-based product configuration represents a simple solution for creating many product variants from a single product master and its bill of materials.

NEW QUESTION # 264

You need to resolve the issue for UserC.

What should you do?

- A. Change the inventory status and run the replenishment process.
- B. Change the inventory status only.
- C. Create a transfer order and change the inventory status.
- D. Change the inventory status and complete a movement journal.

Answer: B

Explanation:

<https://docs.microsoft.com/en-us/dynamics365/supply-chain/inventory/quality-orders> Topic4, Adventure Works Cycles (Case 2)

Case study This is a case study. Case studies are not timed separately. You can use as much exam time as you would like to complete each case. However, there may be additional case studies and sections on this exam. You must manage your time to ensure that you are able to complete all questions included on this exam in the time provided.

To answer the questions included in a case study, you will need to reference information that is provided in the case study. Case studies might contain exhibits and other resources that provide more information about the scenario that is described in the case study. Each question is independent of the other questions in this case study.

At the end of this case study, a review screen will appear. This screen allows you to review your answers and to make changes before you move to the next section of the exam. After you begin a new section, you cannot return to this section.

To start the case study

To display the first question in this case study, click the button. Use the buttons in the left pane to explore the content of the case study before you answer the questions. Clicking these buttons displays information such as business requirements, existing environment, and problem statements. If the case study has an All Information tab, note that the information displayed is identical to the information displayed on the subsequent tabs. When you are ready to answer a question, click the button to return to the

question.

Background

Adventure Works Cycles is high-end bicycle manufacturer in North America. The company sells 40 standard models as well as 100 limited-edition models per year to boutique retailers domestically.

Adventure Works has had the most success with the limited-edition bicycles. These bicycles have high margins, high demand, and a strong following with the younger generation biking community.

Current environment

Technology

During a recent global pandemic, the sales of bicycles increased enormously. To support this growth, Adventure Works is going to invest in Dynamics 365 Supply Chain Management to standardize and streamline operations. Operations are currently managed with a custom enterprise resource planning (ERP) system and Microsoft Excel worksheets that address ERP product gaps.

Many processes are still maintained in Excel worksheets and then loaded into the ERP application.

Adventure Works wants to implement only those Dynamics 365 features that are areas of future investment for Microsoft, even if it means they implement fewer features.

Bicycles

Bicycle models can either be standard or made in a limited-edition release.

Bicycles are built based on a single item number that can have different sizes and frame styles. The sizes are XS, S, M, L, and XL.

The frame styles are Male, Female, and Unisex.

The size and frame style combinations have different prices and barcodes.

All other bicycle properties are informational only.

Information-only properties do not have standardization or validation, which makes it easy to mistype data during product entry and difficult to identify mistakes.

Some limited-edition bicycles are not properly marked as limited edition in the current product management system due to the yes/no key indicator defaulting to no. This causes significant issues with item searching and reporting on the different bicycle models.

Limited-edition bicycles

The most recent limited-edition models include integrated face mask holders and extra storage containers welded to the bicycle frame.

The bicycles are restricted to one purchase per retailer per week.

The bicycles are announced on social media and are available for sale to retailers on the same day they are announced.

Customers can buy the bicycles at retailers shortly after they are announced.

The bicycles are sometimes available only through charity auctions.

Sales

Due to the global pandemic, it is difficult to keep products in stock. Retailers are buying as much inventory as possible each week. Retailers email their sales to Adventure Works. The sales team in charge of each retailer manually enters the information into a shared Excel worksheet.

Retailers are required to submit one consolidated sales order by Wednesday every week so that the Adventure Works fulfillment team can organize and adjust sales order quantities based on availability.

Retailers are invoiced every three to five weeks. Adventure Works uses a manual process for invoicing.

The increased volume of purchases makes it difficult to keep up with invoicing.

To accommodate the demand for the Adventure Works limited-edition bicycles, the sales team enters orders for these items for fulfillment as soon as they appear on the SKU list.

Retailers can sometimes bypass Adventure Works order restriction policy. When this happens, it creates additional work for the fulfillment team.

Outbound

Finished bicycles are assigned a unique code to identify and track each bicycle.

Each bicycle that is picked for an outbound order is transferred to a quality control bench where it undergoes a 21-point mechanical inspection.

Bicycles that pass the mechanical inspection have their unique bicycle identification number recorded in the completed inspection list.

The number is also recorded in the shipping manifest for customers to be able to verify that the bicycle that was tested is the one that they received.

If a bicycle does not pass the mechanical inspection, the bicycle is moved to a quarantine location and another bicycle is picked and tested as a replacement for the order.

Inventory

Replenishment is simple but manual. It is currently all handled in Excel.

Every bicycle part for each standard model has a line in an Excel worksheet.

Adventure Works wants each storage space in the warehouse to be filled to capacity with the current products.

The team knows how many bill of materials (BOM) items can fit in the spaces without overflowing.

BOM items that make up the bicycles have different storage capacities.

Adventure Works uses Excel worksheets to make decisions about planned orders by period based on the supply and demand for finished bicycles.

Wheels

There are four types of wheels for all the bicycle models.

Customers often order a spare tire.

Wheels sometimes just disappear from the warehouse storage.

Adventure Works purchases wheels from only one manufacturer.

Master planning

There is no formal master planning process.

Replenishment activities occur weekly.

Requirements

Bicycles

All BOM items used the manufacturing process must be configured as unique products in Dynamics 365 Supply Chain Management.

The following manufactured bicycles' properties must be configured in Dynamics 365 Supply Chain Management:

- * Size: XS, S, M, L, XL

- * Frame style: Men, Women, Unisex

- * Limited edition: [Blank], No, Yes

- * Year: 2010-2020

- * Manufacturer's note: Free form text up to 250 characters

- * Rear suspension travel: 130 millimeters, 150 millimeters

- * Full suspension: No, Yes

Sales

Limited-edition bicycles must be systematically restricted to one bicycle per sales order. Overrides must not be allowed.

Retailers must automatically be invoiced once a month in a consolidated invoice for all delivered sales orders.

Limited-edition model bicycles must not be allowed for inclusion on sales orders until the bicycles' official release date.

Outbound

A bicycle's unique identification number must systematically be created as part of the standardized business process.

Bicycles must be pulled from a bin location in a First In, First Out (FIFO) inventory model and moved to a packing station.

Inventory

Overflow of any bicycle parts in the warehouse must be prevented, except for wheels.

System-generated recommendations to adjust Adventure Works' on-hand stock of wheels based on historical trends must be provided.

BOM items must be replenished before they run out. There must always be quantity available on-hand.

The system must maintain all inventory requirements through automated processes.

Master planning (MRP)

The tool that replaces the Excel worksheet must be able to show the supply and demand for the product family of finished bicycles and BOMs by period in a single screen. This single form screen will also be used for general supply and demand inquiry only and not require intensive processing tasks. Inquiries to this form may result in non-system decisions and not with creating any planned orders.

The tool must allow for the creation of new planned production, sales, purchase, and transfer orders.

The MRP solution must have the best performance possible and allow for planned orders to be run in the middle of the day.

Planned orders that will not be firmed must not be changed. Adventure Works wants to be able to reference the planned orders later against any manual orders created until they feel more comfortable with the system.

Once Adventure Works is comfortable with the numbers that the system recommends, Adventure Works wants to implement a mechanism to fully automate the generation of orders.

NEW QUESTION # 265

New order items arrive from vendors and come into a company's main warehouse.

You must set up internal transportation processes in Dynamics 365 for Finance and Operations to distribute goods to other locations.

You need to set up inbound orders through transportation management.

In which order should you perform the actions? To answer, move all actions from the list of actions to the answer area and arrange them in the correct order.

NOTE: More than one order of answer choices is correct. You will receive credit for any of the correct orders you select.

Actions

Confirm a load for shipping

Plan appointments for a load

Assign a rate and route to the inbound load

Register driver check-in and check-out for an appointment

Create or modify an inbound load for shipping

Answer Area

Answer:

Explanation:

Actions

Confirm a load for shipping

Plan appointments for a load

NEW QUESTION # 266

A company is implementing Dynamics 365 Supply Chain Management.

You need to determine which planning engine meets each business requirement.

Which planning engine should you use for each requirement? To answer, drag the appropriate planning engines to the correct

requirements. Each planning engine may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

Planning engines

Master planning only

Planning optimization only

Planning optimization and master planning

Requirement

Automatically firm orders based on the order date.

Calls an outside service to run for optimal performance.

Copies static to dynamic plans.

NEW QUESTION # 267

During a company's busy season, the sales team experiences multiple backorders.

The company wants to use forecasting to determine seasonal buying trends.

You need to define the setup and data set required for forecasting.

Which four actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

Actions

Select **Seasonality** Period key and End date.

Create a manual Demand forecast line for the total quantity to be allocated.

Set Method as **Key**.

Set Method as **Period**.

Select **Allocate** forecast.

Answer Area

Answer:

Explanation:

Actions	Answer Area
Select Seasonality Period key and End date.	Create a manual Demand forecast line for the total quantity to be allocated.
Create a manual Demand forecast line for the total quantity to be allocated.	Select Allocate forecast .
Set Method as Key .	Set Method as Period .
Set Method as Period .	Select Seasonality Period key and End date.
Select Allocate forecast .	

Explanation

Create a manual Demand forecast line for the total quantity to be allocated.
Select Allocate forecast .
Set Method as Period .
Select Seasonality Period key and End date.

NEW QUESTION # 268

.....

The aim of our design is to improving your learning and helping you gains your certification in the shortest time. If you long to gain the certification, our Microsoft Dynamics 365 Supply Chain Management Functional Consultant guide torrent will be your best choice. Many experts and professors consist of our design team, you do not need to be worried about the high quality of our MB-330 test torrent. Now our pass rate has reached 99 percent. If you choose our MB-330 study torrent as your study tool and learn it carefully, you will find that it will be very soon for you to get the Microsoft Dynamics 365 Supply Chain Management Functional Consultant certification in a short time. Do not hesitate and buy our MB-330 test torrent, it will be very helpful for you.

MB-330 Customizable Exam Mode: https://www.prep4pass.com/MB-330_exam-braindumps.html

And passing Microsoft certification MB-330 exam is not very simple, Passing updated MB-330 video lectures is very trouble-free now only if you prepare from Microsoft Dynamics 365 Supply Chain Management Functional Consultant from Brain dumps updated audio lectures and latest MB-330 dump because it guarantees success Get the Braindumps MB-330 updated audio training a complete package and do Prep4pass's MB-330 updated test papers along with MB-330 from Prep4pass's study materials online you will pass your MB-330 cbt for sure, In the beginning I didn't find any good preparation material for myself to get ready for the Microsoft Dynamics 365 MB-330 (Microsoft Dynamics 365) Exam.

Describe four data classification measurement scales, How to Use Segments Within a Report, And passing Microsoft certification MB-330 exam is not very simple.
