Acquia Certified Site Builder - Drupal 8 Sample Questions (Q15-Q20):

NEW QUESTION # 15

On a site you manage there is a contact form that works well for the Retail Sales unit, but the Commercial Sales manager doesn't want to receive submissions that are about retail products.

How can you solve this problem in Drupal?

- A. Add a new contact form for Commercial Sales inquiries, and update the Recipients list for each form to send submissions to the right people.
- **B. Add "Retail Sales" and "Business Sales" categories to the contact form, and set up a Recipients list for each category**
- C. Use an add-on module like Webform, since Core doesn't offer this feature
- D. Since there is only one Contact form, create a Content type with fields to collect the information Commercial Sales needs, and set permissions to allow anonymous users to create content

Answer: B

NEW QUESTION # 16

You've downloaded a new contributed module from drupal.org and added its code to your site's codebase. However, its functionality is not yet available on the site.

What remaining steps might you need to take to get this module working? Choose 2 answers

- **A. Verify that the module's code is in the correct location in the codebase**
- **B. Enable the module from the "Extend" page in the site's administrative user interface**
- C. Log in as an administrator and visit /admin/install/module-name to finish the installation.
- D. Contact the module maintainer to get your site authorized to use the module

Answer: A,B

NEW QUESTION # 17

You've downloaded a new contributed module from drupal.org and added its code to your site's codebase. However, its functionality is not yet available on the site.

What remaining steps might you need to take to get this module working? Choose 2 answers
