## Newest 1Z0-1050-24 Flexible Testing Engine - Pass 1Z0-1050-24 Exam

Knowledge about a person and is indispensable in recruitment. That is to say, for those who are without good educational background, only by paying efforts to get an acknowledged 1Z0-1050-24 certification, can they become popular employees. So for you, the 1Z0-1050-24 latest braindumps complied by our company can offer you the best help. With our test-oriented 1Z0-1050-24 Test Prep in hand, we guarantee that you can pass the 1Z0-1050-24 exam as easy as blowing away the dust, as long as you guarantee 20 to 30 hours practice with our 1Z0-1050-24 study materials.

## Oracle Payroll Cloud 2024 Implementation Professional Sample Questions (Q81-Q86):

### NEW QUESTION # 81

Your customer is using HCM Cloud Absence Management and wants to transfer absence information to Cloud Global Payroll so that it can be processed. Aside from creating your absence plan, which two steps do you need to complete in Cloud Global Payroll? (Choose two.)

- A. Manually enter the absence units in the employees' element entry
- B. **Create element eligibility for each absence element**
- C. Create an Absence Calculation Card to store the absence details
- D. **Create your absence elements**

**Answer: B,D**

Explanation:

Comprehensive and Detailed in Depth Explanation:

To transfer absence information from HCM Cloud Absence Management to Cloud Global Payroll, two key steps in Payroll are required: (1) "Create your absence elements" (D) to define the payroll elements linked to absence types, and (2) "Create element eligibility for each absence element" (B) to specify which employees qualify for these elements. Option A (Absence Calculation Card) is not a payroll component, and Option C (manual entry) is unnecessary as the integration automates data transfer via input values. This is detailed in the "Absence Integration with Payroll" section.

### NEW QUESTION # 82

You need to associate a worker to your customer's weekly payroll but the payroll field only displays values for the monthly and by-weekly payrolls.

Which two issues are the source of problem? (Choose two.)

- A. **You do not have the Manage Payroll Definition duty role.**
- B. The weekly payroll has not been created in the worker's legislative data group.
- C. **Your data role does not include a payroll security profile that includes the weekly payroll.**
- D. The weekly payroll has not been enabled for the worker's PSU.

**Answer: A,C**

### NEW QUESTION # 83

A line manager has hired a worker who will be paid on a weekly basis. What navigation path should the payroll user take to enter the weekly payroll details for the worker?

- A. Manage Work Relationship > Work Relationship Record
- **B. Manage Payroll Relationship > Assignment Record**
- C. Manage Payroll Relationship > Payroll Relationship Record
- D. Manage Work Relationship > Assignment Record

#### Answer: B

Explanation:

In Oracle Payroll Cloud, to enter payroll details (e.g., weekly payroll assignment) for a newly hired worker, the payroll user should navigate to Manage Payroll Relationship > Assignment Record (Option B). The Payroll Relationship defines the worker's payroll association, and the Assignment Record within it is where payroll-specific details, such as the weekly payroll definition, are assigned at the assignment level. Option A (Work Relationship Record) is for employment terms, not payroll specifics. Option C (Payroll Relationship Record) is too broad, as payroll details are managed at the assignment level within the relationship. Option D (Work Relationship > Assignment Record) is incorrect, as payroll details are managed under Payroll Relationship, not Work Relationship. Oracle documentation specifies this navigation for payroll setup.

### NEW QUESTION # 84

You have completed the setup of third parties and third-party payment methods for your company. However, you receive a notification that one of the third-party persons to whom an employee is making payment has changed his or her bank details. What action should you take to rectify this?

- A. Create a new third party and attach the new bank account details.
- B. Change the bank details on the involuntary deduction card.
- C. Correct the bank account details associated with the employee's personal payment method.
- **D. Search for the employee using the "Manage Third-Party Person Payment Methods" task and correct the bank details associated with the third-party person.**

#### Answer: D

Explanation:

In Oracle Payroll Cloud, third-party payments (e.g., garnishments or external payees) are managed separately from an employee's personal payment methods. When a third-party person's bank details change, the correction must be made using the "Manage Third-Party Person Payment Methods" task. This task allows you to search for the employee, locate the specific third-party person linked to their payroll, and update the bank details directly (Option B). Option A (involuntary deduction card) is incorrect because bank details for third parties are not maintained there; it's for deduction setup, not payment details. Option C (employee's personal payment method) is irrelevant, as this pertains to the employee's own payments, not third-party ones. Option D (creating a new third party) is unnecessary and inefficient, as the existing third-party record can simply be updated. This approach is outlined in Oracle's payroll payment management documentation.

### NEW QUESTION # 85

Which legislative data group (LDG) description is incorrect?

- **A. An LDG can be associated to multiple cost allocation key flexfield structures.**
- B. An LDG is associated with a legislative code and currency.
- C. An LDG marks a legislation in which payroll is processed.
- D. An LDG can contain many legal entities that act as payroll statutory units.

#### Answer: A

### NEW QUESTION # 86

.....

So for this reason, our Oracle 1Z0-1050-24 are very similar to the actual exam. With a vast knowledge in this field, Pass4Test always tries to provide candidates with the actual questions so that when they appear in their real Oracle 1Z0-1050-24 Exam they do not feel any difference.
