NEW QUESTION # 77

In addition to their Career Site Builder (CSB) site some customers also maintain career information on a site they host externally. The content of what type of page is most often hosted by a customer externally linked with their CSB site?

- A. Map page
- **B. Landing page**
- C. Content page
- D. Category page

Answer: B

Explanation:
Implement Advanced Analytics

NEW QUESTION # 78

What are some leading practices regarding the timing of the Advanced Analytics implementation?Note: There are 3 correct answers to this question.

- A. Advanced Analytics can be implemented when the applicant status set is created.
- **B. Implement Advanced Analytics immediately following the Career Site Builder site go-live.**
- **C. Even if Advanced Analytics is configured much later, Advanced Analytics reports contain data beginning when the Career Site Builder career site went live.**
- **D. The fields the customer wishes to report on do NOT need to be considered until the Advanced Analytics implementation has begun.**
- E. The steps to implement Advanced Analytics must be completed over two or more days.

Answer: B,C,D

Explanation:
Some leading practices regarding the timing of the Advanced Analytics implementation are:
Even if Advanced Analytics is configured much later, Advanced Analytics reports contain data beginning when the Career Site Builder career site went live. This means that you do not lose any historical data if you delay the Advanced Analytics configuration1.
Implement Advanced Analytics immediately following the Career Site Builder site go-live. This helps you to monitor the performance and effectiveness of your career site and optimize it based on the insights from the reports2.
The fields the customer wishes to report on do NOT need to be considered until the Advanced Analytics implementation has begun. This is because the Advanced Analytics reports are based on the applicant status set, which is already defined in the Recruiting Management module. You do not need to create any custom fields or mappings for the Advanced Analytics reports3.
