

Reliable ZDTA Test Braindumps | ZDTA Valid Exam Sample

ZSCALER DIGITAL TRANSFORMATION ADMINISTRATOR (ZDTA) CERTIFICATION EXAM QUESTIONS AND ANSWERS 100% CORRECT

Primary use of policies based on file types in Zscaler DLP - ANSWER-To protect data by allowing or blocking specific file types and activities.

Three levels of inspection used by Zscaler DLP for file type enforcement - ANSWER-Magic Bytes, Mime Type, and File Extension.

Reason for multiple levels of inspection for file types in Zscaler - ANSWER-To prevent users from bypassing policies by changing file extensions.

Predefined dictionaries in Zscaler DLP - ANSWER-Classifiers used to identify sensitive data like PCI, PII, and PHI data.

Example of a predefined dictionary used in Zscaler DLP - ANSWER-A credit card number dictionary.

Custom dictionary in Zscaler DLP - ANSWER-A dictionary created by customers using specific phrases, keywords, patterns, and regular expressions.

Use of custom dictionaries in Zscaler DLP - ANSWER-To protect documents with specific headers and footers like 'company-confidential' or 'internal-use only'.

Exact Data Match (EDM) in Zscaler DLP - ANSWER-A feature that matches specific data elements from a customer's structured data to trigger DLP policies.

How sensitive data is fed to Zscaler's EDM engine - ANSWER-By using an on-premises VM that indexes the data and sends hashes to the Zscaler cloud.

What happens to data fed into Zscaler's EDM engine - ANSWER-It is converted into hashes and tokens which are stored in the cloud.

Actions triggered by an EDM in Zscaler DLP - ANSWER-Actions based on exact matches of sensitive data elements, such as blocking or alerting on data exfiltration.

Support options available for troubleshooting in Zscaler - ANSWER-Self Help support, reporting capabilities, and support ticket raising.

In order to serve you better, we have a complete system for you if you choose us. We offer you free demo for ZDTA exam materials for you to have a try, so that you can have a better understanding of what you are going to buy. If you are quite satisfied with ZDTA exam materials and want the complete version, you just need to add them to cart and pay for it. You can receive the download link and password within ten minutes for ZDTA Training Materials, and if you don't receive, you can contact with us, and we will solve the problem for you. We also have after-service stuff, if you have any questions about ZDTA exam materials, you can consult us.

Zscaler ZDTA Exam Syllabus Topics:

Topic	Details
Topic 1	- Connectivity Services: This domain evaluates Network Security Engineers on configuring and managing connectivity essentials like device posture assessment, trusted network definitions, browser access controls, and TLS - SSL inspection deployment. It also includes applying policy frameworks focused on authentication and enforcement for internet access, private access, and digital experience.

Topic 2	Identity Services: This section of the exam measures skills of Identity and Access Management Engineers and covers foundational identity services including authentication and authorization protocols such as SAML, SCIM, and OIDC. Candidates should understand identity administration tasks and how to manage policies and audit logs within the Zscaler platform.
Topic 3	This section assesses Data Protection Officers on techniques to secure data across motion, SaaS, cloud, and endpoints using Zscaler's AI-driven data discovery and data protection technologies. It involves securing BYOD environments and understanding risk management to protect sensitive information.
Topic 4	Risk Management: This domain measures skills of Risk Managers and Security Architects in using Zscaler's comprehensive risk management suite. Candidates are expected to understand risk capabilities, dashboards, asset and financial risk insights, vulnerability management, deception tactics, identity protection, and breach prediction analytics.
Topic 5	Platform Services: This section measures skills of Cloud Infrastructure Engineers and focuses on the suite of Zscaler platform services. Key topics include advanced device posture assessments, TLS inspection mechanics, and the application of policy frameworks governing internet, private access, and digital experience services.

Quiz ZDTA - High Pass-Rate Reliable Zscaler Digital Transformation Administrator Test Braindumps

Our ZDTA study materials are constantly improving themselves. We keep updating them to be the latest and accurate. And we apply the latest technologies to let them applied to the electronic devices. If you have any good ideas, our ZDTA Exam Questions are very happy to accept them. ZDTA learning braindumps are looking forward to having more partners to join this family. We will progress together and become better ourselves.

Zscaler Digital Transformation Administrator Sample Questions (Q51-Q56):

NEW QUESTION # 51

What is the purpose of a Microtunnel (M-Tunnel) in Zscaler?

- A. To provide an end-to-end communication channel between ZCC clients
- B. To create an end-to-end communication channel to Azure AD for authentication
- **C. To create an end-to-end communication channel to internal applications**
- D. To provide an end-to-end communication channel to Microsoft Applications such as M365

Answer: C

Explanation:

The Microtunnel (M-Tunnel) in Zscaler is designed to create an end-to-end communication channel to internal applications. This tunnel facilitates secure and direct access from the client device to internal corporate applications without exposing the network or requiring traditional VPN infrastructure. The M-Tunnel is part of ZPA's mechanism to ensure secure, zero-trust access to private resources.

NEW QUESTION # 52

Which Risk360 key focus area observes a broad range of event, security configurations, and traffic flow attributes?

- **A. Prevent Compromise**
- B. Data Loss
- C. External Attack Surface
- D. Lateral Propagation

Answer: A

Explanation:

Prevent Compromise analyzes device and network telemetry - including security configurations, event logs, and traffic flows - to gauge how well you're blocking initial intrusion attempts and misconfigurations.

NEW QUESTION # 53

Which of the following are types of device posture?

- A. Domain Joined, Process Check, Deception Check
- B. Detect CrowdStrike, CrowdStrike ZTA score, First name
- C. Certificate Trust, File Path, Full Disk Encryption
- D. Unauthorized Modification, OS Version, License Key

Answer: C

NEW QUESTION # 54

When configuring Zscaler Private Access, what is the function of the Server Group?

- A. Maps FQDNs to IP Addresses
- B. Maps Applications to FQDNs
- C. Maps Applications to Application Groups
- D. Maps App Connector Groups to Application Segments

Answer: A

Explanation:

A Server Group holds the actual backend endpoints - defined by FQDNs (or IPs) and ports - and effectively maps those FQDNs to their IP addresses so ZPA knows which hosts to steer traffic toward.

NEW QUESTION # 55

Which of the following DLP Notification methods can be used to forward a copy of the data that triggered the DLP policy to the auditor?

- A. Email Notification Template
- B. Zscaler Client Connector pop-up message
- C. SMS Text Message via PagerDuty
- D. NSS Log Forwarding to SIEM

Answer: A

Explanation:

The Email Notification Template is the built-in mechanism for forwarding a copy of the exact content that triggered a DLP rule to your designated auditor via email.

NEW QUESTION # 56

.....

The passing rate of our ZDTA guide materials is high as 98% to 100% and you don't need to worry that you have spent money but can't pass the test. We can't list all the advantages with several words and please read the introduction of the features and advantages of our ZDTA training quiz in detail on the website. You will find that every button on the page is fast and convenient to use. And we also have the free demos of the ZDTA exam questions for you to download before purchase.
