Salesforce Certified Experience Cloud Consultant Sample Questions (Q176-Q181):

NEW QUESTION # 176

Zephyrus Relocation Services (ZRS) plans to build a portal for its partners. The portal needs to show company information and brand details on the Account Management page.

Which templates should ZRS consider to build the portal?

Choose 2 answers

- A. Build Your Own
- B. Help Center
- C. Customer service
- D. Partner Central

Answer: A,D

Explanation:

Partner Central and Build Your Own are two templates that ZRS can consider to build the portal for its partners. Partner Central is a template that is designed for managing partner relationships, such as recruiting, onboarding, training, and co-selling. Build Your Own is a template that allows you to create a custom site using Lightning Web Components and other web standards.

NEW QUESTION # 177

universal Containers UC maintains multiple customer-facing sites, but only one profile for all customer users.

Ho customer has access to more than one site.

which two steps should the UC admin take to grant access to each customer?

Choose 2 answers

- A. Select the profile for a given site.
- B. Create a permission set.
- C. Edit the applicable user profile.
- D. Select a permission set for a given site.

Answer: B,D

Explanation:

To grant access to each customer to only one site, UC should create a permission set and select a permission set for a given site. A permission set is a collection of settings and permissions that give users access to various tools and functions. UC can create a permission set for each site that specifies the site access and the object permissions for the customer users. UC can then select a permission set for a given site in the Experience Builder, which will assign the permission set to all new and existing users of that site.

NEW QUESTION # 178

Universal Containers (UC) is implementing a community for its retailers.

How can UC give retail store managers access to the records owned by their peers and subordinates?

- A. Email retail managers best practices on how to manually share data.
- B. Put retail managers in a manager role.
- C. Give retail managers Super User access.
- D. Set OWD to public, and manage access via Apex Sharing.

Answer: C

Explanation:

This option allows UC to give retail store managers access to the records owned by their peers and subordinates. Super User access is a feature that grants community users access to records that are owned by users who have the same role or a role below them in the role hierarchy. Super User access can be enabled for partner users or customer users with Customer Community Plus or Partner Community licenses2

NEW QUESTION # 179

Northern trail Outfitters has created a microsite digital experience for its Gold-Level VIP customers. The digital experience is not yet active.

The community manager would like to send welcome emails on a specific day, which include a promotion for participating in the community.

In which order should the community manager perform activation steps?

- A. Set the community to Active, and available profiles and permission sets to the Admin Workspace, and create a process to send the welcome emails.
- B. Add available profiles and permission sets to the Admin Workspace, enable Contacts as community users, set welcome emails to Enabled, and set the community to Active.
- C. Publish the community, which will send out the welcome emails.
- D. Set the Community to Active, and available profiles and permission sets to the Admin Workspace, enable Contacts as community users, and set welcome emails to Enabled.

Answer: B

Explanation:

The order in which the community manager should perform activation steps is A. To activate a site in Experience Cloud, you need to complete several steps, such as adding profiles and permission sets, enabling contacts as community users, setting welcome emails, and setting the site to active. The order of these steps is important, because some steps depend on others. For example, you need to add profiles and permission sets before you can enable contacts as community users, and you need to set welcome emails before you can set the site to active.

NEW QUESTION # 180

Universal Containers (UC) is building a new self-service site for its large global customer base. Customers will be posting questions, viewing Knowledge articles, downloading warranties, opening tickets, and registering their recent purchases. Purchases are stored in a custom object. UC has decided to use Customer Service template for the experience and Customer Community Plus license for the customers.

Which limitation could cause a potential issue for UC?

- A. Customer Community Plus license does not allow access to custom objects.
- B. Customer Community Plus license allows only up to 2 million users per org.
- C. Customer Service template does not allow record pages for custom objects out-of-the-box.
- D. Customer Service template does not allow downloading documents out-of-the-box.

Answer: B

Explanation:

Customer Community Plus licenses have a limit of 2 million users per org, which could be a potential issue for UC if they have a large global customer base that exceeds this limit. The other options are not limitations of the Customer Service template or the Customer Community Plus license.
