Fortinet EMEA-Advanced-Support Practice Mock - EMEA-Advanced-Support Latest Test Preparation

How our EMEA-Advanced-Support study questions can help you successfully pass your coming EMEA-Advanced-Support exam? The answer lies in the outstanding EMEA-Advanced-Support exam materials prepared by our best industry professionals and tested by our faithful clients. Our exam materials own the most authentic and useful information in questions and answers. For our EMEA-Advanced-Support practice material have been designed based on the format of real exam questions and answers that you would surely find better than the other exam vendors'.

Fortinet EMEA Advanced Support Exam Sample Questions (Q32-Q37):

NEW QUESTION # 32
What does the FortiGate 'set nat enable' command do in a firewall policy?

- A. Enables NAT for incoming traffic only
- B. Enables NAT for outgoing traffic
- C. Forces NAT to use a specific IP pool
- D. Disables NAT for the policy

Answer: B

Explanation:

The 'set nat enable' command in a FortiGate firewall policy enables Source NAT (SNAT) for outgoing traffic, typically rewriting the source IP to the FortiGate's interface IP or an IP pool. It does not disable NAT (B), force a specific pool (C), or limit to incoming traffic (D). Exact extract: "The 'set nat enable' command in a firewall policy enables Source NAT, rewriting the source IP address of outgoing traffic to the egress interface IP or a configured NAT pool."

NEW QUESTION # 33
Which of the following is a benefit of using FortiGate's Security Fabric?

- A. It reduces the need for firewall policies
- B. It automatically configures VLANs on FortiSwitches
- C. It enables centralized management of multiple Fortinet devices
- D. It increases the speed of IPsec VPN tunnels

Answer: C

Explanation:
The Fortinet Security Fabric provides a centralized management platform for multiple Fortinet devices (e.g., FortiGate, FortiSwitch, FortiAP), enabling coordinated security policies, telemetry sharing, and simplified administration. It does not directly speed up VPNs (B), reduce firewall policies (C), or auto-configure VLANs (D). Exact extract: "The Fortinet Security Fabric enables centralized management and visibility across Fortinet devices, allowing coordinated security policies and telemetry sharing for enhanced protection."

NEW QUESTION # 34
What happens when a FortiGate detects a SYN flood attack?

- A. It redirects traffic to a backup gateway
- B. It enables proxy-based inspection
- C. It drops all incoming packets
- D. It applies rate limiting to SYN packets

Answer: D

Explanation:
When FortiGate detects a SYN flood attack, it applies rate limiting to SYN packets via a DoS policy, dropping excessive packets to mitigate the attack. It does not drop all packets (A), enable proxy inspection (B), or redirect traffic (D). Exact extract: "FortiGate mitigates SYN flood attacks using DoS policies, which apply rate limiting to SYN packets to prevent overwhelming the system."

NEW QUESTION # 35
Which protocol is used by FortiGate to synchronize session tables in an HA cluster?

- A. FGCP
- B. BGP
- C. OSPF
- D. VRRP

Answer: A

Explanation:
The FortiGate Cluster Protocol (FGCP) is used to synchronize session tables, configuration, and state information between HA cluster members to ensure seamless failover. VRRP (B) is for router redundancy, OSPF (C) and BGP (D) are routing protocols, not used for HA synchronization. Exact extract: "FGCP synchronizes session tables, configurations, and state information between FortiGate HA cluster members to ensure continuity during failover."

NEW QUESTION # 36
Which FortiGate feature allows for dynamic routing protocol updates to be propagated through an IPsec VPN tunnel?

- A. Dynamic Routing Gateway
- B. Virtual Routing and Forwarding (VRF)
- C. Route-based VPN
- D. Auto Discovery VPN (ADVPN)

Answer: D

Explanation:
Auto Discovery VPN (ADVPN) in FortiGate enables dynamic routing protocols (e.g., OSPF, BGP) to propagate updates through IPsec VPN tunnels by automatically creating shortcut paths between spokes. This simplifies configuration and enhances scalability in hub-and-spoke topologies. Route-based VPN (D) supports routing but not dynamic discovery, VRF (C) is for segmentation, and Dynamic Routing Gateway (B) is not a standard Fortinet feature. Exact extract: "ADVPN allows dynamic routing protocols to be used over IPsec VPN tunnels, enabling spokes to discover and communicate directly via shortcuts, improving efficiency in hub-and-spoke setups."

NEW QUESTION # 37

......

In order to save you a lot of installation troubles, we have carried out the online engine of the EMEA-Advanced-Support latest exam guide which does not need to download and install. This kind of learning method is convenient and suitable for quick pace of life. But you must have a browser on your device. Also, you must open the online engine of the study materials in a network environment for the first time. In addition, the EMEA-Advanced-Support Study Dumps don't occupy the memory of your computer. When the online engine is running, it just needs to occupy little running memory. At the same time, all operation of the online engine of the EMEA-Advanced-Support training practice is very flexible as long as the network is stable.

EMEA-Advanced-Support Practice Mock: https://www.itdumpsfree.com/EMEA-Advanced-Support-exam-passed.html

You are only supposed to practice EMEA-Advanced-Support Practice Mock - Fortinet EMEA Advanced Support Exam guide torrent for about 20 to 30 hours before you are fully equipped to take part in the examination, If you like to take notes randomly according to your own habits while studying, we recommend that you use the PDF format of our EMEA-Advanced-Support study guide, The excellent quality of our EMEA-Advanced-Support exam dumps content, their relevance with the actual EMEA-Advanced-Support exam needs and their interactive and simple format will prove them superior and quite pertinent to your needs and requirements.

Key Terms sections in every tutorial and a comprehensive EMEA-Advanced-Support Latest Exam Pattern glossary at the end of the book, People are living longer, You are only supposed to practice Fortinet EMEA Advanced Support Exam guide torrent EMEA-Advanced-Support for about 20 to 30 hours before you are fully equipped to take part in the examination.

Pass Guaranteed EMEA-Advanced-Support - The Best Reliable Fortinet EMEA Advanced Support Exam Test Materials

If you like to take notes randomly according to your own habits while studying, we recommend that you use the PDF format of our EMEA-Advanced-Support Study Guide, The excellent quality of our EMEA-Advanced-Support exam dumps content, their relevance with the actual EMEA-Advanced-Support exam needs and their interactive and simple format will prove them superior and quite pertinent to your needs and requirements.

The pdf version is for you to print the EMEA-Advanced-Support dump pdf out and you can share your EMEA-Advanced-Support exam dumps with your friends and classmates, The price of Our EMEA-Advanced-Support practice guide is affordable, and you can always find that from time to time, we will give some promotion for our worthy customers.
