PL-200 Test Valid & PL-200 Reliable Study Guide

To keep with such an era, when new knowledge is emerging, you need to pursue latest news and grasp the direction of entire development tendency, our PL-200 training questions have been constantly improving our performance. Our working staff regards checking update of our PL-200 preparation exam as a daily routine. After you purchase our PL-200 Study Materials, we will provide one-year free update for you. Within one year, we will send the latest version to your mailbox with no charge if we have a new version of PL-200 learning materials.

Microsoft Power Platform Functional Consultant Sample Questions (Q175-Q180):

NEW QUESTION # 175

You are a consultant. A client asks you to remove several solutions in one of their Microsoft Dataverse environments. The client wants to know what effect removing the solutions will have on the rest of the system.

You need to explain the results of removing the solutions.

Which components be affected? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Solution description	Component or components removed
An unmanaged solution contains a custom table. The table is in a parent-child relationship with another table.	<div>The solution only.</div> <div>The solution and the lookup column.</div> <div>The solution, the table, and any data in the table.</div>
A managed solution patch contains an update to a column label. The column is used in several forms and views.	<div>The solution and the updated column label.</div> <div>The solution, the column, and any data in the column.</div> <div>The solution, the table, and the updated column label.</div>
A managed solution that was created by an independent solution provider (ISV) contains a custom table and changes to the site map.	<div>The solution only.</div> <div>The solution and the site map.</div> <div>The solution, the table, and any data in the table.</div>

Answer:

Explanation:

A managed solution that was created by an independent solution provider (ISV) contains a custom table and changes to the site map.	<div>The solution, the table, and any data in the table.</div>

NEW QUESTION # 176

You plan to automate several different processes by using Power Automate.

Each process has unique characteristics.

You need to recommend components for each process.

Which components should you recommend? To answer, drag the appropriate components to the correct processes. Each component may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

Components

- Attended UI flow
- Unattended UI flow
- Flow that uses a custom connector
- Flow that uses a prebuilt connector

Answer Area

Process

Access data from an internally created web application with basic REST API functionality as part of a nightly batch job.

Access data from a public web site with no API functionality for emails processed through an unmonitored queue.

Component

Component

Component

Answer:

Explanation:

Components	Process	Component
Attended UI flow	Access data from an internally created web application with basic REST API functionality as part of a nightly batch job.	Flow that uses a custom connector
Unattended UI flow		
Flow that uses a custom connector	Access data from a public web site with no API functionality for emails processed through an unmonitored queue.	Unattended UI flow
Flow that uses a prebuilt connector		

NEW QUESTION # 177

You plan to create a dataflow to import data into Microsoft Dataverse by using Power Query. The dataflow has the following requirements:

- * A table of aggregated data must be created in dataflow storage.
- * A unique identifier must be created for the table.

You need to configure the dataflow.

Which solutions should you use? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Requirement	Solution
Table of aggregated data	<ul style="list-style-type: none">Merge queryFact tableMerge queryLinked entityComputed entity
Unique identifier	<ul style="list-style-type: none">Key columnKey columnPivot columnAlternate key

Answer:

Explanation:

Requirement	Solution
Table of aggregated data	<ul style="list-style-type: none">Merge queryFact tableMerge queryLinked entityComputed entity
Unique identifier	<ul style="list-style-type: none">Key columnKey columnPivot columnAlternate key

NEW QUESTION # 178

A company uses Common Data Service to store sales data.

For the past few quarters, the company has experienced a decrease in sales revenue. The company wants to improve sales forecasting.

The company plans to use AI Builder to implement the solution. You select fields that will be used for prediction.

Which three actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

Actions

Export data from Common Data Service into Microsoft Excel

Train the category classification AI model by using Common Data Service data

Train the AI model by using data exported to Microsoft Excel

Publish the AI model

Use the model with Power Apps

Import the AI model analysis into Common Data Service

Train the prediction AI model by using Common Data Service data

Answer Area

Answer:

Explanation:

 Answer Area

Train the prediction AI model by using Common Date Service data
Publish the AI model
Use the model with Power Apps

1 - Train the prediction AI model by using Common Date Service data

2 - Publish the AI model

3 - Use the model with Power Apps

NEW QUESTION # 179

A company uses Power Apps.

You create a custom table and configure a child table relationship with the contact table.

You need to configure the cascading rules for each action.

Which behavior should you use? To answer, drag the appropriate behaviors to the correct actions. Each behavior may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

Behaviors	Answer Area	Action	Behavior
<input type="text" value="Restrict"/> <input type="text" value="Cascade All"/> <input type="text" value="Cascade None"/>		Custom table record is deleted. Custom table record is shared.	<input type="text"/> <input type="text"/>

Answer:

Explanation:

Behaviors	Answer Area	Action	Behavior
<input type="text" value="Restrict"/> <input type="text" value="Cascade All"/> <input type="text" value="Cascade None"/>		Custom table record is deleted. Custom table record is shared.	<input type="text" value="Restrict"/> <input type="text" value="Cascade All"/>

Explanation:

Behaviors	Answer Area	Action	Behavior
<input type="text" value="Restrict"/> <input type="text" value="Cascade All"/> <input type="text" value="Cascade None"/>		Custom table record is deleted. Custom table record is shared.	<input type="text" value="Restrict"/> <input type="text" value="Cascade All"/>

NEW QUESTION # 180

.....

As the captioned description said, our PL-200 practice materials are filled with the newest points of knowledge about the exam. With many years of experience in this line, we not only compile real test content into our PL-200 practice materials, but the newest in to them. Allowing for there is a steady and growing demand for our PL-200 practice materials with high quality at moderate prices, we never stop the pace of doing better. All newly supplementary updates will be sent to your mailbox one year long. And we shall appreciate it if you choose any version of our PL-200 practice materials for exam and related tests in the future.

PL-200 Test Valid: <https://www.exams4sures.com/Microsoft/PL-200-practice-exam-dumps.html>

You will find that we devote all our heart and soul to compiling exam materials and all practice materials of PL-200 exam simulation are the best, The candidates who are less skilled may feel difficult to understand the PL-200 questions can take help from these braindumps, The users will notice the above favorable qualities in the web-based Microsoft PL-200 practice test, Making to possible to take the PL-200 exam reading, questions and answers, with you at ease.

So, without further ado, let's demonstrate how to use and PL-200 manage Windows, This means you won't be able to create any new users, tables, stored procedures, and so on;

You will find that we devote all our heart and soul to compiling exam materials and all practice materials of PL-200 Exam simulation are the best, The candidates who are less skilled may feel difficult to understand the PL-200 questions can take help from these braindumps.

Realistic Test PL-200 Prep - Microsoft Power Platform Functional Consultant Test Valid Pass Guaranteed Quiz

The users will notice the above favorable qualities in the web-based Microsoft PL-200 practice test, Making to possible to take the PL-200 exam reading, questions and answers, with you at ease.

In our top PL-200 dumps these ways are discouraged.
