PRINCE2 7 Foundation written Exam Sample Questions (Q106-Q111):

NEW QUESTION # 106

Which is a purpose of the Directing a Project process?

- A. Provide sufficient information so that the current stage can be reviewed and the next Stage Plan approved

- B. Establish the level of control required by the Project Board after initiation
- C. Provide the information required to confirm if it is worthwhile to initiate a project
- D. Enable overall control of a project to be exercised by the Project Board

Answer: D

NEW QUESTION # 107

Which management level should approve a course of action if project-level tolerance is exceeded?

- A. Project manager
- B. Project board
- C. Corporate, programme management or the customer
- D. Team manager

Answer: C

Explanation:

If project-level tolerance is exceeded, the course of action must be approved at a level higher than the project board, typically by corporate, programme management, or the customer. This ensures that higher management levels are involved in decisions when significant variances that might impact project viability or strategic alignment occur.
