We provide you update checks for 365 days after purchase for absolutely no cost. And the Salesforce Certified Omnistudio Developer Plat-Dev-210 price is affordable.

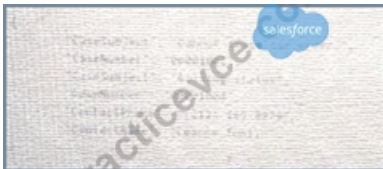

## Salesforce Certified Omnistudio Developer Sample Questions (Q11-Q16):

### NEW QUESTION # 11

Refer to the exhibit below. What JSON from the DRGetContactDetails action would display all six values correctly shown? BlkCases is a Repeat Block, and the names of the elements are the same as the label names without spaces.

• A.

• B.

- C.

- D.

**Answer: A**

Explanation:

According to the OmniScript Data JSON page, the OmniScript structure JSON defines the data elements and their properties that are used in an OmniScript. The exhibit shows an OmniScript structure JSON with six elements: ContactName, ContactPhone, ContactEmail, CaseNumber, CaseSubject, and CaseStatus. The DRGetContactDetails action is a DataRaptor Extract action that retrieves data from the Contact and Case objects in Salesforce. The BlkCases element is a Repeat Block that displays a list of cases related to the contact. Therefore, the JSON from the DRGetContactDetails action that would display all six values correctly shown is option A, which has the following structure:

The other options have different structures that do not match the OmniScript structure shown.

### NEW QUESTION # 12

A developer is building an OmniScript and needs to save to Salesforce and to an AWS Order Management system. Which OmniScript element could save all of this data?

- A. Integration Procedure Action
- B. HTTP Action
- C. DataRaptor Post Action

- D. DataRaptor Load Action

**Answer: A**

Explanation:

An Integration Procedure Action can execute an Integration Procedure that contains multiple elements, such as DataRaptor Actions, HTTP Actions, or other Integration Procedure Actions. This can be used to save data to multiple systems, such as Salesforce and AWS Order Management, in one OmniScript element.

### NEW QUESTION # 13

A developer needs to use the CONTIF function to process data entered by the user in an OmniScript. The output of the function needs to be displayed to the user immediately in the current step.

Based on best practice, what element should the developer use this function in?

- A. A Set Values element
- B. A Range element
- C. A Calculation Action element
- **D. A formula element**

**Answer: D**

Explanation:

A formula element allows the developer to define formulas using functions and operators to manipulate data in an OmniScript. The output of the formula element can be displayed to the user immediately in the current step using a display element. The CONTIF function counts how many times a value appears in a list. A Calculation Action element executes a calculation procedure and returns the output as a JSON object. A Set Values element assigns values to variables or fields in an OmniScript. A Range element defines a range of values for a variable or field in an OmniScript. Based on best practice, a formula element is the most suitable element to use the CONTIF function in this scenario.

### NEW QUESTION # 14

Which calculation procedure version in the list would execute on 2/15/2020 at 12:00 PM?

	Calculation Procedure Version Name	Version Number	Enable	Start Date Time	End Date Time	Priority
1	bundlePriceQuote v1	1	<input type="checkbox"/>	1/1/2020, 12:00 AM	4/1/2020, 12:00 AM	1
2	bundlePriceQuote v2	2	<input checked="" type="checkbox"/>	2/1/2020, 12:00 AM	3/1/2020, 12:00 AM	2
3	bundlePriceQuote v3	3	<input type="checkbox"/>	3/1/2020, 12:00 AM	4/1/2020, 12:00 AM	4
4	bundlePriceQuote v4	4	<input checked="" type="checkbox"/>	1/1/2020, 12:00 AM	3/1/2020, 12:00 AM	3

- A. Version Number 3
- B. Version Number 2
- C. Version Number 1
- **D. Version Number 4**

**Answer: D**

Explanation:

the calculation procedure version that would execute on 2/15/2020 at 12:00 PM is the one that has the start date time and end date time that include that date and time, and also has the highest priority among the enabled versions. In this case, only version number 4 meets these criteria, as it has a start date time of 2/1/2020 12:00 AM, an end date time of 4/1/2020 12:00 AM, a priority of 1, and is enabled. The other versions either have a different start or end date time, a lower priority, or are not enabled.

### NEW QUESTION # 15

A developer is troubleshooting an Integration Procedure with two elements: A Remote Action named FetchCart and a Response Action named ResponseCart.

In Preview, what JSON node shows the data sent to the Response Action?

- A. Response
- B. FetchCart
- C. ResponseCartDebug
- **D. ResponseCart**

**Answer: D**

Explanation:

In Preview, the JSON node that shows the data sent to the Response Action is the name of the Response Action itself. In this case, it is ResponseCart. The other nodes show either the input data or the output data of the Integration Procedure.

## NEW QUESTION # 16

.....

The experts in our company have been focusing on the Plat-Dev-210 examination for a long time and they never overlook any new knowledge. The content of our study materials has always been kept up to date. Don't worry if any new information comes out after your purchase of our Plat-Dev-210 study guide. We will inform you by E-mail when we have a new version. With our great efforts, our study materials have been narrowed down and targeted to the Plat-Dev-210 examination. So you don't need to worry about wasting your time on useless Plat-Dev-210 exam materials information.

**Valid Plat-Dev-210 Exam Test:** <https://www.practicevce.com/Salesforce/Plat-Dev-210-practice-exam-dumps.html>

So please rest assured to purchase our Valid Plat-Dev-210 Exam Test - Salesforce Certified Omnistudio Developer reliable study material, So it is necessary to select our Plat-Dev-210 exam torrent to get your indispensable Salesforce Plat-Dev-210 valid certification, There is no exaggeration that over the ten years our company has always been engaged in promoting the quality of our Plat-Dev-210 dumps torrent materials, our first class exports who are from many different countries just gathered together to contribute wisdom and strength to improve the quality of our Plat-Dev-210 practice questions in order to help all of the workers in this field, What you need to do, you must study all the questions in our PracticeVCE Valid Plat-Dev-210 Exam Test dumps.

Still, if you know you grandkids are big on Valid Plat-Dev-210 Exam Test Twitter or Tumblr and you want to stay in touch, you might want to investigate, Importing PowerPoint slides into another presentation Plat-Dev-210 tool, such as OpenOffice.org's Impress, is tricky, and you can lose formatting.

## With PracticeVCE Salesforce Plat-Dev-210 Real Questions Nothing Can Stop You from Getting Success

So please rest assured to purchase our Salesforce Certified Omnistudio Developer reliable study material, So it is necessary to select our Plat-Dev-210 exam torrent to get your indispensable Salesforce Plat-Dev-210 valid certification.

There is no exaggeration that over the ten years our company has always been engaged in promoting the quality of our Plat-Dev-210 dumps torrent materials, our first class exports who are from many different countries just gathered together to contribute wisdom and strength to improve the quality of our Plat-Dev-210 practice questions in order to help all of the workers in this field.

What you need to do, you must study all the questions in our PracticeVCE dumps, You can also make notes or print out the Salesforce Certified Omnistudio Developer (Plat-Dev-210) pdf questions.
