NEW QUESTION # 142

An examination of persons and/or their property for the purpose of discovering evidence of guilt in relation to some specific offense is known as:

- **A. Search**
- B. Examine
- C. Test
- D. Research

Answer: A

Explanation:

A search is a legal and systematic examination of a person, place, or property with the intent to discover evidence of a crime. This must often be supported by probable cause and, in many cases, a warrant.

Examine (A), Test (B), and Research (C) are generic terms that lack the legal context and specificity of "Search."

- B. Repair or replacement, temporary security staff, and insurance
- **C. Permanent replacement, a temporary substitute, and lost income**
- D. Permanent replacement, lost income, and temporary protection

Answer: C

Explanation:

The cost-of-loss formula $[K = (Cp + Ct + Cr + Ci) - I]$ represents:

Cp: Cost of permanent replacement

Ct: Cost of temporary substitute

Cr: Repair costs

Ci: Lost income

I: Insurance reimbursement

These elements combine to determine the total value at risk if an asset is compromised or lost.

NEW QUESTION # 145

A concept that has grown largely in response to the difficulties faced by merchants in protecting their property from shoplifters and the problems and dangers they face when they make an asset, is called:

- A. None of the above
- **B. Detention**
- C. Confinement
- D. Release

Answer: B

Explanation:

Detention, particularly in the context of retail loss prevention, refers to the practice of holding a suspected shoplifter temporarily while investigating or waiting for law enforcement. This concept has evolved to provide legal protection for merchants when they act in good faith and with reasonable cause.

Release (A) and Confinement (B) do not fit the protective context.

None of the above (D) is incorrect because "Detention" is a valid and specific term used.
