Juniper JN0-351 Dumps PDF Format - Accessible on Any Device

The learning material for the Juniper JN0-351 Exam is available in pdf format at CertsTeacher. To get access to the Juniper JN0-351 dumps learning material pdf, you have to purchase the JN0-351 exam dumps. The Juniper Enterprise Routing and Switching, Specialist JN0-351 Exam pdf learning material will be available for your download on the PC, laptop, Mac, tablet, and smartphone right after the purchase. If you do not want to take any classes for the JN0-351 exam preparation, then use the actual Juniper JN0-351 exam pdf dumps to get fully ready for your JN0-351 exam at your home.

Online Practice Test Software To Enhance JN0-351 Exam Skills

P.S. Free & New JN0-351 dumps are available on Google Drive shared by PDFDumps: https://drive.google.com/open?id=1Z79FM5H59T8XouHFa5k_9K1Zqt_ZEbxZ

The Juniper JN0-351 exam questions are being offered in three different formats. These formats are JN0-351 PDF dumps files, desktop practice test software, and web-based practice test software. All these three JN0-351 exam dumps formats contain the Real JN0-351 Exam Questions that assist you in your Enterprise Routing and Switching, Specialist (JNCIS-ENT) practice exam preparation and finally, you will be confident to pass the final Juniper JN0-351 exam easily.

Juniper JN0-351 Exam Syllabus Topics:

Topic	Details
Topic 1	<ul style="list-style-type: none">Spanning Tree: Networking professionals explore the principles and advantages of the Spanning Tree Protocol (STP) to ensure loop-free topologies in Layer 2 networks.
Topic 2	<ul style="list-style-type: none">Layer 2 Switching or VLANs: This topic deepens the understanding of Layer 2 switching operations within the Junos OS, including VLAN concepts and benefits. Experienced networking professionals gain insights into configuration, monitoring, and troubleshooting techniques essential for network segmentation and efficiency.

Topic 3	<ul style="list-style-type: none"> • Protocol Independent Routing: An essential domain for understanding routing components outside protocol dependencies, this topic enhances expertise in configuring, monitoring, and troubleshooting critical elements.
Topic 4	<ul style="list-style-type: none"> • BGP: This topic focuses on the operational and conceptual elements of BGP, a cornerstone in enterprise networks.

Practice To JN0-351 - Remarkable Practice On your Enterprise Routing and Switching, Specialist (JNCIS-ENT) Exam

The only use of the internet is to validate the product license for the JN0-351 practice exam software. If you are not online, you can still practice for the Juniper JN0-351 exam questions thanks to this feature of PDFDumps's JN0-351 Exam simulation software. As a result, the JN0-351 desktop-based practice test software is a particularly useful option for customers who do not constantly have access to the internet.

Juniper Enterprise Routing and Switching, Specialist (JNCIS-ENT) Sample Questions (Q24-Q29):

NEW QUESTION # 24

You are asked to connect an IP phone and a user computer using the same interface on an EX Series switch. The traffic from the computer does not use a VLAN tag, whereas the traffic from the IP phone uses a VLAN tag. Which feature enables the interface to receive both types of traffic?

- A. DHCP snooping
- B. voice VLAN
- C. MAC limiting
- D. native VLAN

Answer: B

Explanation:

Explanation

The feature that enables an interface on an EX Series switch to receive both untagged traffic (from the computer) and tagged traffic (from the IP phone) is the voice VLAN.

The voice VLAN feature in EX-series switches enables access ports to accept both data (untagged) and voice (tagged) traffic and separate that traffic into different VLANs. This allows the switch to differentiate between voice and data traffic, ensuring that voice traffic can be treated with a higher priority. Therefore, option D is correct.

NEW QUESTION # 25

Which statement about configuring persistent MAC learning is correct?

- A. Persistent MAC learning requires 802.1X authentication.
- B. Persistent MAC learning flushes dynamically learned MAC addresses on reboots.
- C. Persistent MAC learning cannot be configured on redundant trunk groups.
- D. Persistent MAC learning can be configured on access mode interfaces.

Answer: D

NEW QUESTION # 26

What is the default keepalive time for BGP?

- A. 90 seconds

- B. 10 seconds
- **C. 30 seconds**
- D. 60 seconds

Answer: C

Explanation:

Default BGP keepalive timer in Junos is 30 seconds

The default keepalive time for BGP is 30 seconds, which means that BGP peers send keepalive messages to each other every 30 seconds to verify the liveness of the BGP session. If no keepalive message is received from a peer within the hold time, which is 90 seconds by default, the peer is considered to be unavailable and the BGP session is closed. The keepalive time and the hold time can be configured manually for each BGP peer or peer group, but they must match on both ends of the BGP session. The keepalive time should be one third of the hold time for optimal performance. Therefore, option C is correct and the other options are incorrect.

NEW QUESTION # 27

You have configured OSPF routing as shown in the exhibit. You notice that all interfaces have formed full adjacencies, with the exception of the interfaces connecting R3 and R4 with a status of 2Way.

What is the reason for this status?

- A. The interface-type is not configured as p2p.
- B. The two routers must be configured in different areas.
- C. The two routers must both be configured as DR routers.
- **D. DR Other routers will not form a full adjacency with each other.**

Answer: D

NEW QUESTION # 28

You enable persistent MAC learning on your Juniper switch

In this scenario, which statement is correct?

- A. You can enable persistent MAC learning on an interface that is part of a redundant trunk group.
- B. You can enable persistent MAC learning on an interface where MAC learning is disabled.
- C. You can only enable persistent MAC learning on an interface on which 802.1x authentication is configured.
- **D. You can only enable persistent MAC learning on an interface in access mode.**

Answer: D

NEW QUESTION # 29

.....

PDFDumps could give you the Juniper JN0-351 exam questions and answers that with the highest quality. With the material you can succeeded step by step. PDFDumps's Juniper JN0-351 exam training materials are absolutely give you a true environment of the test preparation. Our material is highly targeted, just as tailor-made for you. With it you will become a powerful IT experts. PDFDumps's Juniper JN0-351 Exam Training materials will be most suitable for you. Quickly registered PDFDumps website please, I believe that you will have a windfall.
