Useful links	Description
How to earn the certification	Some certifications only require one exam, while others require more. On the details page, you'll find information about what skills are measured and links to registration. Each exam also has its own details page covering exam specifics.
Certification renewal	Once you earn your certification, don't let it expire. When you have an active certification that's expiring within six months, you should renew it—at no cost—by passing a renewal assessment on Microsoft Learn. Remember to renew your certification annually if you want to retain it.
Your Microsoft Learn profile	Connecting your certification profile to Learn brings all your learning activities together. You'll be able to schedule and renew exams, share and print certificates, badges and transcripts, and review your learning statistics inside your Learn profile.
Passing score	All technical exam scores are reported on a scale of 1 to 1,000. A passing score is 700 or greater. As this is a scaled score, it may not equal 70% of the points. A passing score is based on the knowledge and skills needed to demonstrate competence as well as the difficulty of the questions.
Exam sandbox	Are you new to Microsoft certification exams? You can explore the exam environment by visiting our exam sandbox. We created the sandbox as an opportunity for you to experience an exam before you take it. In the sandbox,

Microsoft Dynamics 365 Business Central Functional Consultant Sample Questions (Q124-Q129):

NEW QUESTION # 124

You need to resolve the order entry issue.

How should you complete each action? To answer, move the appropriate recurring sales line configurations to the correct actions.

You may use each recurring sales line configuration once, more than once, or not at all.

You may need to move the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

NEW QUESTION # 125

A company uses Dynamics 365 Business Central.

A customer requests that the company always use their preferred shipping provider for all sales orders.

You need to configure the system to meet this requirement.

What should you do?

- A. Designate a Responsibility center
- **B. Define a shipping agent**
- C. Set up a Ship-to code
- D. Select Shipping Advice

Answer: B

Explanation:

To ensure that a customer always uses their preferred shipping provider, you configure a Shipping Agent in Business Central. This can be assigned to the Customer Card, so whenever sales orders are created, the default shipping agent is used.

Other options:

* Shipping Advice: Determines whether to ship partial or complete orders, not which provider to use.

* Ship-to code: Stores alternate delivery addresses, not carrier preference.

* Responsibility center: Used for organizational or departmental segregation of transactions, not shipping.

NEW QUESTION # 128

You are setting up new customers and items in Dynamics 365 Business Central.

You need to configure the system.

Which posting group should you use? To answer, drag the appropriate posting groups to the correct use cases.

Each posting group may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation:

Comprehensive Detailed Explanation

In Dynamics 365 Business Central, posting groups are used to map transactions to the correct General Ledger accounts. Each posting group has a specific purpose:

* Gen. Bus. Posting Group (General Business Posting Group)

* Used in combination with the Gen. Prod. Posting Group to determine income statement accounts (such as sales, discounts, COGS, purchase accounts).

* Therefore, it controls the income statement side of customer and vendor transactions.

* Customer Posting Group

* Determines the balance sheet accounts for customers, e.g., Accounts Receivable (AR).

* All transactions with customers post to AR accounts defined here.

* Gen. Prod. Posting Group (General Product Posting Group)

* Used in combination with Gen. Bus. Posting Group to determine the income statement accounts for items (such as sales revenue, COGS, inventory adjustments).

* Inventory Posting Group

* Determines the balance sheet accounts for items (e.g., Inventory accounts).

* Ensures items are posted to the correct asset accounts.
