You can easily get HCSA-Presales-Storage V4.0 (H19-308\_V4.0) certified if you prepare with our Huawei H19-308\_V4.0 questions. Our product contains everything you need to ace the H19-308\_V4.0 certification exam and become a certified IT professional. So what are you waiting for? Purchase this updated HCSA-Presales-Storage V4.0 (H19-308\_V4.0) exam practice material today and start your journey to a shining career.

Our H19-308\_V4.0 quiz torrent can help you get out of trouble regain confidence and embrace a better life. Our H19-308\_V4.0 exam question can help you learn effectively and ultimately obtain the authority certification of Huawei, which will fully prove your ability and let you stand out in the labor market. We have the confidence and ability to make you finally have rich rewards. Our H19-308\_V4.0 Learning Materials provide you with a platform of knowledge to help you achieve your wishes. Our H19-308\_V4.0 study materials have unique advantages for you to pass the H19-308\_V4.0 exam.

**H19-308\_V4.0 Latest Real Test 100% Pass | Valid Huawei HCSA-Presales-Storage V4.0 Associate Level Exam Pass for sure**

This HCSA-Presales-Storage V4.0 (H19-308\_V4.0) certification is a valuable credential that is designed to validate your expertise all over the world. After successfully competition of H19-308\_V4.0 exam you can gain several personal and professional benefits. All these HCSA-Presales-Storage V4.0 (H19-308\_V4.0) certification exam benefits will not only prove your skills but also assist you to put your career on the right track and achieve your career objectives in a short time period.

## Huawei HCSA-Presales-Storage V4.0 Sample Questions (Q139-Q144):

### NEW QUESTION # 139

Which CPU model does OceanStor 5300 F V5 use, Intel or ARM?

- A. Intel
- B. ARM

**Answer: A**

### NEW QUESTION # 140

iSCSI is a file protocol.

- A. FALSE
- B. TRUE

**Answer: A**

Explanation:

iSCSI is a block protocol, not a file protocol. It transports SCSI commands over IP networks, allowing remote access to block storage devices as if they were locally attached. File protocols, such as NFS and SMB, operate at a higher level, allowing file-level access, whereas iSCSI provides block-level access.

### NEW QUESTION # 141

Which indicator indicates the time required for system recovery after a disaster occurs?

- A. TCO
- B. RIO
- C. RTO
- D. RPO

**Answer: C**

### NEW QUESTION # 142

OceanStor Pacific supports only three types of protocols: file (NFS/CIFS), object (S3), and HDFS?

- A. FALSE
- B. TRUE

**Answer: A**

Explanation:

The statement is False because Huawei OceanStor Pacific is a multi-protocol storage system that supports more than just the three mentioned protocols. While File (NFS/CIFS), Object (S3), and HDFS are the core protocols for mass data access, the system also supports:

DPC (Distributed Parallel Client): A specialized parallel file system interface that supports standard POSIX and MPI-IO, enabling high-performance computing (HPC) clients to connect directly to multiple storage nodes for balanced I/O.

Block Storage: Certain configurations of OceanStor Pacific can provide block storage services, making it a truly unified distributed platform.

S3 Versioning and Advanced Object APIs: It supports native S3 semantics for object versioning and other advanced cloud-native features.

Because it supports high-performance parallel interfaces (POSIX/MPI-IO) via DPC in addition to the standard protocols, it is technically incorrect to say it supports only three types.

### NEW QUESTION # 143

What are the application scenarios of object storage? (Choose all that apply.)

- A. Database
- B. Storage of mass unstructured data with low performance requirements
- C. Mass files that require high scalability
- D. VMware virtualization

**Answer: B,C**

Explanation:

Object storage is well-suited for scenarios involving large volumes of unstructured data and high scalability requirements. It is ideal for storing large numbers of files due to its scalability. Object storage is often used for storing unstructured data with lower performance needs, such as archives, backups, and multimedia content.

VMware virtualization and databases are typically better suited to block storage or file storage solutions, as these require low-latency, high-performance access that object storage does not typically provide.

### NEW QUESTION # 144

.....

For candidates who are going to buy H19-308\_V4.0 exam torrent online, you may pay much attention to the privacy protection. We respect the private information of you, if you choose us for your H19-308\_V4.0 exam materials, your personal information will be protected well. Once the order finishes, your personal information such as your name and email address will be concealed. In addition, we have a professional team to research the professional knowledge for H19-308\_V4.0 Exam Materials, and you can get the latest information timely. Free update for one year is available, and the update version for H19-308\_V4.0 training material will be sent to your email automatically.
