- A. How to complete the loan application
- B. The operations of the secondary market
- C. Government loan programs

According to the SAFE Act, state-licensed MLOs must complete at least eight hours of approved continuing education annually, including three hours of federal law and regulations, two hours of ethics (which includes instruction on fraud, consumer protection, and fair lending), and two hours of training on nontraditional mortgage products.

### NEW QUESTION # 111

The total monthly payment for a loan secured by a 30-year fixed-rate mortgage with an escrow account could increase for which of the following reasons?

- A. The monthly utility bills have increased.
- **B. The annual property taxes and/or homeowners insurance premiums have increased.**
- C. The mortgage servicer is collecting the payment for a new auto loan with the mortgage.
- D. The interest rate for the fixed-rate mortgage has increased.

**Answer: B**

Explanation:

For a 30-year fixed-rate mortgage with an escrow account, the monthly mortgage payment consists of principal, interest, taxes, and insurance (often referred to as PITI). The principal and interest portions remain constant with a fixed-rate mortgage, but the escrow account is used by the lender to collect and pay property taxes and homeowners insurance premiums on the borrower's behalf. Escrow accounts are required by many lenders to ensure that taxes and insurance are paid on time. If the annual property taxes and/or homeowners insurance premiums increase, the lender will adjust the amount collected for escrow each month, which will increase the total monthly payment (even though the principal and interest portion stays the same).

"While your principal and interest payment remains the same on a fixed-rate mortgage, your total monthly payment can increase if your property taxes or homeowners insurance premiums increase, since these are typically included in your monthly escrow payment."

- Consumer Financial Protection Bureau (CFPB): What is an escrow account?

Other options are incorrect:

- \* A. Utility bills are not part of the mortgage payment or escrow.
- \* B. The interest rate does not increase with a fixed-rate mortgage; it remains constant.
- \* D. Servicers do not collect payments for unrelated auto loans with the mortgage.

- B. 15 days
- C. 60 days
- D. 45 days

**Answer: A**

Explanation:

Under the Equal Credit Opportunity Act (ECOA), creditors must notify applicants of action taken (approval, denial, or other) within 30 days of receiving a completed application.

"A creditor shall notify an applicant of action taken within 30 days after receiving a completed application concerning the creditor's approval of, counteroffer to, or adverse action on the application."
