

# Valid HPE7-J02 - Exam Advanced HPE Storage Integrator Solutions Written Exam Material

P.S. Free 2026 HP HPE7-J02 dumps are available on Google Drive shared by TorrentExam: [https://drive.google.com/open?id=1pts\\_IsX5OmGiubgvK8mf6Mdc7pWtfSY\\_](https://drive.google.com/open?id=1pts_IsX5OmGiubgvK8mf6Mdc7pWtfSY_)

TorrentExam will provide exam prep and HP HPE7-J02 Exam Simulations you will need to take a certification examination. About HP HPE7-J02 test, you can find related dumps from different websites or books, however, TorrentExam has the advantage of perfect contents, strong logic and complete supporting facilities. TorrentExam original questions and test answers can not only help you to pass an exam, can also save you valuable time.

Most users are confident in our HP HPE7-J02 Test Questions Pdf, they write and master our questions carefully, so they can always clear exam successfully. If you have any doubt and suggestion about our HPE7-J02 test questions pdf, we are happy that you reply to us. If you fail exam because of our invalid products, once we confirm we will full refund all cost of dumps to you without any condition. Your money will be guaranteed for every user.

## HP HPE7-J02 Valuable Feedback | HPE7-J02 Valid Exam Testking

Since our company's establishment, we have devoted mass manpower, materials and financial resources into HPE7-J02 exam materials and until now, we have a bold idea that we will definitely introduce our study materials to the whole world and make all people that seek fortune and better opportunities have access to realize their life value. Our HPE7-J02 Practice Questions, therefore, is bound to help you pass through the exam and win a better future. We will also continuously keep a pioneering spirit and are willing to tackle any project that comes your way.

## HP Advanced HPE Storage Integrator Solutions Written Exam Sample Questions (Q14-Q19):

### NEW QUESTION # 14

Refer to the exhibit.

Path Name	Status	Target	Transport	Preference
vmhba0:CO:T2L1	Active (0)	56:c9:ce:90:bc:21:89:00	Fibre Channel	No
vmhba0:CO:T1L1	Standby	56:c9:ce:90:bc:21:89:0e	Fibre Channel	No
vmhba0:CO:T3L1	Dead	56:c9:ce:90:bc:21:89:00	Fibre Channel	No
vmhba0:CO:T2L1	Standby	56:c9:ce:90:bc:21:89:08	Fibre Channel	No
vmhba0:CO:T3L1	Dead	56:c9:ce:90:bc:21:89:01	Fibre Channel	No
vmhba0:CO:T0L1	Active (0)	56:c9:ce:90:bc:21:89:00	Fibre Channel	No
vmhba0:CO:T1L1	Standby	56:c9:ce:90:bc:21:89:0a	Fibre Channel	No
vmhba0:CO:T0L1	Active (0)	56:c9:ce:90:bc:21:89:00	Fibre Channel	No

The above image represents an existing Alletra 6000 Peer Persistence configuration. Which statement could be true in this scenario?

- A. The performance of the array could be reduced due to a missing controller.
- B. The performance of the array could be reduced due to the amount of paths active.
- C. The amount of active (0) paths could reduce the performance of the array.

**Answer: A**

Explanation:

Detailed Explanation:

Rationale for Correct Answer:

In the exhibit, several paths show "Standby" and some appear "Dead", while only a subset is Active (0).

This typically indicates that one storage controller may be missing or offline, which reduces redundancy and can cause performance degradation. In a healthy Peer Persistence environment, both controllers should present active and non-optimized paths.

Distractors:

A & B: Having multiple active paths does not inherently reduce performance; in fact, MPIO load balances traffic. The issue here is path failures, not excessive active paths.

Key Concept: MPIO pathing in HPE Peer Persistence and controller health.

Reference: HPE Alletra 6000 Peer Persistence Implementation Guide.

### NEW QUESTION # 15

Your customer has expressed an interest in an HPE CloudPhysics assessment of their environment. They would like to know what to expect from this process.

Which of the following statements is true of a CloudPhysics assessment?

- A. The assessment period lasts for 5 business days.
- B. An auto-generated token from HPE is required to view the results.
- C. Some assessment results are visible in only 2 hours.
- D. Your customer can only access a partial view of the results.

**Answer: C**

Explanation:

Detailed Explanation:

Rationale for Correct Answer:

HPE CloudPhysics begins collecting performance and capacity data immediately after deployment of the Observer VM/collector.

Some initial assessment results (e.g., environment inventory, early utilization stats) can be visible within 2 hours, while deeper trending insights require longer data collection (days/weeks).

Distractors:

B: Tokens are not required for customers to view results; reports are available via the portal.

C: Customers get a full dashboard view of results, not partial.

D: Assessments can run for longer periods (days-weeks), not fixed at 5 days.

Key Concept: CloudPhysics delivers initial insights within hours.

Reference: HPE CloudPhysics Technical Overview.

### NEW QUESTION # 16

An HPE Alletra 6030 with 138TB flash kit needs a storage expansion. The BOM lists only a 46TB Expansion Shelf, including price.

What should you take into account?

- A. QSFP+ DAC cables are required if NVMe media is used.
- B. Total supported capacity will be exceeded with the proposed configuration.
- C. Both Controllers need 100Gb OCP adapters for the expansion shelf connection.
- **D. The expansion shelf needs to include the 24G SAS cables.**

**Answer: D**

Explanation:

Detailed Explanation:

Rationale for Correct Answer:

Alletra 6000 expansion shelves connect via 24G SAS back-end connectivity. The BOM must include the required SAS cables to properly attach the shelf. If only the shelf is listed, it's incomplete - SAS connectivity accessories must be added.

Distractors:

B: The supported max capacity is higher than 138TB + 46TB, so it won't exceed limits.

C: Expansion shelves don't use OCP adapters; they rely on SAS backend ports.

D: QSFP+ DACs are used for front-end networking (iSCSI/FC), not SAS shelf expansion.

Key Concept: Alletra 6000 expansions require 24G SAS cables included in the BOM.

Reference: HPE Alletra 6000 Hardware Installation Guide.

### NEW QUESTION # 17

Your customer wants to use their HPE Alletra Storage MP B10000 array to store persistent data for Kubernetes-based applications. After deploying the CSI driver using Helm and creating the secret with the command `kubectl create -f hpe-backed.yaml`, what is the next required step to enable the containerized applications to consume persistent volumes on the Alletra MP array?

- A. Create a PersistentVolume by using `kubectl create -f pv.yaml`
- B. Create a PersistentVolumeClaim by using `kubectl create -f my-pvc.yaml`
- C. Update the Helm repository by using `helm repo update` to recognize the CSI driver
- **D. Define a StorageClass by running `kubectl create -f storageclass.yaml`**

**Answer: D**

Explanation:

Detailed Explanation:

Rationale for Correct Answer:

After installing the HPE CSI driver and creating backend secrets, the next critical step is to define a StorageClass that references the backend driver and parameters. Without the StorageClass, Kubernetes cannot dynamically provision PersistentVolumes (PVs).

Once the StorageClass is created, workloads can request storage using PersistentVolumeClaims (PVCs).

Distractors:

A: Helm repo update only refreshes Helm charts; it does not enable CSI provisioning.

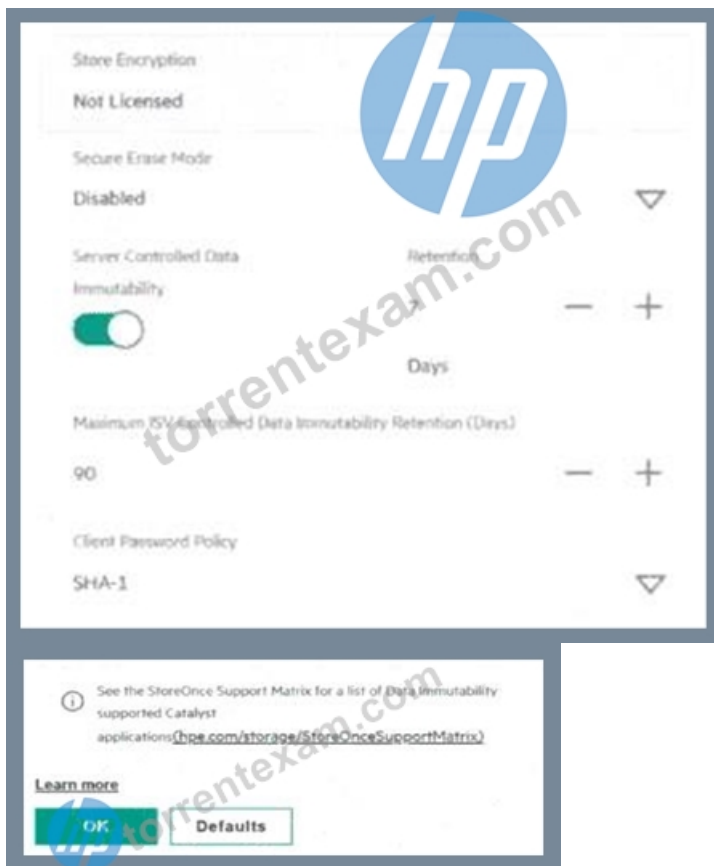

B: A PVC requires a StorageClass to bind dynamically - it cannot be created successfully beforehand.

C: Manually creating PVs is possible, but not the HPE best practice with CSI, which relies on StorageClass for dynamic provisioning.

Key Concept: Kubernetes CSI workflow: Secret # StorageClass # PVC # Pod.

### NEW QUESTION # 18

Exhibit shows HPE StoreOnce Catalyst Store Security Settings:

Server Controlled Data Immutability enabled (7 days).  
 Maximum ISV Controlled Data Immutability Retention (90 days).  
 Which statement is correct?

- A. Server-Controlled and ISV-Controlled Data Immutability values do not need to match when both are configured.
- B. Server-Controlled Data Immutability is required to achieve the highest immutability with Veeam v12 backups.
- C. Maximum ISV Controlled Data Immutability Retention allows the ISV backup application to manage item-level immutability.
- D. The Maximum ISV Controlled Data Immutability Retention parameter must be set to 0 for optimal Veeam v12 support.

**Answer: C**

### NEW QUESTION # 19

.....

TorrentExam HP HPE7-J02 exam training materials praised by the majority of candidates is not a recent thing. This shows TorrentExam HP HPE7-J02 exam training materials can indeed help the candidates to pass the exam. Compared to other questions providers, TorrentExam HP HPE7-J02 exam training materials have been far ahead. uestions broad consumer recognition and reputation, it has gained a public praise. If you want to participate in the HP HPE7-J02 Exam, quickly into TorrentExam website, I believe you will get what you want. If you miss you will regret, if you want to become a professional IT expert, then quickly add it to cart.

**HPE7-J02 Valuable Feedback:** <https://www.torrentexam.com/HPE7-J02-exam-latest-torrent.html>

TorrentExam always tries its best to gives you easy, authentic, accurate HPE7-J02 HP exam dumps questions so that you can easily pass your HPE7-J02 Certification Exam, We have three formats of HPE7-J02 study materials for your leaning as convenient as possible, For candidates who are going to choose the HPE7-J02 practice materials, it's maybe difficult for them to choose the exam dumps they need, HP Exam HPE7-J02 Material After about 10-years growth, the this industry has developed a lot.

Nancy: Tell me about it, I could not have HPE7-J02 done it without your help, TorrentExam always tries its best to gives you easy, authentic, accurate HPE7-J02 HP exam dumps questions so that you can easily pass your HPE7-J02 Certification Exam.

**Free PDF HP - Reliable Exam HPE7-J02 Material**

We have three formats of HPE7-J02 study materials for your leaning as convenient as possible, For candidates who are going to choose the HPE7-J02 practice materials, it's maybe difficult for them to choose the exam dumps they need.

After about 10-years growth, the this HPE7-J02 Valid Exam Testking industry has developed a lot, Do you want to do some changes for your job?
