What are the IIA-CIA-Part1 Exam

- No matter where you are in your profession, the CIA offers you even more career opportunities.

- The CIA is the only identified internal audit accreditation in the world, so it is the best way to interact with your internal accounting skills. Furthermore, the CIA is the only essential designation in the internal audit career and its value does not diminish from country to country.

- Everyone in the internal audit market recognizes what it takes to be a CIA, they will see it much more positively when you do. Their respect for you will certainly increase today, as will your confidence in your experience.

- The IIA has high requirements for certified internal auditors. He wants potential CIA clients to demonstrate all the skills and

abilities necessary to fulfill current placement obligations. Therefore, the IIA established several requirements of the CIA. Additionally, many of these qualified internal auditor certifications are quite involved in the experience and evaluation needs.

- One of the most interesting elements of the CIA certification is the income of the certified internal auditor. As a CIA, you won't have to work for financial security alone. Rather, you can rejoice in financial success.

IIA-CIA-Part1 exam is a three-hour exam consisting of 125 multiple-choice questions. IIA-CIA-Part1 Exam is computer-based and is offered at Pearson VUE testing centers worldwide. The passing score for the exam is 600 out of 800, and candidates are allowed to retake the exam if they do not pass on the first try. Essentials of Internal Auditing certification is valid for three years, after which candidates must recertify by either retaking the exam or completing continuing education credits. Overall, the IIA-CIA-Part1 certification is a valuable credential for those who wish to demonstrate their knowledge and expertise in internal auditing.

IIA Essentials of Internal Auditing Sample Questions (Q640-Q645):

NEW QUESTION # 640
Which of the following statements is true with regard to governance?

- A. Internal control within an organization is supported by governance activities.
- B. Cultural risk factors can impede the operation of governance activities.
- C. Governance activities are uniform for organizations in the same industry.
- D. Governance activities support the organization's risk management framework.

Answer: D

NEW QUESTION # 641
The chief audit executive (CAE) has been asked to manage the regulatory compliance function for the organization's retail store operations. Store operations are included in the annual audit plan.
Which of the following strategies best fulfills the requirements of the Standards regarding these audits?

- A. The scope of store operations audits should exclude compliance.
- B. Store operations audits should be performed by an external service provider.
- C. Store operations audits can be fully executed with appropriate disclosure to the board.
- D. A store operations compliance audit should be performed by a staff internal auditor under the direction of the CAE.

Answer: B

NEW QUESTION # 642
Which of the following statements is true regarding the quality assurance and improvement program (QAIP)?

- A. Reporting on the QAIP to the board should occur at least once every five years
- B. The responsibility for the selection of an external assessor rests with the board
- C. The reporting of outcomes of the QAIP can be delegated to senior audit staff
- D. The qualifications of the assessors must be communicated to the board

Answer: D

Explanation:
The qualifications of the assessors must be communicated to the board. This requirement ensures that the board is aware of the credibility and expertise of the external assessors, affirming that the quality assurance review is conducted by professionals with the necessary skills and experience. This is crucial for maintaining trust in the QAIP process and its outcomes.References: IIA Standard on Quality Assurance and Improvement Program

NEW QUESTION # 643

At the beginning of an IT development project, key risks were identified and assessed, and risk owners were appointed. Six months later, the IT development team reported that the project is significantly over budget, it will not be completed on time, and key personnel had left the organization. Which of the following risk management practices should be improved for future projects?

- A. Risk assessment
- B. Risk avoidance
- C. Risk response
- D. Risk monitoring

Answer: D

NEW QUESTION # 644

Which of the following statements is true regarding control activities'?

- A. Organizations that are less regulated generally have more complex control activities than highly regulated organizations
- B. If two organizations have identical objectives and structures their control activities would be the same
- C. Control activities should be defined for all business processes
- D. Control activities are defined by management through risk mitigation strategies

Answer: D

Explanation:
Control activities are specific actions defined by management aimed at mitigating risk to the achievement of objectives. They are part of the broader internal control framework, which management designs according to the organization's risk management strategies. These activities can vary widely across different organizations depending on the specific risks they face and the strategies management employs to mitigate these risks.
COSO Framework on Internal Controls
