

MB-310 Practice Mock & Valid MB-310 Exam Pattern

2026 Latest TestSimulate MB-310 PDF Dumps and MB-310 Exam Engine Free Share: <https://drive.google.com/open?id=1hXsjJN-ybvHegH9TE7gOJvcLQM3Rof2N>

Contending for the success fruit of MB-310 practice exam, many customers have been figuring out the effective ways to pass it. Due to the shortage of useful practice materials or being scanty for them, we listed these traits of our MB-310 practice materials. Actually, some practice materials are shooting the breeze about their effectiveness, but our MB-310 practice materials are real high quality MB-310 practice materials with passing rate up to 98 to 100 percent.

To pass the MB-310 certification exam, candidates must possess a strong understanding of financial management concepts and be able to apply this knowledge to real-world scenarios. They must also have experience configuring and managing financial modules within Microsoft Dynamics 365 Finance. MB-310 exam includes multiple-choice questions that test the candidate's knowledge of financial management concepts, as well as scenario-based questions that require them to apply their knowledge to solve problems.

Detailed Exam Overview

The Microsoft MB-310 test is 150 minutes long and has about 40-60 questions. The exam format includes multiple-choice questions and other variants available in the Microsoft certification tests. The list of the possible types is in the FAQ section on the official webpage. It is known to be available to the students in the English language. The passing score is about 700 out of 1000 points, so try to earn more than that. The test is taken at a price of \$165 in the United States. The applicants in other countries might be required to pay more.

These TestSimulate MB-310 exam questions formats are web-based practice test software, desktop practice test software and Microsoft Dynamics 365 Finance Functional Consultant (MB-310) PDF dumps files.

Microsoft Dynamics 365 Finance Functional Consultant Sample Questions (Q35-Q40):

NEW QUESTION # 35

You need to setup a process of tracking, recording, and analyzing costs associated with the products or activities of a nonmanufacturing organization.

You need to configure the prerequisite setup for the standard costing version for the current period.

In which order should you perform the actions? To answer, move all actions from the list of actions to the answer area and arrange them in the correct order.

Actions

- Assign ledger accounts to item postings that are related to standard cost variances.
- Define inventory parameters that are related to standard costs.
- Create an item model group for standard costs.
- Define ledger accounts that are related to standard cost variances.

Answer area

Answer:

Explanation:

Actions

- Assign ledger accounts to item postings that are related to standard cost variances.
- Define inventory parameters that are related to standard costs.
- Create an item model group for standard costs.
- Define ledger accounts that are related to standard cost variances.

Answer area

- Create an item model group for standard costs.
- Define ledger accounts that are related to standard cost variances.
- Assign ledger accounts to item postings that are related to standard cost variances.
- Define inventory parameters that are related to standard costs.

Explanation

Answer Area

Create an item model group for standard costs

Define ledger accounts that are related to standard cost variances

Assign ledger accounts to item postings that are related to standard cost variances

Define inventory parameters that are related to standard costs

NEW QUESTION # 36

You are implementing a Dynamics 365 for Finance and Operations General ledger module for a client that has multiple legal entities. The client has the following requirements:

- * Post journal entries for all companies from one legal entity.
- * Configure automatic creation of due to/due from transactions based on when LegalEntityA transacts with LegalEntityB.
- * Automatically split the dollar amount in half between DimensionA and DimensionB when the journal is posted.
- * Set up fixed or variable allocations, and then review the allocations in a journal before posting.
- * Automatically post year-end results to account 30016 during year-end close.

You need to configure the system.

Which system capability should you configure? To answer, select the appropriate configuration in the answer area.

Answer:

Explanation:

Explanation

Client requirement

You must post journal entries for all companies from one legal entity.

You must configure automatic creation of due to/due from transactions based on when LegalEntityA transacts with LegalEntityB.

You must automatically split the dollar amount in half between DimensionA and DimensionB when the journal is posted.

You must set up fixed or variable allocations, and then review the allocations in a journal before posting.

System capability

	▼
ledger allocation rules	
global journal entry	
intercompany journal	
accounts for automatic transactions	

	▼
intercompany journal	
global journal entry	
ledger allocation rules	
accounts for automatic transactions	

	▼
ledger allocation rules	
allocation terms	
accounts for automatic transactions	
intercompany journal	

	▼
intercompany journal	
ledger allocation rules	
allocation terms	
accounts for automatic transactions	

NEW QUESTION # 37

You have implemented Dynamics 365 Finance.

You must implement interest fees to encourage customers to pay on time.

You need to configure interest fees.

Which functionality should be configured? To answer, drag the appropriate functionality to the correct scenario. Each functionality may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation:

NEW QUESTION # 38

Drag and Drop Question

A company uses Dynamics 365 Finance.

You need to use the advanced bank reconciliation feature to reconcile bank transactions.

In which order should you perform the actions? To answer, move all actions from the list of actions to the answer area and arrange them in the correct order.

Answer:

Explanation:

NEW QUESTION # 39

You need to configure system functionality for pickle type reporting. What should you use?

- A. procurement categories
- B. procurement category hierarchies
- C. item groups
- D. item model groups
- E. financial dimensions

Answer: C

Explanation:

Topic 3, Alpine Ski House

Case study

This is a case study. Case studies are not timed separately. You can use as much exam time as you would like to complete each case. However, there may be additional case studies and sections on this exam. You must manage your time to ensure that you are able to complete all questions included on this exam in the time provided.

To answer the questions included in a case study, you will need to reference information that is provided in the case study. Case studies might contain exhibits and other resources that provide more information about the scenario that is described in the case study. Each question is independent of the other questions in this case study.

At the end of this case study, a review screen will appear. This screen allows you to review your answers and to make changes before you move to the next section of the exam. After you begin a new section, you cannot return to this section.

To start the case study

To display the first question in this case study, click the button. Use the buttons in the left pane to explore the content of the case study before you answer the questions. Clicking these buttons displays information such as business requirements, existing environment, and problem statements. If the case study has an All Information tab, note that the information displayed is identical to the information displayed on the subsequent tabs. When you are ready to answer a question, click the button to return to the question.

Background

Alpine Ski House has three partially owned franchises and 10 fully owned resorts throughout the United States and Canada. Alpine Ski House's percentage ownership of the franchises is between two and 10 percent.

Alpine Ski House is undergoing an implementation of Dynamics 365 Finance and Dynamics 365 Supply Chain Management to transform their financial management and logistics capabilities across the franchises.

Implementation is complete for Alpine Ski House's corporate offices, two US franchises, and one Canadian franchise. The remaining franchises are in varying stages of the implementation. Two new resort projects are in the budget planning stages and will open in the next fiscal year.

Current environment

Organization and general ledger

- * Each franchise is set up as a legal entity in Dynamics 365 Finance.
- * Alpine Ski House Corporate uses financial dimensions for their fully owned resorts.
- * Each resort is a financial dimension named resort.
- * Each fully owned resort has two divisions: marketing and operations.
- * Only Profit and Loss account postings require the division dimension.
- * Corporate handles the advertising and administration of the fully owned resorts.
- * Corporate uses Dynamics 365 Project Management and Accounting to manage construction of new resorts.

Budgeting

- * Organizational budgeting is decentralized but rolls up to one organizational corporate budget.
- * Each resort manager performs budgeting in Dynamics 365 Finance.
- * Budget preparation begins this month. All operational resorts will submit their budgets in two weeks.

Sales and tax

- * Sales tax is configured and used by all resorts that operate in the United States.
- * You configure one US sales tax vendor account and assign the vendor account to the settlement periods for reporting.
- * You use accounts receivable charges to track donations.

Existing purchasing contracts

- * Each franchise resort has an individual contract with a local supplier of their choosing to purchase at least \$10,000 worth of suppliers during the calendar year.
- * The franchise resorts in one US state receive a two percent discount on meat and vegetable purchases in excess of \$8,000 per year.
- * A franchise resort in Utah has agreed to purchase 1,000 units of beef at market price from a local supplier.

- * Alpine Ski House uses a vendor collaboration portal to track purchase orders and requests for quotes.
- * Vendors request access to the vendor collaboration portal by using a workflow which runs on a nightly schedule.

Intercompany setup

Vendor123 resides in US franchise Company1 and is set up for intercompany transactions. Customer345 resides in Canada franchise Company1 and is set up for intercompany transactions.

Requirements

Franchises

- * Each franchise must pay two percent of monthly sales to Alpine Ski House Corporate.
- * Each franchise must report their own financials to Alpine Ski House Corporate monthly.
- * US franchises require a three-way-match on all purchases, with a 1-percent price tolerance.
- * Canadian franchises require a three-way-match on all purchases except paper products, which have a 10-percent price tolerance.

Corporate

- * Advertising costs must be balanced across the 10 resorts monthly. These costs must be split across the 12 resorts once construction of the final two resorts is completed.
- * Administration costs must be split across the 10 resorts proportional to the amount of sales generated.
- * One percent of all pack and individual ski pass sales must be donated quarterly to an environmental protection organization.
- * The finance department must be able to see purchasing contracts and discounts for vendors based on volume spend.

Employees

All employee expense reports that contain the word must be reviewed for the audit purposes. If a journal is posted incorrectly, the entire journal and not just the incorrect line must be fully reversed for audit purposes.

Resorts

All resorts must use Dynamics 365 Finance for budgeting and must first be approved by the regional manager.

Purchased fixed assets must automatically be acquired at product receipt.

Issues

- * User1 reports that irrelevant dimensions display in the drop down when entering a General journal.
- * User2 reports that dimension 00 is being used for all balance sheet accounts.
- * User3 tries to generate the quarterly sales tax liability payment for a specific state but does not see any payables available for that state's vendor.
- * User4 receives a call from a vendor who cannot access the vendor collaboration portal but needs immediate access.
- * User5 notices a large amount of entertainment expenses being posted without an audit review.
- * User6 needs to have visibility into the increase in budget that is necessary to staff the two new resorts opening next year.
- * User7 needs to use Dynamics 365 Finance for situational budgeting planning with the ability to increase and decrease the existing plans by certain percentages.
- * User8 made a mistake while posting a 1,000-line journal and reverses the entire journal but cannot find the lines that included errors during the reversal.
- * User9 made a mistake while posting a 55-line journal and reverses the entire journal.
- * User10 realizes that the purchase of five new computers did not acquire five new fixed assets upon receipt.

NEW QUESTION # 40

.....

Before you buy MB-310 exam torrent, you can log in to our website to download a free trial question bank, and fully experience the convenience of PDF, APP, and PC three models of MB-310 quiz guide.
