Our company is committed to the success of our customers. All company tenets are customer-oriented. Our FCP_FAZ_AD-7.4

practice questions are created with the utmost profession for we are trained for this kind of FCP_FAZ_AD-7.4 study prep with the experience and knowledge of professionals from leading organizations around the world. Our company FCP_FAZ_AD-7.4 Exam Quiz is truly original question treasure created by specialist research and amended several times before publication.

Fortinet FCP - FortiAnalyzer 7.4 Administrator Sample Questions (Q41-Q46):

NEW QUESTION # 41

What must you configure on FortiAnalyzer to upload a FortiAnalyzer report to a supported external server?
(Choose two.)

- A. Output profile
- B. SFTP, FTP, or SCP server
- C. Report scheduling
- D. Mail server

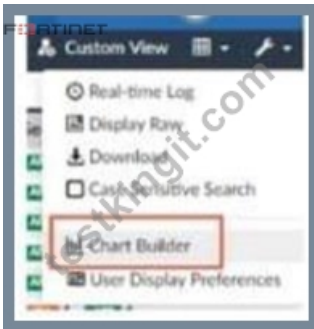

Answer: A,B

Explanation:

<https://docs.fortinet.com/document/fortianalyzer/6.0.2/administration-guide/598322/creating-output-profiles>

NEW QUESTION # 42

Refer to the exhibit.

What is the purpose of using the Chart Builder feature on FortiAnalyzer?

- A. You can add charts to generated reports using this feature.
- B. This feature allows you to build a chart under FortiView.
- C. In Log View, this feature allows you to build a chart and chart automatically, on the top 100 log entries.
- D. In Log View, this feature allows you to build a dataset and chart automatically, based on the filtered search results.

Answer: D

NEW QUESTION # 43

An administrator has configured the following settings:

```
#config system global
  set log-checksum md5-auth
end
```

What is the purpose of executing these commands?

- A. To create the secure channel used by the OFTP process.
- B. To record the hash value and authentication code of log files.
- C. To verify the integrity of the log files received.
- D. To encrypt log transfer between FortiAnalyzer and other devices.

Answer: B

Explanation:

The command `set log-checksum md5-auth` configures FortiAnalyzer to generate an MD5 hash for each log file, along with an authentication code. This ensures that the integrity of the logs can be verified, confirming that the logs have not been tampered with.

NEW QUESTION # 44

Which statement is true about the communication between FortiGate high availability (HA) clusters and FortiAnalyzer?

- A. You must add the device to the cluster first, and then registers the cluster with FortiAnalyzer.
- **B. Only the primary device in the cluster communicates with FortiAnalyzer.**
- C. FortiAnalyzer distinguishes each cluster member by its MAC address.
- D. Each cluster member sends its logs directly to FortiAnalyzer.

Answer: B

Explanation:

In a FortiGate high availability (HA) cluster, only the primary device sends its logs to the FortiAnalyzer.

This is to ensure that logs are not duplicated between the primary and secondary devices in the cluster.

The configuration of the FortiAnalyzer server on the FortiGate is such that the HA primary device is set as the server that forwards the logs.

Reference: FortiAnalyzer 7.4.1 Administration Guide, sections mentioning HA cluster configuration and log forwarding.

NEW QUESTION # 45

Which FortiAnalyzer command erases all device settings, images, databases, and logs on disk, but preserves The network configuration?

- A. `execute formatlogdisk`
- **B. `execute reset all-except-ip`**
- C. `execute format disk`
- D. `execute factory-reset`

Answer: B

Explanation:

On FortiAnalyzer, the command to wipe all device settings, mirrors, databases, and disks, but preserve the network configuration, is: `execute reset all-except-ip`. This command resets the FortiAnalyzer device to factory settings, but preserves network configurations such as IP addresses, gateways, and other network interface settings. This allows the device to remain accessible and reconfigured over the network after a reset.

NEW QUESTION # 46

.....

Only if you download our software and practice no more than 30 hours will you attend your test confidently. Because our FCP_FAZ_AD-7.4 exam torrent can simulate limited-timed examination and online error correcting, it just takes less time and energy for you to prepare the FCP_FAZ_AD-7.4 exam than other study materials. It is very economical that you just spend 20 or 30 hours then you have the FCP_FAZ_AD-7.4 certificate in your hand, which is typically beneficial for your career in the future. Therefore, purchasing the FCP_FAZ_AD-7.4 guide torrent is the best and wisest choice for you to prepare your test.
