### **NEW QUESTION # 120**

A flat profile is the term used to describe assessment results in which the scores

- A. show low client motivation.
- B. indicate average responding.
- C. **have low differentiation.**

**Answer: C**

Explanation:

A flat profile in assessment refers to results where the scores across subtests or scales are very similar, indicating low differentiation. This means there are no marked highs or lows, and the individual's performance does not vary significantly across the measured domains.
