## CEM Latest Exam Test & Valuable CEM Feedback

Our company employs the first-rate expert team which is superior to others both at home and abroad. Our experts team includes the experts who develop and research the CEM study materials for many years and enjoy the great fame among the industry, the senior lecturers who boost plenty of experiences in the information about the exam and published authors who have done a deep research

of the CEM Study Materials and whose articles are highly authorized. They provide strong backing to the compiling of the CEM study materials and reliable exam materials resources. They compile each answer and question carefully.

## AEE Certified Energy Manager (CEM) Sample Questions (Q12-Q17):

### NEW QUESTION # 12

A 50-Hz alternating current (AC) induction motor has 3 pole pairs (6 poles). What is the synchronous speed of the motor?

- A. 750 rpm
- **B. 1,500 rpm**
- C. 1,000 rpm
- D. 600 rpm

**Answer: B**

### NEW QUESTION # 13

Which of the following statements regarding refrigerants is NOT correct?

SELECT THE CORRECT ANSWER

- A. R-32 and R-134a are Hydro Fluoro Carbons with zero ozone depleting potential, and significant global warming impact
- B. R-1234yf is a Hydro Fluoro Olefin with zero ozone depleting potential, and little global warming potential
- C. R-407C is a blended Hydro Fluoro Carbon or near Azeotropic mixture, and can be used as a replacement for R-22 in commercial applications
- D. R-11 and R-12 are Chloro Fluoro Carbons with significant ozone depleting potential
- **E. R-22 is a Hydro Chloro Carbon with significant ozone depleting potential and significant global warming impact**

**Answer: E**

Explanation:

Understanding the environmental impacts of various refrigerants is crucial for energy managers. Let's analyze each statement:  
A: R-407C is a blended Hydro Fluoro Carbon or near Azeotropic mixture, and can be used as a replacement for R-22 in commercial applications. This statement is correct. R-407C is a blend of HFCs designed to replace R-22 in air conditioning systems.

B: R-11 and R-12 are Chloro Fluoro Carbons with significant ozone depleting potential. This is correct. R-11 and R-12 are CFCs known for their high ozone depletion potential.

C: R-1234yf is a Hydro Fluoro Olefin with zero ozone depleting potential, and little global warming potential. Correct. R-1234yf is an HFO with negligible ozone depletion and low global warming potential.

D: R-22 is a Hydro Chloro Carbon with significant ozone depleting potential and significant global warming impact. This statement is incorrect. R-22 is a Hydrochlorofluorocarbon (HCFC), not a Hydro Chloro Carbon. While it does have ozone-depleting potential, its global warming potential is considered moderate, not significant.

E: R-32 and R-134a are Hydro Fluoro Carbons with zero ozone depleting potential, and significant global warming impact. This is correct. Both R-32 and R-134a are HFCs with no ozone depletion potential but have considerable global warming potential.

Conclusion:

The incorrect statement is D. R-22 is a Hydro Chloro Carbon with significant ozone depleting potential and significant global warming impact. Therefore, the correct answer is D.

### NEW QUESTION # 14

In a warehouse, lights are mounted 4 meters above the floor. This provides an average light level of 150 lux.

To increase the light level without installing more lights or higher Wattage lights, you lower the light fixtures with pendants so that the lights are located 3.25 meters above the floor. Calculate the new average light level on the floor.

- A. 166 lux
- B. 276 lux
- C. 176 lux
- D. 150 lux
- **E. 227 lux**

**Answer: E**

### NEW QUESTION # 15

An office building is illuminated with T8 fluorescent lamps. Which of the following is the best schedule for group relamping (total replacement of all the T8 fluorescent lamps in the building)?

- A. When 20% of the ballasts have failed
- B. Every 4 years
- C. When the building owner changes
- **D. When you reach 70% of the rated lamp life**
- E. When 25% of the lamps have failed

**Answer: D**

### NEW QUESTION # 16

Which is the best application for variable-speed drives?

- **A. Centrifugal fan motor in a variable-air volume air-conditioning system**
- B. Waste-water sewer lift pump
- C. Reciprocating air compressor
- D. Centrifugal fan motor in a multi-zone air conditioning system

**Answer: A**

### NEW QUESTION # 17

.....

Do you want to obtain your CEM exam dumps as quickly as possible? If you do, then we will be your best choice. You can receive your download link and password within ten minutes after payment, therefore you can start your learning as early as possible. In addition, we offer you free samples for you to have a try before buying CEM Exam Materials, and you can find the free samples in our website. CEM exam dumps cover all most all knowledge points for the exam, and you can master the major knowledge points for the exam as well as improve your professional ability in the process of learning.

**CEM Latest Exam Test:** <https://www.passexamdumps.com/CEM-valid-exam-dumps.html>

The content of CEM exam materials is very comprehensive, and we are constantly adding new things to it, Over 99% pass rate, AEE CEM Latest Test Questions After all, getting the certification is the direct way to prove your qualification, Our CEM exam review materials have 80% similarity with the CEM real exam, AEE CEM Latest Test Questions That is to say we can ensure that we will provide you with exam information and exam practice questions and answers immediately.

This certification has enabled me acquire lifetime ambition and help to other CEM people to get proper prestige in community, The third domain focuses on the policies, methods and issues that lead to information security government.
