FCSS_LED_AR-7.6 Valid Test Simulator, Reliable FCSS_LED_AR-7.6 Exam Simulations

BONUS!!! Download part of BraindumpsVCE FCSS_LED_AR-7.6 dumps for free: https://drive.google.com/open?id=19pqva17HGBnnH3gyrsp6f8nKF4cOMWhm

Our FCSS_LED_AR-7.6 practice engine is admired by all our customers for our experts' familiarity and dedication with the industry all these years. By their help, you can qualify yourself with high-quality FCSS_LED_AR-7.6 exam materials. Our experts pass onto the exam candidate their know-how of coping with the exam by our FCSS_LED_AR-7.6 Training Questions. And i can say that our FCSS_LED_AR-7.6 study guide is the unique on the market for its high-effective.

Fortinet FCSS_LED_AR-7.6 Exam Syllabus Topics:

Topic	Details
Topic 1	• Central Management: This section addresses managing FortiSwitch via FortiManager over FortiLink, implementing zero-touch provisioning, configuring VLANs, ports, and trunks, and setting up FortiExtender and FortiAP devices.
Topic 2	• Zero-Trust LAN Access: This domain covers machine authentication, MAC Authentication Bypass, NAC policies for wireless security, guest portal deployment, and advanced solutions like FortiLink NAC, dynamic VLAN, and VLAN pooling.

Topic 3	• Authentication: This domain covers advanced user authentication using RADIUS and LDAP, two-factor authentication with digital certificates, and configuring syslog and RADIUS single sign-on on FortiAuthenticator.
Topic 4	• Monitoring and Troubleshooting: This section covers configuring quarantine mechanisms, managing FortiAIOps, troubleshooting FortiGate communication with FortiSwitch and FortiAP, and using monitoring tools for wireless connectivity.

Reliable FCSS_LED_AR-7.6 Exam Simulations & FCSS_LED_AR-7.6 Test Valid

Everything needs a right way. The good method can bring the result with half the effort, the same different exam also needs the good test method. Our FCSS_LED_AR-7.6 study materials in every year are summarized based on the test purpose, every answer is a template, there are subjective and objective exams of two parts, we have in the corresponding modules for different topic of deliberate practice. To this end, our FCSS_LED_AR-7.6 Study Materials in the qualification exam summarize some problem-solving skills, and induce some generic templates.

Fortinet FCSS - LAN Edge 7.6 Architect Sample Questions (Q90-Q95):

NEW QUESTION # 90
You are deploying a FortiSwitch device managed by FortiGate in a secure network environment. To ensure accurate communication, you must identify which protocols are required for communication and control between FortiGate and FortiSwitch. Which three protocols are used by FortiGate to manage and control FortiSwitch devices? (Choose three.)

- A. SNMP can be used by FortiGate to manage FortiSwitch devices by monitoring their status.
- B. UHTTPS is usea;by FortiGate to securely manage and configure FortiSwitch devices.
- C. IGMP is required for managing communication between FortiGate and FortiSwitch devices in multicast environments.
- D. CAPWAP is used to establish the control channel between FortiSwitch and FortiGate.
- E. FortiGate uses the Fortilink protocol to establish communication with FortiSwitch.

Answer: B,D,E

Explanation:
Let's verify each protocol:
C). FortiGate uses the FortiLink protocol to establish communication with FortiSwitch.# FortiLink is the management and control protocol, encapsulated over:
* LLDPfor discovery
* CAPWAP (UDP/5246-5247)for control channel
* DHB (Device Handshake Bus)inside CAPWAP frames
Thus,FortiLink is required.
D). CAPWAP is used to establish the control channel between FortiSwitch and FortiGate.# Although CAPWAP is commonly associated with FortiAP, FortiSwitchalso uses CAPWAPinternally when managed by FortiGate.
This is documented in:
* FortiSwitch Administration Guide
* LAN Edge deployment guide
SoD is correct.
B). UHTTPS is used by FortiGate to securely manage and configure FortiSwitch devices.# FortiLink session actually uses:
* Encrypted CAPWAP (over DTLS)
* UHTTPS (port 4433)for secure configuration exchanges
This protocol is mandatory for:
* Switch configuration synchronization
* Firmware upgrade
* NAC data exchange
* VLAN provisioning
ThereforeUHTTPS is indeed one of the key protocols.

Why the incorrect options are wrong:
A). SNMP can be used by FortiGate to manage FortiSwitch.#
* FortiGate doesnotuse SNMP to manage FortiSwitch.
* SNMP is for monitoring by external systems, not for FortiLink control.
E). IGMP is required for management.#
* IGMP is a multicast protocol, irrelevant for FortiGate-FortiSwitch management.

NEW QUESTION # 91
What logs or tools can be used to troubleshoot wireless AP communication issues in FortiGate?
(Choose two)
Response:

- A. CAPWAP logs
- B. VLAN trunk statistics
- C. Event Logs > WiFi Events
- D. Application control profiles

Answer: A,C

NEW QUESTION # 92
Which two use cases justify configuring automatic quarantine?
(Choose two)
Response:

- A. Malware behavior detected by FortiClient EMS
- B. High CPU usage on a FortiAP
- C. Bulk firmware upgrades
- D. IPS signature match on multiple packets

Answer: A,D

NEW QUESTION # 93
Which steps are required to configure RADIUS SSO (RSSO) on FortiAuthenticator?
(Choose three)
Response:

- A. Enable RSSO in FortiGate security policy
- B. Enable RSSO group mapping
- C. Configure FortiGate to use FortiAuthenticator as RADIUS server
- D. Set FortiAuthenticator as LDAP proxy
- E. Define RSSO attribute in FortiAuthenticator

Answer: B,C,E

NEW QUESTION # 94
An LDAP server has been successfully configured on FortiGate, which forwards authentication requests to a Windows Active Directory (AD) server. Users can authenticate using PAP, but authentication fails with MSCHAPv2. Why is it not recommended to use PAP for authentication?
Response:

- A. PAP does not support domain-based authentication for Active Directory.
- B. PAP sends passwords in cleartext.
- C. PAP requires the use of an insecure port that is easily blocked by firewalls.
- D. PAP is only supported for local user accounts, not external authentication sources.

Answer: B

NEW QUESTION # 95

......

The price of our FCSS_LED_AR-7.6 study quiz is very reasonably, so we do not overcharge you at all. compared with the prices of the other providers', you will find that our price of FCSS_LED_AR-7.6 exam dumps is quite favourable. Meanwhile, our FCSS_LED_AR-7.6 Training Materials are demonstrably high effective to help you get the essence of the knowledge which was convoluted. You will find that passing the FCSS_LED_AR-7.6 exam is as easy as pie.
