By handpicking what the C\_SIGVT\_2506 practice exam usually tested in exam and compile them into our C\_SIGVT\_2506 practice materials, they win wide acceptance with first-rank praise. To go with the changing neighborhood, we need to improve our efficiency of solving problems as well as the new contents accordingly, so all points are highly fresh about in compliance with the syllabus of the exam.

## SAP Certified Associate - Validating Business Transformation Sample

## Questions (Q12-Q17):

### NEW QUESTION # 12

SAP LeanIX Fact Sheets can represent which of the following?

- A. RACI matrices
- **B. Applications, interfaces, and capabilities**
- C. Audit logs
- D. Survey forms

**Answer: B**

Explanation:

Fact Sheets are the central information objects used in SAP LeanIX. They document key architectural components such as applications, interfaces, and business capabilities. Each Fact Sheet provides lifecycle details, ownership, dependencies, and relationships to other IT and business elements. This structure enables organizations to maintain a clear and consistent representation of their enterprise architecture. Survey forms, audit logs, or RACI matrices are not core Fact Sheet types.

### NEW QUESTION # 13

What does Cloud ALM Integration & Exception Monitoring track?

- A. Business partner roles
- B. Cross-system process adherence
- C. Cloud API changes
- **D. Communication failures between systems**

**Answer: D**

Explanation:

Integration & Exception Monitoring in SAP Cloud ALM provides transparency into message flows and data exchanges between integrated systems. It identifies communication failures, processing delays, and error situations across cloud and on-premise landscapes. This helps operations teams quickly identify root causes and ensure uninterrupted business processes. It does not track master data roles or cross-system process conformance; its focus is strictly on integration health and exception handling.

### NEW QUESTION # 14

What is the significance of data privacy compliance in a clean core strategy?

- A. It eliminates the need for data archiving
- B. It allows unrestricted access to all data.
- **C. It ensures data is stored and processed only for justifiable purposes.**
- D. It focuses on data duplication.

**Answer: C**

### NEW QUESTION # 15

Which of the following are dimensions of the clean core concept?

(3 correct answers)

- A. Applications
- **B. Configurations**
- **C. Processes**
- **D. Integrations**
- E. Operations

**Answer: B,C,D**

Explanation:

The clean core concept is fundamental to SAP's cloud strategy and governs how organizations should structure their ERP systems to

remain flexible, upgradeable, and stable. One key dimension is Configurations, which must follow SAP-recommended patterns and avoid unnecessary customizations that compromise upgradeability. Configurations define how the system behaves, and keeping them standardized ensures that the core can remain clean. A second dimension is Integrations. Clean core principles emphasize using SAP-approved integration patterns, APIs, and event-driven models rather than modifying the underlying system. By handling extensions and integrations through platforms like SAP Business Technology Platform, organizations avoid invasive changes that would otherwise jeopardize upgrades or system stability. A third dimension is Processes, referring to the ability to adopt SAP's standard end-to-end processes wherever possible. Aligning with SAP best practices minimizes the need for enhancements in the core system and ensures compatibility with future innovations. Applications and operations are not part of the formal clean core dimensions; rather, they are broader parts of the overall IT landscape. The clean core dimensions focus specifically on system configuration, integration behavior, and business process alignment—ensuring that SAP systems remain cloud-ready and agile.

#### NEW QUESTION # 16

SAP LeanIX Fact Sheets can represent which of the following?

- A. Audit Logs
- B. RACI Matrices
- C. Application, interfaces, and capabilities
- D. Survey Forms

**Answer: C**

#### NEW QUESTION # 17
