Valid MD-102 Dumps Demo - MD-102 Latest Exam Format

We offer a money-back guarantee, which means we are obliged to return 100% of your sum (terms and conditions apply) in case of any unsatisfactory results. Even though the Microsoft experts who have designed MD-102 assure us that anyone who studies properly cannot fail the exam, we still offer a money-back guarantee. This way we prevent pre and post-purchase anxiety.

Microsoft Endpoint Administrator Sample Questions (Q20-Q25):

NEW QUESTION # 20
Your network contains an Active Directory domain. Active Directory is synced with Microsoft Azure Active Directory (Azure AD).
There are 500 Active Directory domain-joined computers that run Windows 10 and are enrolled in Microsoft Intune.
You plan to implement Microsoft Defender Exploit Guard.

You need to create a custom Microsoft Defender Exploit Guard policy, and then distribute the policy to all the computers.
What should you do? To answer, select the appropriate options in the answer area.
NOTE: Each correct selection is worth one point.

Answer:

Explanation:

https://docs.microsoft.com/en-us/windows/security/threat-protection/microsoft-defender-atp/enable-exploit-protection

NEW QUESTION # 21

You have devices enrolled in Microsoft Intune as shown in the following table.

On which devices can you apply app configuration policies?

- A. Device1, Device2, Device B, and Device4
- B. Device1 and Device2 only
- C. Device2 only
- D. Device2, Device3, and Device4 only
- E. Device3 and Device4 only

Answer: E

Explanation:

The correct answer is D because app configuration policies can be applied to managed devices and managed apps1. Managed devices are enrolled and managed by Intune, while managed apps are integrated with Intune App SDK or wrapped using the Intune Wrapping Tool1. Device2, Device3, and Device4 are either enrolled in Intune or have managed apps installed, so they can receive app configuration policies2. Device1 is not enrolled in any MDM solution and does not have any managed apps installed, so it cannot receive app configuration policies2. NEW QUESTION # 22

Hotspot Question
Your network contains an Active Directory domain named contoso.com that syncs to Azure Active Directory (Azure AD). The domain contains the users shown in the following table.

Enterprise State Roaming is enabled for User2.
You have the computers shown in the following table.
For each of the following statements, select Yes if the statement is true. Otherwise, select No.
NOTE: Each correct selection is worth one point.

Answer:

Explanation:

Explanation:
The requirements of Enterprise State Roaming are:
Windows 10, with the latest updates, and a minimum Version 1511 (OS Build 10586 or later) is installed on the device.
The device is Azure AD joined or hybrid Azure AD joined.
Ensure that Enterprise State Roaming is enabled for the tenant in Azure AD.
The user is assigned an Azure Active Directory Premium license.
The device must be restarted and the user must sign in again to access Enterprise State Roaming features.
Box 1: No
Computer2 runs Windows 8.1.
Enterprise State Roaming requires Windows 10, with the latest updates, and a minimum Version
1511 (OS Build 10586).
Also, Enterprise State Roaming is enabled for User2, not for User1.

Box 2: No
The device must be Azure AD joined or hybrid Azure AD joined. Your network contains an Active Directory domain named contoso.com that syncs to Azure Active Directory (Azure AD), in other words, a hybrid Azure AD. Also, Enterprise State Roaming is enabled for User2, not for User1.
Box 3: Yes

Topic 3, Contoso Ltd, Case 2
Overview
Contoso, Ltd, is a consulting company that has a main office in Montreal and two branch offices in Seattle and New York.
Contoso has the users and computers shown in the following table.
The company has IT, human resources (HR), legal (LEG), marketing (MKG) and finance (FIN) departments.
Contoso uses Microsoft Store for Business and recently purchased a Microsoft 365 subscription.
The company is opening a new branch office in Phoenix. Most of the users in the Phoenix office will work from home.
Existing Environment
The network contains an Active Directory domain named contoso.com that is synced to Microsoft Azure Active Directory (Azure AD).
All member servers run Windows Server 2016. All laptops and desktop computers run Windows 10 Enterprise.
The computers are managed by using Microsoft System Center Configuration Manager. The mobile devices are managed by using Microsoft Intune.
The naming convention for the computers is the department acronym, followed by a hyphen, and then four numbers, for example, FIN-6785. All the computers are joined to the on-premises Active Directory domain.
Each department has an organization unit (OU) that contains a child OU named Computers. Each computer account is in the Computers OU of its respective department.
Intune Configuration
Requirements
Planned Changes
Contoso plans to implement the following changes:
Provide new computers to the Phoenix office users. The new computers have Windows 10 Pro preinstalled and were purchased already.
Start using a free Microsoft Store for Business app named App1.
Implement co-management for the computers.
Technical Requirements:
Contoso must meet the following technical requirements:
Ensure that the users in a group named Group4 can only access Microsoft Exchange Online from devices that are enrolled in Intune.
Deploy Windows 10 Enterprise to the computers of the Phoenix office users by using Windows Autopilot.
Monitor the computers in the LEG department by using Windows Analytics.
Create a provisioning package for new computers in the HR department.
Block iOS devices from sending diagnostic and usage telemetry data.
Use the principle of least privilege whenever possible.
Enable the users in the MKG department to use App1.
Pilot co-management for the IT department.

NEW QUESTION # 24

You have an Azure AD tenant that contains the devices shown in the following table.

Which devices can be activated by using subscription activation?

- A. Device1 and Device3 only
- B. Device 1 only
- C. Device1, Device2. Device3, and Device4
- D. Device1 and Device2 only

Answer: A

NEW QUESTION # 25

......

For candidate who wants a better job through obtaining a certificate, passing the exam becomes significant. Our MD-102 Study Materials will offer you a chance like this. Our MD-102 study guide is known for the high quality and high accuracy. We are pass guarantee and money back guarantee for our customers. If you can get the certificate, you will have a better competitive power in the job market and have more opportunity.
