BTW, DOWNLOAD part of BraindumpsIT NCP-EUC dumps from Cloud Storage: <https://drive.google.com/open?id=1novJizBeqcz1OdNx5JpC8XqfTcl>

Our Nutanix NCP-EUC web-based practice exam software also simulates the Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam (NCP-EUC) environment. These Nutanix NCP-EUC mock exams are also customizable to change the settings so that you can practice according to your preparation needs. BraindumpsIT web-based NCP-EUC Practice Exam software is usable only with a good internet connection.

The NCP-EUC exam covers a wide range of topics, including virtual desktop infrastructure (VDI), desktop as a service (DaaS), application virtualization, and user environment management. NCP-EUC exam also covers the various Nutanix end-user computing products, such as Nutanix Frame, Nutanix Xi Frame, and Nutanix Xi Leap. Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam certification exam is designed to test the candidate's knowledge and understanding of these topics and their ability to apply this knowledge in real-world scenarios.

The NCP-EUC Certification Exam is an industry-recognized credential that can help IT professionals advance their careers. Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam certification validates the candidate's proficiency in handling Nutanix VDI solutions and gives them a competitive edge in the job market. Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam certification is also a requirement for many job positions that deal with VDI solutions, making it a must-have for IT professionals aspiring to work in this field.

Quiz 2026 Nutanix NCP-EUC: Trustable Dumps Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam PDF

BraindumpsIT is unlike other similar platforms, our NCP-EUC real test can be downloaded for free trial before purchase, which allows you to understand our sample questions and software usage. It will also enable you to make a decision based on your own needs and will not regret. And we have organized a group of professionals to revise our NCP-EUC Preparation materials. The simple and easy-to-understand language of NCP-EUC guide torrent frees any learner from studying difficulties, whether for students or office workers. And the pass rate of our NCP-EUC exam questions is as high as 99% to 100%.

Nutanix Certified Professional - End User Computing (NCP-EUC) 6.10 Exam Sample Questions (Q124-Q129):

NEW QUESTION # 124

An administrator has been provided additional business requirements for the newly formed business continuity plan. Objectives include the following:

- * Seamless failover
- * Retaining IPs
- * Failover to a DRaaS

Which Nutanix provided platform which the administrator choose?

- A. NC2 on Azure
- B. Leap DR
- C. NC2 on AWS
- D. Xi Leap

Answer: D

Explanation:

A cloud-based DR service that allows customers to protect their Nutanix workloads in a Nutanix-owned cloud platform⁶. Xi Leap eliminates the need for multiple products and provides end-to-end security, automation, and SLA compliance⁶.

NEW QUESTION # 125

An administrator has been given a new support role for a group of 1000 users, which are all running Windows 10 Linked Clone virtual desktops,

The administrator learns quickly that the environment has been undersized with constant complaints from the user community around running out of storage. The administrator further discovers that the environment is memory constrained.

Which feature should the administrator enable to help relieve the capacity issue?

- A. Auto-tiering
- B. Compression
- C. Erasure Coding
- D. Deduplication

Answer: D

Explanation:

Deduplication is a process that eliminates duplicate data blocks and reduces the amount of storage space required for virtual desktops. Deduplication can be enabled at both cluster level and container level on Nutanix.

Deduplication can also work with VCAI (View Composer Array Integration), which is a feature that uses Nutanix native NFS snapshot technology to clone VMs². VCAI can improve performance and reduce storage consumption for linked-clone desktop pools.

Another feature that can help with capacity issue is Shadow Clones, which is a distributed caching mechanism that allows multiple VMs to read from a single vDisk copy stored locally on each node³. Shadow Clones can reduce network traffic and improve boot times for virtual desktops.

NEW QUESTION # 126

After receiving multiple complaints from VMware Horizon-based virtual desktop users about their slower logon and application load times, an administrator performed troubleshooting on the issue to optimize the environment.

The following discoveries were made on the Nutanix cluster:

- A. Failed to create Native clone errors.
- B. 4% average CPU Ready time
- C. Host power Policy set to High Performance
- D. 75% average memory utilization

Answer: A

Explanation:

one of the possible causes of slower logon and application load times for VMware Horizon-based virtual desktop users is Failed to create Native clone errors. This error occurs when there is a problem with cloning virtual machines using Nutanix Native Clones technology. To troubleshoot this issue, you can check the following:

- * The Nutanix cluster has enough free space to create clones
- * The Nutanix cluster has enough CPU and memory resources to handle cloning operations
- * The Nutanix cluster is running a compatible version of AOS and AHV with VMware Horizon
- * The VMware Horizon environment is configured correctly to use Nutanix Native Clones
- * The VMware Horizon agent is installed and updated on the master image

NEW QUESTION # 127

What is the AHV Xi PC plug-in used for?

- A. When Prism Central resides in NC2 Cloud on Azure
- B. When prism Central resides on prem
- C. When Prism Central resides in NC2 Cloud on AWS
- **D. When Prism Central resides in Xi Cloud**

Answer: D

Explanation:

AHV Xi PC plug-in is used for when Prism Central resides in Xi Cloud. Prism Central is a management plane that provides centralized control and visibility across multiple Nutanix clusters and clouds. Xi Cloud is a hybrid cloud platform that enables customers to run their applications and workloads on Nutanix infrastructure in public cloud environments such as AWS and Azure2. The AHV Xi PC plug-in allows customers to use Citrix Virtual Apps and Desktops with Nutanix AHV clusters running on Xi Cloud3.

NEW QUESTION # 128

A company has started planning for migration to Windows 11. An administrator is looking over the requirements for boot and security settings at the VM level to prepare to build new base images.

Which option can the administrator exclude from the requirements list for running Windows 11 VMs on AHV?

- **A. Credential Guard**
- B. Secure Boot
- C. vTPM
- D. UEFI

Answer: A

Explanation:

According to Nutanix AHV support documentation for Windows 11, the operating system enforces strict hardware requirements for installation and booting. These mandatory requirements include:

- * UEFI firmware (Legacy BIOS is not supported).
- * Secure Boot enabled.
- * vTPM (Virtual Trusted Platform Module) version 2.0.

Credential Guard is a security feature (Virtualization-Based Security) available in Windows 11 that protects credentials, but it is not a mandatory requirement to successfully install or boot the operating system. While Nutanix AHV supports Credential Guard, an administrator can validly exclude it from the minimum requirements list needed just to get the VMs running, whereas excluding vTPM, UEFI, or Secure Boot would cause the OS installation or boot process to fail.

NEW QUESTION # 129

.....

As a member of the people working in the NCP-EUC industry, do you have a headache for passing some Nutanix certification exams? Generally, NCP-EUC certification exams are used to test the examinee's related NCP-EUC professional knowledge and experience and it is not easy pass these exams. For the examinees who are the first time to participate NCP-EUC certification exam, choosing a good pertinent training program is very necessary. BraindumpsIT can offer a specific training program for many examinees participating in Nutanix certification exams. Our training program includes simulation test before the formal examination, specific training course and the current exam which has 95% similarity with the real exam. Please add BraindumpsIT to you shopping car quickly.
