Our methods are tested and proven by more than 90,000

successful Splunk certification examinees whose trusted Easy4Engine. Want to know what they said about us, visit our testimonial section and read first-hand experiences from verified users.

Splunk Core Certified Power User Exam Sample Questions (Q150-Q155):

NEW QUESTION # 150

For the following search, which command would further filter for only IP addresses present more than five times?

- A. `index=games | search IP_Count > 5`
- B. `index=games | search IP > 5`
- C. `index=games | stats count as IP_count by IP | where IP_count > 5`
- D. `index=games | where IP > 5`

Answer: C

Explanation:

To filter for only IP addresses that appear more than five times in the search results for `index=games`, you can use a combination of the `stats` and `where` commands. The `stats` command counts the occurrences of each IP address and assigns the count to `IP_count`.

The `where` command then filters the results to include only those IP addresses with a count greater than five.

Here is how the complete search would look:

```
index=games | stats count as IP_count by IP | where IP_count > 5
```

NEW QUESTION # 151

A user wants to convert numeric field values to strings and also to sort on those values.

Which command should be used first, the `eval` or the `sort`?

- A. You cannot use the `sort` command and the `eval` command on the same field.
- B. Use `sort` first, then convert the numeric to a string with `eval`.
- C. It doesn't matter whether `eval` or `sort` is used first.
- D. Convert the numeric to a string with `eval` first, then `sort`.

Answer: D

NEW QUESTION # 152

Where are the descriptions of the data models that come with the Splunk Common Information Model (CIM) Add-on documented?

- A. Search and reporting user manual.
- B. Pivot users manual.
- C. [CIM Add-on manual](#).
- D. `Datamodel` command reference guide.

Answer: C

Explanation:

The CIM Add-on manual contains the descriptions of the data models that come with the Splunk Common Information Model (CIM) Add-on, as well as how to set up, use, and customize the add-on.
