Pass Guaranteed 2026 UiPath UiAAAv1 Updated Reliable Mock Test

As we all know, examination is a difficult problem for most students, but getting the test UiAAAv1 certification and obtaining the relevant certificate is of great significance to the workers. Fortunately, however, you don't have to worry about this kind of problem anymore because you can find the best solution- UiAAAv1 practice materials. With our technology and ancillary facilities of the continuous investment and research, our company's future is a bright, the UiAAAv1 study tools have many advantages, and the pass rate of our UiAAAv1 exam questions is as high as 99% to 100%.

UiPath Agentic Automation Associate Sample Questions (Q36-Q41):

NEW QUESTION # 36

After creating a new machine catalog using the Machine Creation Services (MCS) wizard in Citrix Studio, a Citrix Administrator determines that Windows activation fails for all new machines in that catalog. Which two conditions can cause this to happen? (Choose two.)

- A. The base image rearm count has been exceeded.
- B. The version of Windows installed uses Multiple Activation Key (MAK) licensing.
- C. The version of Windows installed is Windows Server 2012 R2.
- D. The Microsoft License Server is unreachable.

Answer: A,B

Explanation:

Rearm count exceeded: If the base image has been sysprepped too many times, the rearm count may be exhausted, preventing Windows activation on cloned machines.

MAK licensing: MCS-provisioned machines are treated as newly deployed instances. MAK licensing is not suitable for this scenario because each clone would require its own activation, leading to failures.

NEW QUESTION # 37

Which PowerShell command should a Citrix Administrator run to obtain the name of a deployment, the local host cache configuration and the license level?

- **A. Get-BrokerSite**
- B. Get-BrokerCatalog
- C. Get-BrokerResource
- D. Get-BrokerController

Answer: A

Explanation:

The Get-BrokerSite PowerShell command retrieves details about the Citrix Site, including the deployment name, local host cache configuration, and license level. This makes it the correct command for gathering this type of information.

NEW QUESTION # 38

Scenario: A Citrix Administrator created a machine catalog using Machine Creation Services. The Desktop Experience was set to 'Random'.

Where will the unique information for the virtual machines be stored?

- **A. In the identity disk of each virtual machine**
- B. Only in the Site database
- C. In the PERSONALITY.INI file at the root directory of each virtual machine
- D. In the differencing disk of each virtual machine

Answer: A

NEW QUESTION # 39

Scenario: A Citrix Administrator is investigating an issue in which a user's session does NOT successfully end after closing the last published application. The administrator used Task Manager to inspect the hanging session but could NOT find any relevant information. Which tool could the administrator use to get further details on orphaned processes in the session?

- A. Regmon
- **B. Process Explorer**
- C. Handle
- D. Procmon

Answer: B

Explanation:

Process Explorer provides detailed insight into running processes, their parent-child relationships, and resource usage. It is the best tool to identify orphaned processes that prevent a Citrix session from ending after the last application is closed.

NEW QUESTION # 40

Which type of certificate should a Citrix Administrator request so that a client endpoint can communicate with StoreFront over an encrypted connection?

- A. Root
- **B. Server**
- C. Intermediate
- D. Client

Answer: B

Explanation:

A server certificate must be installed on the StoreFront server to enable secure HTTPS communication. The client endpoint relies on this certificate to establish an encrypted TLS connection with StoreFront.

NEW QUESTION # 41

.....

The only way to save yourself from this scenario is by relying on UiPath UiAAAv1 study material. Pass4Leader equips you with the excellent UiPath UiAAAv1 dumps material to help you clear the UiPath UiAAAv1 real examination on the maiden attempt. One of the leading factors of Pass4Leader in this industry is offering only top-rated and updated UiAAAv1 Exams practice questions.
