We will help you pass the L4M4 exam in the shortest time.

CIPS Ethical and Responsible Sourcing Sample Questions (Q75-Q80):

NEW QUESTION # 75

What are the risks of outsourcing?

- * Loss of control of project
- * Loss of assets
- * Loss of future business opportunities
- * Loss of private information

- A. 3 and 4 only
- B. 1 and 4 only

- C. 1 and 2 only
- D. 2 and 3 only

Answer: B

Explanation:

Loss of control and loss of private information are significant risks in outsourcing. Responsible sourcing involves mitigating these risks by setting clear agreements, monitoring, and safeguarding sensitive information to maintain control over outsourced activities.

NEW QUESTION # 76

You have been asked to set some key performance indicators (KPIs) for your local stationery provider and you decide to set the following requirements:

To deliver all orders within a one-hour period

To collect any returns within one hour

Are these KPIs appropriate?

- A. Yes, because they are local so it should be easy for them if they want the business
- B. Yes, because the customer is always right so the supplier should do it
- C. No, because you do not want to make demands and ruin future relations
- **D. No, because they are not realistic or achievable for a company to fulfil**

Answer: D

Explanation:

KPIs must be realistic, measurable, and achievable to drive performance improvement without creating unfair or unworkable expectations. Requiring delivery and returns within one hour is unlikely to be practical, even for a local supplier, and could increase costs, operational strain, or service failure. Ethical and responsible sourcing promotes setting proportionate KPIs that support continuous improvement and sustainable supplier relationships. Unrealistic KPIs undermine collaboration, damage trust, and may result in non-compliance rather than improved performance.

NEW QUESTION # 77

Tariffs and import duties imposed on a buying organisation for goods purchased from an international supplier provide benefit to ...

- **A. The domestic industry through reduced competition**
- B. Local competitors through lower prices
- C. Consumers by having access to lower-priced goods
- D. The supplying organisation as they receive additional payment

Answer: A

Explanation:

Tariffs/import duties increase the landed cost of imports, which shields domestic producers by making foreign alternatives relatively more expensive. They do not go to the foreign supplier and typically do not lower consumer prices.

Reference: CIPS L4M4 Study Guide (v2): LO "Implications of global sourcing" - trade barriers (tariffs/non-tariffs) and their market effects.

NEW QUESTION # 78

Which of the following is not a Human Rights as protected by the UN Declaration on Human Rights?

- A. freedom of Belief and to change beliefs
- B. the right to free speech
- **C. the right to change nationality**
- D. the right to be treated equally

Answer: C
