Don't waste your time with unhelpful study methods. There are plenty of options available, but not all of them are suitable to help you pass the SAP Certified Associate - SAP Business One (C-TB120-2504) exam. Some resources out there may even do more harm than good by leading you astray. Our C-TB120-2504 Exam Dumps are available with a free demo and up to 1 year of free updates.

## SAP C-TB120-2504 Exam Syllabus Topics:

| Topic   | Details                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|---------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Topic 1 | <ul style="list-style-type: none"><li>Logistics: This domain targets Supply Chain Managers and Operations Specialists and focuses on knowledge of key business processes within sales, purchasing, warehouse management, MRP, production, and customer service in SAP Business One. Candidates describe how to set up logistics, CRM, and service functionalities and demonstrate the ability to perform common logistics tasks efficiently. This domain accounts for approximately 40% of the exam.</li></ul>                                                                                                                      |
| Topic 2 | <ul style="list-style-type: none"><li>Implementation: This section of the exam measures skills of SAP Business One Consultants and Implementation Specialists and covers the use of tools provided in the Implementation Center alongside SAP's implementation methodology to run a successful project. Candidates demonstrate the ability to set up and configure a new SAP Business One company, including initialization settings, customization tools, cockpit analytics, user settings, and authorizations. Compliance with SAP's maintenance policy is also assessed. This domain represents about 30% of the exam.</li></ul> |
| Topic 3 | <ul style="list-style-type: none"><li>Financials: This section measures skills of Financial Controllers and Accounting Specialists regarding business processes related to posting journal entries, payments, reconciliations, fixed assets, cost accounting, and financial and accounting reporting. Candidates learn to set up financial elements such as G</li><li>L account defaults, chart of accounts, currencies, and posting periods. They also demonstrate competence in performing common financial and banking operations. This domain contributes about 30% to the exam.</li></ul>                                      |
