SAP Certified Associate - Implementation Consultant - SAP Ariba Contracts Sample Questions (Q14-Q19):

NEW QUESTION # 14

When a contract workspace is created, the Contract Owner cannot add additional users to a specific project group. Why is the user not allowed to add additional team members?

- A. The "Can owner edit this Project Group" option in template is set to "No".
- B. The project group was uploaded through the Data Import/Export tool.
- C. The user does not have sufficient permissions.
- D. The template is deactivated.

Answer: A

NEW QUESTION # 15

In the default configuration, which Contract Workspace header field is an Editable Property and can be used just once in a contract document?

- A. Effective Date
- B. Commodity
- C. Supplier Name
- D. Region

Answer: A

Explanation:

Solution:

The correct answer from learning.sap.com is:

- * Effective Date

Explanation from the site:

According to the "Setting up Document Properties" lesson:

*By default, the agreement date, effective date, and expiration date can be configured as editable document properties. These editable properties can be used only once in any given contract document. SAP Learning Thus, among your options (A-D):

- *A. Effective Date is indeed an editable property that can be used just once in a contract document.

The other fields (Commodity, Region, Supplier Name) are by default read-only document properties and can be used multiple times in a contract document. SAP Learning+1

NEW QUESTION # 16

Which conditions have to be met for a user to copy an existing contract workspace? Note: There are 2 correct answers to this question.

- A. The template configuration must allow for the contract workspace to be copied.
- B. The new contract workspace must have the same expiration date as the copied one.
- C. The user must have the system permission to create contract workspaces.
- D. The Access Control settings of the existing contract workspace must allow the user access to the contract workspace.

Answer: A,C

Explanation:

Solution:

The two conditions are:

* A. The template configuration must allow for the contract workspace to be copied. SAP Learning

* D. The user must have the system permission to create contract workspaces. SAP Learning
