SAP C_WME_2506 Exam Questions in exam preparation

I believe that you must know Prep4King, because it is the website with currently the highest passing rate of C_WME_2506 certification exam in the market. You can download a part of C_WME_2506 free demo and answers on probation before purchase. After using it, you will find the accuracy rate of our C_WME_2506 test training materials is very high. What's more, after buying our C_WME_2506 exam dumps, we will provide renewal services freely as long as one year.

SAP C_WME_2506 Exam Syllabus Topics:

Topic	Details
Topic 1	• Advancing your Skills in Building WalkMe Solutions: This section of the exam tests the advanced competencies of functional and business analysts in designing more complex and customized WalkMe solutions within SAP platforms. It requires a deeper understanding of user segmentation, advanced rules and triggers, performance optimization, and the use of analytics to refine user experiences. Candidates are expected to demonstrate their ability to design scalable and impactful guidance that aligns with SAP business processes and drives user adoption across the enterprise.
Topic 2	• Getting Started with Building WalkMe Solutions: This section of the exam evaluates the capabilities of WalkMe implementers and focuses on the practical aspects of creating and configuring WalkMe solutions. It includes understanding the WalkMe Editor, planning solution flows, creating Smart Walk-Thrus, Launchers, and ShoutOuts, and managing end-user guidance effectively. Candidates should be comfortable building initial WalkMe experiences that improve SAP usability and provide contextual help for users navigating SAP applications.
Topic 3	• Starting your Digital Adoption Journey: WalkMe Fundamentals: This section of the exam measures the skills of SAP project managers and covers the foundational concepts of digital adoption within SAP environments using WalkMe. Candidates are expected to understand the value of digital adoption platforms, the basic components of WalkMe, and how these tools align with business goals. The section emphasizes knowledge of the user experience within SAP and the ability to identify opportunities for improving digital workflows through in-app guidance and automation.

SAP Certified Associate - WalkMe Digital Adoption Consultant Sample Questions (Q32-Q37):

NEW QUESTION # 32

While doing Quality Assurance for a SmartTip, you notice that when you scroll up and down the page the SmartTip appears to scroll up and down as well before snapping back to its proper location next to your element. Which configuration should you adjust to fix this?

- A. Z-Index
- B. Display Condition
- C. Selected Element→ Appears and disappears as a result of end user action
- **D. Lock to Element**

Answer: D

NEW QUESTION # 33

When are SmartTip validation rules evaluated?

- A. When the user enters content into a field.
- B. When the user refreshes the page.
- C. When the user clicks into a field.
- **D. When the user enters content into a field and then clicks or tabs outside of the field.**

Answer: D

NEW QUESTION # 34

You are working on a Smart Walk-Thru step for which there are two buttons a user could click to move forward in the process. After they click either button, the remainder of the process is the same.

Which option below is the best way to address this?

- A. Use a SmartTip to let the users know they can click either button for the flow to continue.

- B. Add a Custom Trigger with multiple conditions.
- C. Create a Split Step.
- D. Add a Peer Step.

Answer: B

NEW QUESTION # 35

Your IT team needs all employees to complete a critical computer update by the end of the day to prevent cyber-attacks. What is the best strategy to implement for this use case?

- A. Have a ShoutOut appear in the middle of the screen and add a 'Remind me tomorrow' button.
- B. Have a ShoutOut appear in the middle of the screen with only a call to action button to complete the update.
- C. Add a Launcher to the top of the page that says 'Click here' and opens a Knowledge Base article.
- D. Place a ShoutOut at the bottom of the screen and let the end user click on the call to action when they want.

Answer: B

Explanation:

For urgent and critical tasks, such as a mandatory computer update to prevent cyber-attacks, WalkMe ShoutOuts are effective for grabbing user attention and driving immediate action. A ShoutOut positioned in the middle of the screen with a single call to action (CTA) button to complete the update ensures high visibility and encourages prompt compliance. Including only one CTA avoids distractions and aligns with the urgency of the task, as users are guided directly to the update process without options to delay or seek additional information.

The other options are less effective:

- * Option B (ShoutOut at the bottom) is less noticeable and allows users to delay action, which is risky for a critical update.
- * Option C (Launcher with a Knowledge Base article) provides information but doesn't directly facilitate the update process.
- * Option D (ShoutOut with a 'Remind me tomorrow' button) undermines the urgency by allowing users to postpone the update.

Extract from Official WalkMe Documentation:

Per the WalkMe Editor User Guide (SAP WalkMe Digital Adoption Consultant Study Guide, Section 2.9:

ShoutOuts):

"ShoutOuts are ideal for urgent announcements requiring immediate user action. Positioning a ShoutOut in the center of the screen with a single, clear call to action maximizes engagement and drives compliance with critical tasks." The course Advancing Your Skills in Building WalkMe Solutions advises:

"For time-sensitive and mandatory actions, such as security updates, use a centrally placed ShoutOut with a single CTA to ensure users prioritize the task. Avoid options that allow postponement to maintain urgency." Option A is the best strategy for this critical use case.

Course: Advancing Your Skills in Building WalkMe Solutions, Module 12: Designing Urgent Notifications.

NEW QUESTION # 36

Where would you go to open a support ticket with WalkMe's technical experts?

- A. Insights
- B. WalkMe Console
- C. WalkMe World Community
- D. Admin Center

Answer: B

NEW QUESTION # 37

.....
