CertNexus CFR-410 Reliable Test Practice, CFR-410 Download Fee

In the past few years, CFR-410 study materials have helped countless candidates pass the CFR-410 exam. After having a CFR-410 certification, some of them encountered better opportunities for development, some went to great companies, and some became

professionals in the field. CFR-410 study materials have stood the test of time and market and received countless praises. Through the good reputation of word of mouth, more and more people choose to use CFR-410 Study Materials to prepare for the CFR-410 exam, which makes us very gratified. Please be assured that we will stand firmly by every warrior who will pass the exam. CFR-410 study materials have the following characteristics:

CertNexus CyberSec First Responder Sample Questions (Q34-Q39):

NEW QUESTION # 34

An organization was recently hit with a ransomware attack that encrypted critical documents and files that were stored on the corporate file server.

Which of the following provides the organization with the BEST chance for recovering their data?

- A. Antivirus software
- **B. Offsite backups**
- C. Paying the ransom
- D. Application white listing!

Answer: B

Explanation:

Offsite backups provide the best chance for data recovery after a ransomware attack. Since the critical documents and files are encrypted, having backups stored in a secure offsite location allows the organization to restore the files without having to rely on paying the ransom or trying to recover the data from the compromised system.

NEW QUESTION # 35

A company that maintains a public city infrastructure was breached and information about future city projects was leaked. After the post-incident phase of the process has been completed, which of the following would be PRIMARY focus of the incident response team?

- A. Restore service and eliminate the business impact.
- **B. Determine effective policy changes.**
- C. Inform the company board about the incident.
- D. Contact the city police for official investigation.

Answer: B

NEW QUESTION # 36

A company website was hacked via the following SQL query:

email, passwd, login_id, full_name FROM members

WHERE email = "attacker@somewhere.com"; DROP TABLE members; -"

Which of the following did the hackers perform?

- **A. Deleted the email password and login details**
- B. Deleted the entire members table
- C. Performed a cross-site scripting (XSS) attack
- D. Cleared tracks of attacker@somewhere.com entries

Answer: A

NEW QUESTION # 37

Which of the following are core functions of SIEM solutions?

- A. Static malware analysis, dynamic malware analysis, and incident detection.
- **B. Alerts of potential attacks, forensic investigations, and incident detection.**
- C. Forensic investigations, threat modeling, and big data analysis.
- D. Malware analysis, forensic investigations, and incident detection.

Answer: B

Explanation:

The core functions of SIEM (Security Information and Event Management) solutions typically include:

Alerts of potential attacks: SIEM systems monitor network traffic, system logs, and security events to detect suspicious activity and generate alerts.

Forensic investigations: SIEM solutions provide tools for investigating past events and identifying the root cause of security incidents.

Incident detection: SIEM solutions correlate log data from various sources to identify potential security incidents in real-time.

NEW QUESTION # 38

After imaging a disk as part of an investigation, a forensics analyst wants to hash the image using a tool that supports piecewise hashing. Which of the following tools should the analyst use?

- A. md5sum
- B. hashdeep
- C. sha256sum
- D. md5deep

Answer: A

NEW QUESTION # 39

.....

The users of CFR-410 exam dumps cover a wide range of fields, including professionals, students, and students of less advanced culture. This is because the language format of our study materials is easy to understand. No matter what information you choose to study, you don't have to worry about being a beginner and not reading data.
