

Exam CWAP-405 Assessment - CWAP-405 Pass Test

To pass the CWNP CWAP-405 exam on the first try, candidates need Certified Wireless Analysis Professional updated practice material. Preparing with real CWAP-405 exam questions is one of the finest strategies for cracking the exam in one go. Students who study with CWNP CWAP-405 Real Questions are more prepared for the exam, increasing their chances of succeeding.

Actual4Labs provides actual to help candidates pass on the first try, ultimately saving them time and resources. These questions are of the highest quality, ensuring success for those who use them. To achieve success, it's crucial to have access to quality CWNP CWAP-405 Exam Dumps and to prepare for the likely questions that will appear on the exam. Actual4Labs helps candidates overcome any difficulties they may face in exam preparation, with a 24/7 support team ready to assist with any issues that may arise.

CWAP-405 Pass Test | Interactive CWAP-405 Questions

There is no exaggeration that you can be confident about your coming exam just after studying with our CWAP-405 preparation materials for 20 to 30 hours. Tens of thousands of our customers have benefited from our exam materials and passed their CWAP-405 exams with ease. The data showed that our high pass rate is unbelievably 98% to 100%. Without doubt, your success is 100% guaranteed with our CWAP-405 training guide. You will be quite surprised by the convenience to have an overview just by clicking into the link, and you can experience all kinds of CWAP-405 versions.

CWNP Certified Wireless Analysis Professional Sample Questions (Q28-Q33):

NEW QUESTION # 28

An RTS frame should be acknowledged by which frame?

- A. CTS
- B. Block Ack
- C. RTS-Ack
- D. Ack

Answer: A

Explanation:

An RTS (Request to Send) frame should be acknowledged by a CTS (Clear to Send) frame. An RTS and CTS frame are types of control frames that are used to implement a virtual carrier sense mechanism called RTS

/CTS. RTS/CTS is a technique that helps to avoid collisions and hidden node problems in wireless transmissions. When a STA (station) wants to send a data frame, it first sends an RTS frame to the intended receiver, indicating the duration of the transmission. The receiver then responds with a CTS frame, also indicating the duration of the transmission. The other STAs in the vicinity hear either the RTS or the CTS frame and update their NAV (Network Allocation Vector) timers accordingly, deferring their access to the medium until the transmission is over. The sender then sends the data frame, followed by an ACK (Acknowledgement) frame from the receiver. The other options are not correct, as they are not used to acknowledge an RTS frame. An ACK frame is used to acknowledge a data frame, not an RTS frame. An RTS- Ack frame does not exist, as there is no such type of control frame in

802.11. A Block Ack (BA) frame is used to acknowledge multiple data frames in a single frame, not an RTS frame. References: [Wireless Analysis Professional Study Guide CWAP-405], Chapter 6: 802.11 Frame Exchanges, page 166-167

NEW QUESTION # 29

You have received reports of performance problems in a BSS. One specific user is indicating that her downloads are taking a very long time compared to other users around her. You want to determine if the AP is sending frames multiple times to get through to the user's computer.

Where should you monitor with the protocol analyzer to see retries from the AP in this scenario?

- A. Very near the client STA
- B. Capture from another AP in another BSS
- C. Very near the AP
- D. Directly in the middle of the AP and client STA

Answer: C

NEW QUESTION # 30

You have implemented an AP at a remote office. It is a single-band AP supporting 802.11ac. Several users complain that their laptops cannot connect to the WLAN. These laptops are from multiple vendors and range in age from 2 to 4 years. The SSID and security profile settings are correct. All default settings were used on the AP with the exception of the SSID and security settings. What is the most likely issue preventing these STAs from connecting to the AP?

- A. They are 2.4 GHz-only devices
- B. They do not support the basic data rates
- C. They are 5 GHz-only devices
- D. They do not support VHT and only support OFDM

Answer: C

NEW QUESTION # 31

ABC Company requires the ability to identify and quickly locate rogue devices. ABC has chosen an overlay WIPS solution with Wi-Fi sensors that use dipole antennas to perform this task. No other sensors are included. Use your knowledge of location tracking techniques to answer the question.

Which one of the following location methods is not available in the described system?

- A. Time Difference of Arrival (TDoA)
- B. GPS Positioning
- C. Trilateration of RSSI measurements
- D. RF Fingerprinting

Answer: D

NEW QUESTION # 32

VoIP is used heavily in your organization. You must troubleshoot problems with dropped calls on the WLAN.

What is a common cause of dropped calls when using Wi-Fi VoIP phones?

- A. Use of WMM
- B. Data rates below 75 Mbps
- C. Slow roaming
- D. Data rates below 54 Mbps

Answer: C

NEW QUESTION # 33

.....

The CWAP-405 certification is the best proof of your ability. However, it's not easy for those work officers who has less free time to prepare such an CWAP-405 exam, and people always feel fear of the unknown thing and cannot handle themselves with a sudden change. However, our CWAP-405 Exam Questions can stand by your side. And we are determined to devote ourselves to serving you with the superior CWAP-405 study materials. You can have a try on the free demo of our CWAP-405 exam questions, you can understand in detail and make a choice.

CWAP-405 Pass Test: <https://www.actual4labs.com/CWNP/CWAP-405-actual-exam-dumps.html>

You just need take the spare time to study CWAP-405 PDF file, then the knowledge you get from the CWAP-405 practice dumps are enough for passing the actual test, Our CWAP-405 practice guide is cited for the outstanding service, All your worries can be wiped out because our CWNP CWAP-405 learning quiz is designed for you, Both the formats hold the AZ-300 actual exam questions, which potentially be asked in the actual CWAP-405 exam.

Differentiating Functional, Matrix, and Projectized CWAP-405 Organizational Structures, Router-Mode Content Switching, You just need take the spare time to study CWAP-405 PDF file, then the knowledge you get from the CWAP-405 practice dumps are enough for passing the actual test.

CWNP - CWAP-405 Perfect Exam Assessment

Our CWAP-405 practice guide is cited for the outstanding service, All your worries can be wiped out because our CWNP CWAP-405 learning quiz is designed for you.

Both the formats hold the AZ-300 actual exam questions, which potentially be asked in the actual CWAP-405 exam, Our CWAP-405 study materials are devoted to research on which methods are used to enable users to pass the test faster.
