NEW QUESTION # 362

To meet the minimum requirements for applying the progress theme, what must be considered?

- A. Who is responsible for reporting on progress
- **B. How time-driven reports will be produced**
- C. Which management products will be baselined
- D. How lessons will be learned

Answer: B

Explanation:

To meet the minimum requirements for applying the Progress theme in PRINCE2, it must be considered how time-driven reports will be produced. This involves defining the frequency and format of progress reports to ensure that project performance and progress against plans can be effectively monitored and controlled throughout the project. NEW QUESTION # 363

Which statement is CORRECT about the customer and suppliers of a project in a commercial environment?

- A. Each party may have their own business case for undertaking the project
- B. Both parties must apply the same external governance to the project
- C. The risk appetite should be collaboratively set before the project starts
- D. Management systems need to be unified for successful project delivery

Answer: A

Explanation:

In a commercial environment, it is common for each party involved in a project—namely the customer and suppliers—to have their own business case. This reflects their individual motives, expected benefits, and investment rationale for undertaking the project. Each party's business case addresses their specific strategic, commercial, and operational needs. References: = PRINCE2 7 Foundation handbook and online resources
