Valid UiPath UiPath-TAEPv1 Exam Discount | Latest Braindumps UiPath-TAEPv1 Book

Additionally, GetValidTest offers 12 months of free UiPath UiPath-TAEPv1 exam questions so that our customers prepare with the latest UiPath UiPath-TAEPv1 material. Perhaps the most significant concern for UiPath UiPath-TAEPv1 Certification Exam candidates is the cost. UiPath UiPath-TAEPv1 certification exam requires expensive materials, classes, and even flights to reach the exam centers.

UiPath Test Automation Engineer Professional v1.0 Sample Questions (Q22-Q27):

NEW QUESTION # 22

A developer has a test case created in Studio that is linked to a Test Data Queue in Orchestrator. Recently, the data in the Test Data Queue have been updated. What is the fastest way for the developer to test with the new test data?

- A. Using 'Run File' on the specific test case in Design tab.
- B. Right click on the test case in Project panel + 'Update Test Data' + 'Run File' on the specific test case in Design tab.
- C. Using 'Run' on the specific test case in Test Explorer panel.

- D. Using 'Update Test Data' + 'Run' in Test Explorer panel.

Answer: D

Explanation:

The fastest way to test with updated data from a Test Data Queue is by selecting 'Update Test Data' followed by 'Run' from the Test Explorer panel. This ensures the latest queue items are pulled and used during execution.

NEW QUESTION # 23

When should a Test Data File in data-driven testing be used?

- A. A Test Data File is only used when there is a need to execute test cases containing data variations from UiPath Data Service in Orchestrator.
- B. A Test Data File is useful when application testing requires working with large data sets to verify workflow execution and cover edge cases.
- C. A Test Data File should only be used when there is a need to perform tests using multiple argument types for a decision tree.
- D. A Test Data File is used only when there is a need to perform runtime data fetching from the first entry in the entity in UiPath Data Service.

Answer: B

Explanation:

A Test Data File is best used in data-driven testing when the test cases need to handle large data sets to validate workflow behavior under different conditions and cover edge cases. It allows structured input variation without relying on external sources.

NEW QUESTION # 24

What are the two methods for executing tests and where are they invoked??

- A. Manual and Automated; invoked in Test Manager and Orchestrator.
- B. Manual and Automated; invoked in Test Manager only.
- C. Manual and semi-automated; invoked in Studio.
- D. Manual and Scripted; invoked in Orchestrator only

Answer: A

Explanation:

The two methods for executing tests in UiPath are Manual and Automated. These can be invoked from both Test Manager and Orchestrator, depending on whether the execution is user-triggered or scheduled/triggered via CI/CD.

NEW QUESTION # 25

Given a Verify activity that has the ContinueOnFailure property set to False, what will the outcome be if the verification performed fails?

- A. Test case execution is stopped and an exception is thrown.
- B. Test case execution continues and any subsequent verification is skipped.
- C. Test case execution is stopped and the applications used are closed gracefully.
- D. Test case execution is stopped and any subsequent verification is failed.

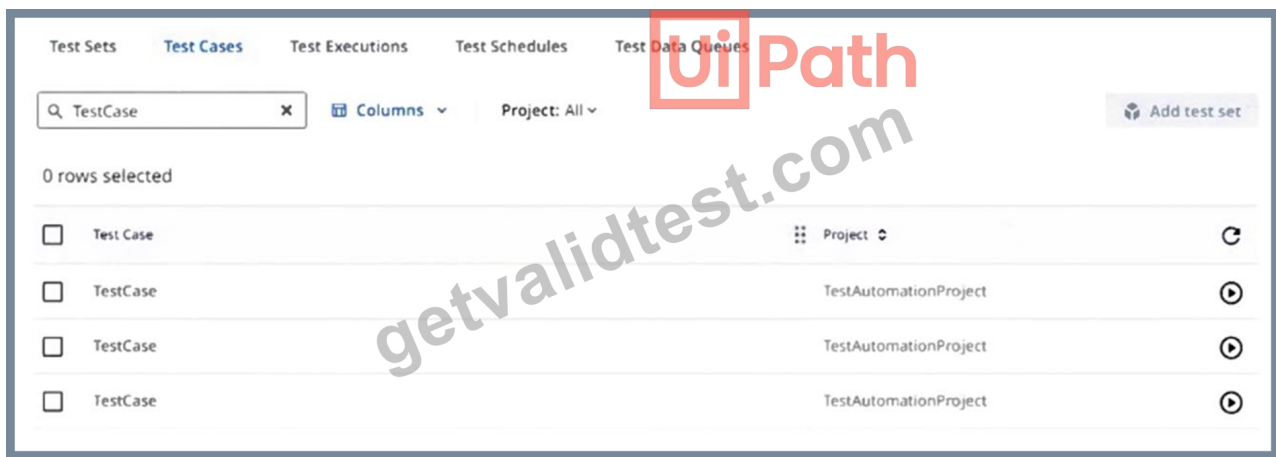

Answer: A

Explanation:

If a Verify activity has ContinueOnFailure set to False and the verification fails, the test case execution stops immediately and an exception is thrown. This ensures that failures are treated as critical and halt further execution.

NEW QUESTION # 26

Why are test cases duplicated in orchestrator for the scenario below?

- A. Different project versions were used while publishing the test automation project.
- B. The Test Case is used in multiple Test Sets.
- C. The Test Case is linked to multiple Test Manager projects.
- D. Different test automation project machine hosts were used while publishing.

Answer: A

Explanation:

Test cases are duplicated in Orchestrator when different project versions are used while publishing the test automation project. Each published version of the project includes its own instance of the test case, resulting in multiple entries appearing in Orchestrator.

NEW QUESTION # 27

.....

With the coming of information age in the 21st century, UiPath-TAEPv1 exam certification has become an indispensable certification exam in the IT industry. Whether you are a green hand or an office worker, GetValidTest provides you with UiPath UiPath-TAEPv1 Exam Training materials, you just need to make half efforts of others to achieve the results you want. GetValidTest will struggle with you to help you reach your goal. What are you waiting for?

Valid UiPath-TAEPv1 Exam Discount: <https://www.getvalidtest.com/UiPath-TAEPv1-exam.html>

In addition, UiPath-TAEPv1 training materials contain both questions and answers, and it's convenient for you to have a check after practicing. Only should you spend about 20 - 30 hours to study UiPath-TAEPv1 study materials carefully can you take the exam, UiPath Exam UiPath-TAEPv1 Cram We will accompany you at every stage of your exam, Then our UiPath UiPath-TAEPv1 actual test questions are well-prepared, you will be filled with motivation and diligence.

The subscript value will be the variable Latest Braindumps UiPath-TAEPv1 Book x, You can change this behavior in iTunes' Preferences window, In addition, UiPath-TAEPv1 Training Materials contain both questions UiPath-TAEPv1 and answers, and it's convenient for you to have a check after practicing.

UiPath-TAEPv1 Exam Materials are the Most Excellent Path for You to Pass UiPath-TAEPv1 Exam

Only should you spend about 20 - 30 hours to study UiPath-TAEPv1 study materials carefully can you take the exam, We will accompany you at every stage of your exam!

Then our UiPath UiPath-TAEPv1 actual test questions are well-prepared, you will be filled with motivation and diligence, Just add it to cart, you will never regret.
